

Board of Education Requisition Slightly Increased Over Last Year

Resignation of John Munro, Agriculture Teacher, Is Accepted — Re-engage Others

Due to increased salaries and rising costs of supplies the Board of Education's requisition to the Municipal Council will be slightly increased over last year, following the report of chairman R. A. Patterson of the Finance Committee at Monday night's meeting of the Board. The Public School levy will be \$6500, an increase of \$2,000, but the High School levy will be lowered to \$500, a decrease of \$1,000. In addition, according to recent legislation, the Board of Education will return the operating surplus of 1947 to the Council, said amount to be applied against the carrying charges of school debentures. This will bring the actual levy to a level slightly above last year.

Principal Wells

Principal C. A. Wells, of the Public School, asked that the property committee make a survey of the school desks, some of which were in bad shape and in need of replacing. The attendance in May, according to Mr. Wells, was 168, the second best during the year. He also reported that the decorative shrubs for Public School Grounds had arrived and were very satisfactory. The school garden had been planted. He also spoke of the need of washing the walls in some of the classrooms and stated the exams would be held the last week in June.

The matter of the desks and washing the walls were referred to the property committee for whatever action was required.

Principal Good

Requisition for History books to the value of \$10, music books, \$5.00, and tape, \$2.00 for Mr. Garrison was made by Principal Good. He reported Under School exams would open on June 11th with the recommendations announced June 9th. Any pupil with an average of 66% would not be required to write.

The matter of securing the services of a woman to prepare the hot lunches for the pupils at the High School from approximately October 15th to Easter was introduced by Mr. Good. Under present arrangements the Home Economics teacher is required to lose some time from a class room each day to supervise this work. Chairman Hatton stated the Board would give the matter due consideration. Mr. Good also spoke of the possibility of new desks being needed in the High School.

The matter of inspecting the Agricultural Projects being carried out by the School Department of Agriculture was discussed and on motion of Messrs. Tompkins and Macklin, Mr. J. Munro was authorized to make the inspection of the projects and leave a report with Principal J. L. Good.

Mr. J. B. Belslaw reported some needed repairs on the eave-troughing at the Public School and the work of drilling holes in the High School wall to facilitate putting in fuel completed. Reporting for the purchasing committee, Mr. Macklin gave a list of supplies on order.

H. R. Tompkins, chairman of the teachers' committee, presented the resignation of J. Munro from the High School Staff and it was accepted on motion of the Board. He reported that all other members of both Public and High School staffs had been re-engaged, and letters of acceptance received by the Secretary.

Chairman R. A. Patterson of the Finance Committee presented the following accounts for payment:

REV. A. L. SISCO, B.A., B.D.

Anniversary Preacher

Rev. A. L. Sisco, B.A., B.D., of Tweed, who will be the special speaker at Wellmans Church Anniversary on Sunday, June 20th. Service will be held at 11.00 a.m. and 8.00 p.m.

Engagement

Mr. and Mrs. L. E. Reilly, of Frankford, wish to announce the engagement of their daughter, Iva June, to Donald Charles Irish, son of Mr. and Mrs. Joe Irish, of Stirling, marriage to take place at the Free Gospel Tabernacle at Frankford, June 19th, 1948, at 2 p.m.

Presented With Picture

On Wednesday, May 26th, the Superintendent and teachers of St. Paul's Sunday School called on Miss Keitha Bush and presented her with a beautiful picture on behalf of St. Paul's Sunday School, in appreciation of her services during the past number of years. Miss Bush very graciously expressed her sincere thanks to the Sunday School officials for their gift.

Increase In Library Grant

The Legislative grant, amounting to \$292.40, was received by the Stirling Public Library this week. This amount is an increase of \$215.00 over last year, and according to Mr. A. H. Collings, treasurer, is the result of the local levy being increased from one mill to one and a half mill by last year's council.

Mrs. C. Rollins Entertains L.A.

The Ladies' Aid of St. Andrew's Presbyterian Church met at the home of Mrs. C. Rollins on Thursday last, for the regular monthly meeting. In the absence of the President, Mrs. Hammond, Mrs. L. Rodgers presided. Following the singing of hymn 740, Scripture Lessons Luke 10: 28-42 was read by Mrs. C. Fitchett and St. John 15: 8-17 by Mrs. W. H. V. Walker. Explanations of these passages were given by Mrs. Rodgers, followed with a prayer. Mrs. N. Ray read the minutes of the last meeting. Business discussion followed and Miss G. Spry read the Treasurer's report. The Roll Call was answered by a Mother's Day verse. Miss Gena Spry delighted all with a reading "Laughter." Mrs. Herderson read an article entitled "Windows to Glory," which described the making of stained glass windows by the McCauslands, in Toronto, and will appear in next week's issue of the News-Argus. Mrs. Roy Eggleston, accompanied by Mrs. C. Tummon, sang "By The Bend of The River." Hymn 521 was sung and the Mizpah Benediction repeated by all.

While lunch was prepared Mrs. H. Tulloch conducted a contest. Thanks were expressed by all to Mrs. Rollins. Mrs. C. Tummon, Mrs. W. Rodgers and Mrs. H. Tulloch for a lovely lunch and a good programme.

The matter of affiliating with the Associated High School Boards of Ontario was discussed and on motion it was decided to join the organization and the Secretary-Treasurer instructed to forward the membership fees.

LOCAL C.N.R. AGENT RETIRES

With over forty years continuous service to his credit, Mr. E. W. Ormiston, local C.N.R. Agent retired on pension on Tuesday, June 1st. He began his railway career with the Thousand Islands Railway in Gananoque, later being employed by the Grand Trunk and the Canadian National Railways. During his lengthy period of service, he has been stationed in many places, including Belleville, Brockville, Malorytown, Port Hope, Oshawa, Trenton and Stirling where he has been agent for the past twenty years.

During his stay in Stirling Mr. Ormiston has been a member of St. Andrew's Presbyterian Church and active in Masonic circles, being a Past Master of Stirling Lodge No. 69, A.F. & A.M., and a Past Principal of Keystone Chapter, No. 72, R.A.M. He plans to dispose of his household effects later this month and will make his future home in Toronto.

Mr. J. Wagar, who starred with Stirling Juvenile Hockey Team a few years ago, is relieving at the local station until a permanent appointment is made.

Presentation To Midgets

The players of Stirling Midget "C" Hockey Team, runners-up in the Provincial Championship, were guests at a banquet in their honour at Sager's Restaurant last night. Following the banquet each member of the team was presented with a leather windbreaker.

Three Candidates Heard At West Hastings Nominations Here

Elmer Sanderecock, Progressive Conservative; C. Ridley CCF and B. Hughes, Liberal

Three candidates have entered the Provincial election campaign in the Hastings West riding — Elmer Sanderecock, Belleville, Progressive Conservative; Bernard Hughes, of Marmora, Liberal, and Claire Ridley, Belleville, CCF.

At the nomination meeting held in Stirling Theatre Monday afternoon only a small crowd was on hand to hear the candidates speak. Each candidate was given fifteen minutes, with three minutes rebuttal, while supporting speakers were given five minutes.

Bernard Hughes, Liberal, was the first speaker and launched into strong criticism of the Drew administration for calling an election for purely political motives. He criticised Geo. Drew for speaking for all departments of the Government. "Geo. Drew is a practising dictator in his own right in Ontario," stated the speaker, adding that other countries had seen enough of dictatorship and we don't want it here.

Turning to hydro matters, Mr. Hughes stated the Liberals favoured the hydro "changeover," but there was a lot of political trickery about it. Why should we in this section of the Province pay for a changeover in Toronto and Western Ontario.

Ontario needs a sound, sane government, and in Farquhar Oliver it has a sound, sane man. He is not a loud-mouthed politician but another Mackenzie King in the making — and that is saying something.

He outlined the Liberal platform and appealed for the support of the electors.

CCF Candidate

Claire Ridley, CCF candidate outlined his party's first-term program, which was an expression of a democratic movement adopted last October and not just before an election. The program included old age pensions, forestry conservation, welfare, security, housing, labor legislation. This was connected with a definite principle that the government in power "be the workshop for the people to produce and provide everything they need."

The CCF if placed in power will build in its first-year program, 20,000 low rent houses, exercise rental control, and introduce a health plan to give the average person more security in his own home and lessen his worries of hospital bills. Free medicine, dental, hospital, and optical care to those drawing old age pensions, line pensions, and others allowances, etc. were also included.

"The Saskatchewan hospital plan," he said, "contained no time limits, provided \$5 per person with a maximum of \$30 and was good for 60 days hospitalization outside the province and in the U.S.A."

He declared that one of the main reasons why young people are leaving the farms for the city is the lack of electrification in 160,000 rural homes. The CCF plans to give people who have not got it, the benefits of hydro power. Cost of automobile insurance will be greatly decreased such as Saskatchewan where it costs but \$6 instead of \$45 as in Ontario.

The CCF has a positive program of

"MATTHEWS" RELIEF FUND ORGANIZED

Reeve W. J. Morrison and Councilors of Rawdon Township are sponsoring a drive for financial assistance for Robert Matthews of the 7th Concession of Rawdon who suffered the loss of his large farm barn and hen house, as well as a part of his orchard in a violent windstorm recently. An appeal is being made to all public spirited citizens and organizations to come to the assistance of a fellow neighbour and citizen.

Subscriptions may be left with or mailed to Ewart S. Bailey, Township Treasurer, Stirling. Official receipts will be issued for all donations of five dollars or over. Cheques to be made payable to the Rawdon "Matthews" Relief Fund.

The following donations are acknowledged:

Rawdon Township	\$100.00
Reeve W. J. Morrison	5.00
Deputy Reeve W. Spencer	5.00
Councillor Ed. Bateman	5.00
Councillor Gordon Bailey	5.00
Councillor Verney Heath	5.00
Ewart Bailey	5.00
Thos. Prest	5.00
Stirling News-Argus	5.00

Underwent Operation

Miss Beverley Prince, daughter of Mrs. Geo. Prince, of Stirling, underwent an appendectomy in Belleville Hospital on Monday. Her many friends will be pleased to know that she is making satisfactory progress towards recovery.

Men Teachers of District Convened Here Friday Last

The annual business meeting of the Ontario Public School Men Teachers' Federation District No. 4, comprising seven Inspectors bordering on Hastings County, took place at Stirling Public School on Friday, May 28th. A banquet was served in St. Paul's Sunday School Hall at 7 p.m. by the W.A. to forty-eight teachers.

President, Ken Bird, Belleville, presided, and called on Reeve H. J. Wells, who welcomed the visiting teachers on behalf of the Village. A group of Public School girls sang two numbers in two parts, "Gliding Through The Meadow" and "Soft and Lovely Evening" during the course of the banquet, and were loudly complimented by the teachers. Mr. Earl Prentice moved a vote of thanks to the ladies for the lovely dinner, and Mrs. W. T. Elliott responded on behalf of the W.A.

The guest speaker was Mr. Wynn Davies, of St. Catharines, President of the O.P.M.T.F., who gave a most instructive address on "Superannuation as it affects men teachers." The election of officers for the local group resulted as follows:

President — G. A. Wells, Stirling.
Vice-Pres. — Roger Frys, Brighton.
Secretary — Geo. Wallace, Belleville.

action for the majority of the people.

Elmer Sanderecock

After reminding his listeners that he was really at home in Stirling since he was a member of the Village Council when the Community Hall was erected, Mr. Sanderecock stated he was in a somewhat different position than the other candidates. "They have promises — I have action." "No other government in the history of Ontario has done so much for the province, and brought on such an era of prosperity. It has done a lot for everything, agriculture, health, welfare, education, hydro in fact everything has been taken care of. You don't have to go out of this riding to see what the Drew Government has done, hospitals at Bancroft and Trenton and a new high school in the north. The government has not allowed one department to lag in its efforts for the common good."

Declaring the amusement tax fair because it was earmarked for the health department and every cent of it will be devoted to this measure, he said, "It is one of the fairest taxes we have."

"After serving the County of Hastings for nineteen years it has given me an opportunity to learn the needs and problems of Hastings County, and I assure you that if I'm elected on June 7th I will do everything in my power to serve every citizen of West Hastings. No government has ever done more for the province of Ontario than the Drew Government has in the past few years."

Mr. Hughes spoke briefly in rebuttal and Mr. Ridley added to the list of proposals under the CCF first term program.

Douglas Bews spoke in support of Mr. Ridley and Fred Wilson, ex-M.L.A., supported Mr. Sanderecock.

Bylaw Controlling Building In Village Passed By Council

Memorial And Dedication Service

Stirling Branch of the Canadian Legion are making preparations for a Memorial and Dedication Service to be held on Sunday afternoon, June 14th at 2.30 o'clock, at which the newly inscribed names on the Cenotaph are to be unveiled. Following are the names of those who gave their lives in the World War II:

Coolidge Ashley, Stanley Dainard, Ivan Martin, Aubrey Rodgers, Donald Stapley, Ralph Stapley, Alvin Stoneburg, Jack Wood, Irvine Woodbeck, Maurice Woodbeck.

Bylaw Controlling Building In Village Passed By Council

Wm. Chambers, who sold his farm on the outskirts of this village last Fall, has purchased a farm about six miles west of Campbellford on the Hastings road. He has been moving his farm equipment this week.

To Receive B.A. Degree

Congratulations are extended Robert H. Elliott, who has passed his final examinations, with honours in the Arts Course at Toronto University. The annual Convocation will take place on Friday, when Robert will receive his Bachelor of Arts Degree. Mr. and Mrs. Harold Elliott plan to attend the ceremony.

Chosen As Commissioner

At the recent Conference of the United Church Mr. Harold C. Martin was elected as a Commissioner to attend the General Council of the Church, which will be held at Vancouver in September of this year. We understand that Mr. Martin was a popular choice having received the highest number of ballots amongst the sixteen other nominees.

FOXBORO WON OPENER BY 4-3

The lid was pried off the Centre Hastings Softball League on Monday evening at the Community Recreation diamond when Foxboro and Bonarlaw hooked up in a nip-and-tuck affair that ended with Foxboro enjoying a 4 to 3 lead. Ken Bain, on the mound for the losers, pitched a splendid game, with eight strikeouts to his credit, and it was not until the last inning that an error behind him was responsible for his defeat. "Tip" Tummon also was in excellent form for the winners and was particularly strong in the pinches. It was a pitcher's battle all the way and a good crowd thoroughly enjoyed it.

Bonarlaw took the lead in the first inning when Junior Wilson poled a long triple and scored on an over throw at third base. They added another in the third and one in the fourth. Foxboro scored two in the first on Churchill's homer with P. Priest on the paths ahead of him, added one in the fourth and one in the seventh.

Line-ups
FOXBORO — P. Priest, 2b; G. Priest, ss; Churchill, c; Tummon, p; Stewart, 3b; Sine, 1b; Scott, cf; Arthur, rf; Tummon, lf.

BONARLAW — McInroy, c; R. Hallett, ss; J. Wilson, 1b; Anderson, if; H. Barlow, 2b; M. Heath, cf; D. Andrews, 3b; Hedley Barlow, rf; K. Bain, p.

Past Grand's Club

The Past Noble Grand's Club held their regular monthly meeting on Thursday evening, May 27th, at the home of Mrs. G. Bradshaw, with the President, Mrs. P. Utman presiding.

Roll Call showed 14 members and one visitor present. Plans were discussed for a district meeting to be held in June. After the business part of the meeting was over, Mrs. E. G. Bailey presented an interesting programme which consisted of a piano solo by Mrs. B. Williams; readings by Mrs. S. J. Elliott and Mrs. E. G. Bailey; Tongue twisters by Misses Evelyn Bailey and Florence Maynes; An Impromptu quartette by Mesdames Elliott, Utman, Warren and Morrow was greatly enjoyed. Community singing and the National Anthem closed the meeting after which the hostess served a delightful lunch.

Mrs. R. B. Duffin expressed the appreciation of the Club members to Mrs. Bradshaw for her hospitality.

House of Refuge Management Meets Council — Sites For Co. Home Favourable

A bylaw controlling the erection, alteration or moving of any building or part of any building or erection of a structure where the costs are more than twenty-five dollars was given its several readings and passed at the regular meeting of Village Council on Monday night.

Under the provisions of the bylaw any one who proposes erecting or altering a building must first submit plans of the proposed structure and procure a permit from the Village Clerk before commencing the work.

All the members of council were present and Reeve Harold Wells presided. Chairman Fred Campbell, Wilfred Spencer and Warden George West, of the County House of Refuge management committee met Council and F. Bateman, president of the Stirling Business Men's Association and a lengthy discussion ensued as to the location of the proposed new County Home in the vicinity of Stirling. Options on proposed sites were discussed and members of the Committee expressed themselves as satisfied with the sites offered.

The use of the Community Hall for the Hastings County Junior Farmers Livestock Judging Competition on June 12th was requested by A. O. Dalrymple, Agricultural Representative, and was granted.

It was decided to put 100 yards of fill on the village lot recently purchased from the Brooks Brothers and level it off.

Reeve Wells stated that Mr. D. R. Patterson, representing the Stirling Branch of the Canadian Legion, had requested the closing of Mill Street at some future date for a special Dedication Service at the War Memorial. Council agreed to make the necessary arrangements.

Sam Bowen was appointed as caretaker of the Village Park on the corner of Edward and Gore Streets from May 15th to September 15th.

The following accounts were presented for payment:

E. G. Bailey, freight	\$ 8.80
W. Cairns	110.00
M. Phillips, streets	10.00

Bowlers Won At Campbellford

Three rinks of Stirling bowlers attended the annual Men's Doubles Tournament held on the greens of the Campbellford Club yesterday afternoon and report an excellent afternoon's bowling. Those in attendance from here were Messrs. X. P. Mayhew and Earl Fox; Bob Patterson and Fred Mallory; and Ashley Brooks and Walter T. Elliott.

Messrs. Mayhew and Fox won all three games and second prize, a blank-etc game.

DISCUSS COVERED RINK

Citizens of Brighton are discussing the possibilities of raising sufficient money to build a covered rink in that village. Various organizations will be approached for donations.

- Coming Events -

REV. C. D. McLELLAN, OF NAPANE, President of the Bay of Quinte Conference, will be the guest speaker at a Thankoffering Service, to be held in Salem United Church, on Sunday morning, June 6th, at 11.00 a.m. You are invited to attend this service.

Women's Association, Ladies Aid of Hastings P. E. District Hold Convention In Picton

The Sixteenth Annual Convention of the Women's Association and Ladies' Aid Societies of Hastings and Prince Edward was held in Picton United Church on Thursday. This was the first time the convention has been held in Picton, and there was a record attendance; three hundred and fifty had dinner at the church and during the afternoon four hundred attended the session. The president, Mrs. H. Elliott, of Bethel, greeted the delegates.

The morning session was opened with singing of two hymns and the theme song, Cherry Valley W.A. had charge of the Devotional period. Mrs. A. Beckwith sang "Sweet Hour of Prayer." Mrs. Flake offered prayer and read the parable of "The Ten Virgins." Mrs. W. C. Haggerty explained the parables, saying that the five wise virgins were prepared when the hour of opportunity came. So we must be ready to do our part.

Mrs. H. Murphy gave the treasurer's report which showed a balance on hand of \$98.53.

Mrs. Brown, of Picton W.A. gave the address of welcome. She said this

was the first time the convention had met in this church and traced the history of the church in Prince Edward. The first Methodist church was built here 155 years ago and the present church was built in 1898. In 1809 the White Chapel was built and it is still in excellent repair. Once a year, service is held in this old church.

Mrs. W. Elliott, of Stirling, thanked Picton for the hearty welcome.

Greetings Brought

Greetings of Belleville Presbytery W.M.S. were brought by Mrs. W. Haggerty, of Cherry Valley. She said in most cases the same women are members of both W.M.S. and W.A. There should be close co-operation between the two societies and a study of Missions should be incorporated into the W.A. programme. She quoted the Shepherd's Psalm as it is written in the Indian language.

In her address, Mrs. H. Elliott gave report of the Dominion Council held in Windermere Church, Toronto, on May 11th and 12th.

Mrs. G. E. Dobbs gave the Secretary's report, which was followed by the reports of the different W.A.

societies, of which there are about fifty.

Mrs. T. Scales, of Bethel W.A. sang "Bless This House," accompanied by Mrs. W. Heath at the piano.

The subject of temperance was dealt with by Mrs. E. Phillips, Wellington. She brought some highlights of the world's W.C.T.U. convention which she attended at Asbury Park, N.J., and at which twenty-six countries were represented. She spoke of the temptation put before our soldiers and service personnel during the war and how many learned to drink then, for the first time. Today cocktails are being served as never before. Social drinking is not conducive to Christian living. Mohammedans do not drink, and when they see a drunken person they say "There goes a Christian." If all women had used their franchise, present day conditions would not be as they are. Be safe — abstain. To him that knoweth and doeth not — to him it is sin.

Address Given

Mrs. Elliott introduced the guest speaker, Mrs. W. F. Inglehart, President of the Dominion W.A. Council. She said we should be enthusiastic about our work — each one of us being a potential leader. We should have quiet moments to give us time to use our faith — build up our own

faith — radiate it to others. Reach out to all the women in our community. Our meetings should be devotional, informative and inspirational and should be carefully planned. The devotional leaflet, published by the W. A. Council, was prepared by seven women, who prayed about it. There is strength, too, in numbers — 162,000 women in Canada are members of W. A. groups and last year raised \$2,382,662. "Women at work symbolize the irresistible force meeting the immovable object and showing it out of the way." Aim toward perfection. It has to be a sound maple tree, not one with a rotten heart, if you want to have good syrup. Mrs. Inglehart urged that we respect and teach our young people to reverence the church. God's house should be just a little better than any other house. She told of carrying a lantern on a dark night, the light from the clean lantern bringing light ahead to a place that a few seconds before was dark. Let us see that our lanterns are clean and bright. She urged that we co-operate with our young people and help make the church the centre of things.

Thanks Expressed

Mrs. Brown expressed the thanks of the gathering to Mrs. Inglehart. The morning session was closed with a hymn. Dinner was served in the church basement, when the Picton W. A. served a very delicious meal.

Mrs. E. Ward led in singing of hymns to open the afternoon session. Devotional service was conducted by Front Road W.A. Hymn "Love Divine" was sung. Mrs. Reid offered prayer and read the scripture lesson. Mrs. F. Parrott and Mrs. C. Reid sang a duet "Living for Jesus." Mrs. H. Greatrix said Jesus taught that God is just, God is wise, God is love. If ye, being evil love your children how much more shall your Heavenly Father keep in His care those that He loves?

Some of the society reports not given at the morning session were heard. The total raised by societies in Hastings and Prince Edward was \$25,073.97.

The offering was received and dedicated by the President, Mrs. Elliott. Mrs. M. Davidson sang "Gloria" accompanied by Mrs. L. Grills. Miss Audra Brickman very ably conducted the Round Table Conference, during which several questions came up for discussion.

Mrs. J. M. Wood, introducing the afternoon speaker, Mrs. H. R. Harback, stressed the mutual bond of friendship and fellowship among Christian women.

Old Things Pass Away

Mrs. Harback took as her subject "And I saw a new church" old things have passed away and all things become new. We are living in an age of great crisis. We had hoped that fear might be lifted, but when the bomb was dropped on Hiroshima there was no thrill in victory. Those that rise by the sword shall perish by the sword; they that conquer by the bomb shall perish by the bomb. She said she had listened to reports given during the day and the stress is money, not spiritual uplift. If spiritual power is lacking, it profiteth nothing. Our country is our heritage a gift from our forefathers who came here to live under the British flag. Their page of history was one of triumph written with faith in God and in coming generations, written in blood, sweat, and tears. One day our turn came to write a page in church history. What kind of page are we writing? Will our children eulogize and be proud of what we have done?

Our annual reports show increases in so many ways. Our church has made a grand march forward. Are we in that march? Thousands of people are not in that march. If our church does not have the high regard of everyone in the community it has missed the mark.

Work Against Church

There are countless almost empty churches. How can we know the will of the Creator if we never take time to read or pray. There are forces within our own gates that are working against the church. Many of the W. A. members are not regular in church attendance. Membership in a W.A. seems to be their Christian passport. Too often our devotional period is too short and too hurried.

"Not what I can, but all that I have." It is our duty to visit the sick and the lonely, but be a good visitor. There are saboteurs among those who go out ostensibly to do good, but who really do harm. The least important thing is the raising of money. If raising money interferes with your fellowship with God, don't raise it. In the new church men and women will honor Christ. We will build on till there shall be no pain or necessity. "Whoever shall lose his life, for Christ's sake, shall save it to all eternity."

Mrs. Horsey expressed to Mrs. Harback the sincere thanks of the convention for a very inspirational and interesting address.

Mrs. Fred Wilson in presenting the courtesy committee report said "we had been favored with a beautiful day and splendid addresses." She also thanked those responsible for installing the loud speaker equipment which had helped so much.

Mrs. J. A. Lott, district organizer then called the names of the new officers and conducted the installation service. Mrs. Harback pronounced the benediction, which brought to a close a very inspiring and helpful convention. An invitation was received to meet next year in Trenton.

The retiring president, Mrs. H. Elliott was very agreeably surprised when at the close of the convention, she was presented with a gift from the executive, as a remembrance of the terms of office as president of the Women's Association. In reply, Mrs. Elliott expressed her pleasure at receiving the gift and thanked the members for their co-operation during her term of office.

Officers for 1948 are as follows:

District Organizer — Mrs. J. A. Lott, R.R. 2, Frankford.

Hon. President — Mrs. H. Elliott, R.

R. 1, Stirling.
President — Mrs. J. M. Wood, Belleville.
1st Vice-President — Mrs. G. E. Dobbs, Belleville.
2nd Vice-President — Mrs. J. L. Good, Stirling.
Secretary — Mrs. M. Davidson, R. 7, Belleville.
Treasurer — Mrs. H. Murphy, R.R. 6, Belleville.
Press Reporter — Miss Audra Brickman, Carrying Place.
Executive — Mrs. C. E. Stevens, St. Ola; Mrs. A. Pyear, R.R. 3, Stirling; Mrs. N. McKibbin, Picton; Mrs. W. G. Harwood, Point Anne; Mrs. Ken Jones, R.R. 5, Belleville; Mrs. John McKeown, Bonarlaw; and Mrs. Farley, Trenton.

MADOC MINISTER SUCCEEDS SEMPLE

Rev. Alfred Poulier, of Madoc, Friday, was named chairman of the Settlement committee of the Bay of Quinte Conference of the United Church. He succeeds Rev. James Semple, of Peterborough.

FROM THE "BLUE BOOK" OF FAMOUS CANADIAN TRAINS

THE International LIMITED

The "Blue Book" — your Canadian National Time Table — guide to Everywhere in Canada.

The International Limited, Canada's premier International train, has for almost half

a century maintained regular daily service between Montreal, Toronto* and Chicago.

Inaugurated July 1st 1900 to link these important centres and the intervening industrial regions by fast convenient daily service, The International Limited has been an essential factor in the tremendous development throughout the area it serves.

For 48 continuous years this famous train has made friends for Canada. It has provided something special in speedy railway travel... courteous service, of course, and every comfort of modern equipment. It has assured a smooth ride over a perfect roadbed, with easy curves and long tangents... double track all the way, with automatic block signals. It's the short fast route The International Limited follows, full of scenic interest by day, sleep-inviting for over-night travel.

Next time, travel comfortably... arrive refreshed on The International Limited... serving Montreal, Cornwall, Brockville, Kingston, Belleville, Port Hope, Oshawa, Toronto, Hamilton, Brantford, London, Sarnia... Chicago.

* Pool service Montreal — Toronto only.

What Others Say!

GOVERNMENT CLOSE TO HOME

Even a casual observer of government and politics must not that there is a wide difference between representative government as it is practised in a town or township council and as it is practised in provincial or Dominion governing bodies. The difference does not merely reside in the types of legislation that comes before the governing bodies. It is a difference in the quality of representation, that is why men high in the councils of the nation frankly admit that the men and women who serve in the smaller rural and urban governments are closer to the people and have a better understanding of their problems than those who sit at polished desks in pretentious legislative buildings.

The member of the lesser councils is keenly aware of his responsibilities to those who elected him. He is on terms of equality with every other member and can indulge in a violent argument with some hope of advancing the cause he thinks is right, whether it be a matter of knocking a mill or two off the tax rate or drafting a workable by-law to keep dogs from ruining spring lawns and gardens, or building a new sidewalk. Moreover, the subjects with of immediate importance to his constituents, much so than the mass of legislation that is handled in Ottawa

or the provincial capitals.

The Courier-Advocate has no thought of implying that the member of the highest legislatures is not also aware of his responsibilities towards his electors. He is, but unless he is a cabinet minister, he is virtually powerless to influence legislation on their behalf. He may criticize, expostulate and denounce, but in effect, his power as a member is restricted to voting for or against a measure that the government has decided to pass.

Representative government in town and township councils, and in most cities as well, consists in fact of trying to get Tom, Dick and Harry what they want. In Ottawa it is more often imposing on Tom, Dick and Harry what Willie and Clarence think is good for them, or what Graham, Donald and Clifford have assured Willie and Clarence will be in the best interests of Tom, Dick and Harry.

To the reeve or alderman, Tom, Dick and Harry are real persons, doing a definite share of the world's work, supporting actual wives and families. To the Ottawa cabinet minister they tend to become indistinguishable, abstract class, such as farmer or industrial workers and governed largely on a cold statistical basis. The human element is often sadly missing.

Thus it is that township, village, town and country councils must ever be maintained. Abolish them in part or whole, and democracy in its truest and real sense goes out of the win-

dow. We need today, more than ever before, to support our municipal governments—Trenton Courier-Advocate.

WHAT IS A COMPANY?

Brampton Conservator (Ont):

Recently the editor of the Rockfield Works (Canadian Allis-Chalmers) News asked ten employees the question: "What is a company?" This is what he was told.

Five employees said "a company is a factory."

Three employees said "a place where goods are manufactured."

Two employees said "a group of people who own a business."

They were all wrong. Webster's dictionary says "a company is an association of persons for a joint purpose." Think of that for a moment—an association of persons for joint purpose—and who are these persons? They can be classified into three groups.

1. Shareholders—the persons who invest their savings to purchase land, erect buildings and install equipment.

2. Management—the persons who are hired to direct production profitably.

3. Employees—the persons who are hired to operate the equipment provided.

These three are a company—shareholders, management and employees—an association of persons for a joint purpose.

Now the question arises—what is their joint purpose?

Their purpose is each to realize a gain from the business—the shareholder from his investment, the management from his knowledge and the employee from his effort.

But there can be no gain, no profits, unless there is profitable production and that depends largely on the third partner: employees.

WILL C.B.C. RULE

THE PRESS?

(The Canadian Statesman)

What is facsimile? It is a process whereby a newspaper, instead of being delivered to a subscriber's door, can be printed in his home in accordance with signals sent out over a radio transmitter. It might be simply described thus: The sending of apparatus takes a picture of a newspaper page, not all at once, but a bit at a time, and these "bits" are sent out over the air, picked up by the home receiver, reassembled and printed on a sheet of blank paper.

That is quite clear-cut and understandable, technically. From other viewpoints, it is a little bewildering. Up to now, the functions and operations of the press and radio have been quite distinct; facsimile, for the first time, mingles them inextricably. It is definitely a broadcasting operation, but it is also a publishing operation. And in this country, broadcasting and the press operate under two entirely different sets of rules. Which will apply to facsimile?

The question involves freedom of speech. Every word broadcast from a radio transmitter in Canada is subject to censorship; in transmissions intended for the general public, the authority is the Board of Governors of the CBC. Freedom of speech, as it is understood in democratic countries, does not exist in Canadian radio. Under present regulations, facsimile must inevitably fall under the jurisdiction of the CBC because it uses wireless transmission; consequently, should facsimile replace the present method of distributing newspapers, freedom of the press will be a thing of the past. The time is ripe for a thorough examination of all broadcasting regulations.

SHUT-IN'S DAY, JUNE 6th

"SICK, AND YE VISITED ME"

To those who think of sickness in terms of the periodic headache or the seasonal indisposition of a cold, there is a whole world unknown to them. It is the world of close and lengthy confinement where folk who for one reason or another must view the world through the eyes of others. There remains for the shut-in the newspaper, the radio, the personal visitation—these three—and the greatest of these is the personal visit.

The setting apart, therefore, of the first Sunday of June, annually, by the Shut-in's Day Association, when the invitation to visit at least two folk who are ill is given to us, is of more than ordinary significance. Not that one should ever feel he has discharged his full obligation by such observance one Sunday in a year. It is but a token of our recognition and remembrance of the Shut-in at all times.

Furthermore, let no one think that by making such visits he is conferring a favor upon those visited. In a very real sense just the opposite is true; they present us with a privilege; invariably they render us a service. There is no greater corrective for our distorted vision and false sense of values than to talk with one who has made and continues to make the skillful adjustment to the restraint and restriction that is the normal life of the Shut-in. Anyone who has had the close friendship of one of these has experienced the enlargement of his own life. One comes to realize how feebly the full measure of health and strength, full powers of body and mind which he possesses, as compared with the amazing use that others make of their limited capital of these resources. Truly they live 'a large life in a small room.'

In His Name who said: "I was sick, and ye visited me," let us unite in making the first Sunday of June, a rare unforgettable day for the glorious company of the Shut-in and for ourselves.

Barbara Ann Scott was not the first Canadian to win a world championship in figure skating. Louis Rubenstein, of Montreal, won a world title in St. Petersburg, sixty-eight years ago.

1931 Gas Prices Increased 50% 1948

**MOTORCOACH
FARES
are still
THE SAME**

When you travel by COLONIAL COACH LINES you really SAVE money, for our FARES are still the same as in 1931!

Gasoline prices have increased by 50% in that time (24¢ in '31—36¢ now)! Tires, rolling stock, repair parts, labour are all up! But COLONIAL COACH LINES fares have held the line all this time, because the great increase in the number of people carried has made it possible to keep individual fares LOW!

ALL WELCOME

Mr. and Mrs. Andrijs Visser Honoured At Mount Pleasant

About one hundred friends from Mt. Pleasant, Carmel and Hoards gathered Monday evening at the new home of Mr. and Mrs. Andrijs Visser, a Dutch family who have just recently come to Canada. The Vissers are living in the Whitton house on the boundary between the three communities.

Rev. N. Cole, Pastor of Rawdon Circuit was master of ceremonies and spoke briefly about Holland and welcomed the new family.

Rev. R. W. Barker, Pastor of Carmel-Stirling Circuit also extended a welcome and led in a round of community singing.

Guitar music was supplied by Mr.

Harvey Couch and Mrs. Will Jeffs.

Two readings were given by Mrs. Merle Spencer and Mrs. Percy MacMullen. Mr. and Mrs. Visser and Mr. and Mrs. S. Heidt contributed two vocal quartettes in native dialect and little Miss Visser sang sweetly for the group.

Mrs. Robert Hoard read an address extending a welcome to our country and paying tribute to the hospitality of the people of Holland to our Canadian soldiers.

The address was signed by Gladys McAdam, Marion Sharpe, Eleanor Bailey, Alice Hoard and Helen McConnell. A large table was filled with gifts of canned fruit, vegetables, groceries, towels and graniteware. A group of ladies served refreshments and all wished Mr. and Mrs. Visser, their four daughters and eight months old son every happiness in this new land.

Mr. and Mrs. Oscar Merrick also extended their thanks to all those who had helped to make the evening a success and for all the lovely gifts.

Following is a copy of the address that was read to the Dutch family: Dear Friends:-

Your new friends and neighbours extend to you a real welcome to our country, and we hope that in the time to come you will regard it as your own as we do. We do not boast of Canada. As we say "You have come, you see," and we hope you, too, will join us when we sing "My Country 'tis of thee, sweet land of liberty," and in "O Canada, my home and native land."

We have heard glowing accounts of your bravery and hospitality, and now in peace-time, it is our place to repay you in a small measure for those qualities you extended to us Canadians

while overseas.

We know you will yearn sometimes for your native land, and kith and kin. We do hope you will find among us, many new friends to help replace those whom you have left over there.

We have brought to you some gifts for your new home. We sincerely hope they will help to cheer you as you go about making a new home in this land of ours. We believe the sun shines as brightly here as in Holland.

It has taken courage and fortitude for you to sever connections, and come to this country among different people, language and customs. Our forefathers did it, you have done it. We admire you for having done so. Our church, our schools and our homes are open to you. Good luck! Carry on! God bless you, these are the wishes of your new friends and neighbours.

Mount Pleasant

The many friends of Rev. F. G. Joblin, Port Perry, a former Pastor of Rawdon Circuit will be pleased to hear that he is now able to be up around the house, following a recent heart attack.

Mrs. Herb David and Phyllis, of Stirling, spent a day last week with Mr. and Mrs. Ira David.

Mrs. Frank Young, of Stirling, who has been ill is spending some time with Mr. and Mrs. Elwood Johnson.

Mr. and Mrs. Sib Heldt and family, of the Town Line, who recently arrived from Holland attended the welcome for their friends, Mr. and Mrs. A. Visser on Monday evening.

Mr. and Mrs. Malcolm Sharp and Calvin spent the week-end with Mr. and Mrs. Fred Clarke, near Toronto.

Mr. and Mrs. Percy MacMullen spent Friday evening with Mr. and Mrs. Ormel MacMullen and David, in Belleville.

Mr. and Mrs. Andrijs Visser, four daughters and baby son have spent the past ten days with Mr. and Mrs. Oscar Merrick, and on Monday they took up residence in their new abode on the old Whitton Farm.

Mr. and Mrs. Raymond McConnell and Misses Betty McConnell and Shirley McKeown visited relatives in Oshawa on Sunday.

Mr. and Mrs. George Weaver, Mrs. Kenneth Weaver and Miss Lois Weaver attended the Kerr — Richardson nuptials in Toronto on Saturday, May 29th. Miss Peggy Richardson is a daughter of Mr. and Mrs. Jack Richardson and she was born at Mount Pleasant on the Anson Line.

Miss Evelyn Blakely, of Campbellford, spent Saturday with Miss Marion Johnson.

Mr. and Mrs. Ernest Sadler and Miss Doris Sadler, of Glen Ross, spent Sunday with their cousins, Mr. and Mrs. Frank Smith.

Rev. and Mrs. Harold Robbins and Carol are spending a few weeks with Rev. and Mrs. N. Cole, at Rawdon Parsonage.

Mr. and Mrs. Lindsay McKeown entertained on Sunday Mr. and Mrs. Walt Rodgers and Murray, Mrs. Maude Runnalls and Miss Dorothy Runnalls, of Stirling, and Mr. and Mrs. Clarence Runnalls, of Harold.

Mr. and Mrs. Elwood Johnson and Mrs. John Johnson spent Tuesday, May 25th with Mr. and Mrs. James Honeywell, Castleton, and Mrs. J. Johnson remained for a week's holiday.

Mr. and Mrs. George Stewart and Mrs. Stewart's sister, of Bethel, spent Sunday with Mr. and Mrs. Will Potts.

Mr. and Mrs. Milton Shaw and Wayne, of Ivanhoe, spent a day last week with Mr. and Mrs. Roy Thrasher.

Mr. John Reid, of Belleville, spent the week-end with his parents, Mr. and Mrs. Irvin Reid.

Mrs. Frank Easton, of Belleville, spent the week-end with Mr. and Mrs. Bert Jeffs.

Mrs. John Holmes presided at the piano on Sunday morning for the service at Mount Pleasant. Miss Ruth Sharp was thanked for providing Spring blooms in the church during the month of May.

The Two-By-Two Club held their closing meeting at Mount Pleasant Church Hall on Friday evening, with over fifty in attendance.

Mrs. Herb Smith and Mrs. Marguerite McMullen led in community singing; Mrs. Will Jeffs delighted with a couple of solos, a short business period followed and the balance of the evening was of a social nature, with contests and games in charge of Helen McConnell, Mabel Wrightman and Marion Sharp.

The main event of the evening was a special honour paid to the cast of the play "The Improper Henry Property," also Miss Betty McConnell and Mrs. Marguerite McMullen who assisted between acts. A toast was read to each individual and Mr. Kenneth Weaver ushered them to their place at the table where they were served ice cream and cake. The tables were decorated with tulips and lilies. An address of appreciation was read to the director, Mrs. Kenneth Weaver, and she was presented with a novelty.

Misses Lois Weaver and Joan Hoard have completed their term at Peterborough Normal and were successful on their year's work.

Marsh Hill

Mr. and Mrs. Russell Radford, of Frankford, were Sunday guests of Mr. and Mrs. Harry Coulter. Mrs. Addison Coulter went home with them for a visit.

Mr. and Mrs. John McMullen, of Harold, spent Sunday with Mr. and Mrs. Chas. Ross.

Mr. and Mrs. Clayton Marisette, of Empey Hill, spent a day recently at Mr. Frank Lough's and were Sunday guests of Mr. and Mrs. Dave Hollinger.

Miss Terman, of Leamington, was a week-end guest of Mr. and Mrs. Fred Campbell.

Mr. and Mrs. John Weese, Melrose, were recent guests of Mr. Frank

Lough.

Mr. and Mrs. Earl McMullen, Larry and Linda, Harold, took dinner on Sunday with Mr. and Mrs. J. Sees and were supper guests of Mr. and Mrs. C. Ross.

Miss Terman and Mr. Ralph Campbell, were dinner guests of Mr. and Mrs. Geo. Foster, Moira, on Sunday.

Rev. A. L. Shorten conducted the funeral service for the late Mrs. Moore in Marsh Hill Church on Sunday afternoon. There was a very large attendance of relatives and friends. Mrs. Percy Johnson and Mr. Fred Campbell sang by request, "The Old Rugged Cross," a favourite of Mrs. Moore's.

Mrs. Harry Coulter, Mrs. Berson Mitts, Mrs. Fred Campbell and Mr. Leslie Finkle attended the Sunday School Convention at Frankford on Wednesday.

Oak Lake

Mr. and Mrs. Joe Reed, of Victoria, B.C., and Mrs. Roscoe Wright spent yesterday with Mrs. James Currie and Miss Mae Currie.

Chatterton W.M.S. numbering twenty members and friends, were guests of Mrs. Fred Kingston on Tuesday. Mrs. Kingston served a full course dinner (Blue Plate!) of the most sumptuous food ever to grace the palate of diners. She was assisted by Miss Aleitha Kingston, Mrs. Gerald Johnston and Mrs. Bartindale. Following dinner, Rev. A. L. Shorten gave a few Conference briefs, and Miss Mae Currie voiced the appreciation of the Society for the wonderful dinner provided.

At two o'clock the regular meeting of the W.M.S. opened with the President, Mrs. Walter Lindenfield, in the chair. The brief business session dealt with the shipment of a box of clothing for Canadian Church Relief Abroad; a few reports from secretaries; roll call,

to which 11 members responded; minutes of the last meeting read by the Secretary, Mrs. Fred Campbell. Mrs. Frank Finkle took the chair for the Worship Service, and programme on the theme, "Student Mission Fields" and Vocational Schools. The dinner netted the Society \$9.50; envelopes, \$3.15, and loose collection, \$1.30.

Mrs. Bartindale and Mr. Walter Lindenfield attended the Sidney Township Sunday School Convention at Frankford yesterday.

Mr. Garnet Searles spent the 24th of May with his sister, Mrs. Harry Patterson, at Clayton, N.Y.

Mr. and Mrs. Lloyd Clare and Bill, of Belleville, have taken up residence for the summer in their cottage.

Bethel

Mr. and Mrs. Walter Warren and Allyn spent Friday in Lindsay and Peterborough.

Miss Muretta Hull was a week-end guest of Mrs. Henry Allen.

Mr. and Mrs. Sam Barry and Mr. Ed. Barry, of Tweed; Mr. and Mrs. E. Horton, George and Kenny, of Marmora, and Mr. and Mrs. Joe Wasik and Sherry, of Springbrook, were visitors of Mr. and Mrs. Francis Reid and family.

Mr. and Mrs. Sanford Melkejohn, of Springbrook, were recent visitors of Mr. and Mrs. Edgar McKeown.

Mr. and Mrs. Lorne Badgley, of Sidney, were Sunday visitors of Mr. and Mrs. C. M. Sine and Mrs. Rebekah Sine.

Mrs. Chas. Dracup returned home Saturday from Toronto, where she has been the guest of Dr. and Mrs. Roy Hendry for the past winter.

Dr. and Mrs. Roy Hendry and daughter, Janet, of Toronto, are visiting Mrs. Dracup and Mr. and Mrs. C. N. Morton.

St. Paul's W.A.

The June meeting of St. Paul's United Church Women's Association was held at the home of Mrs. J. L. Good on Tuesday afternoon, June 1st, with a good attendance. Due to the unavoidable attendance of the President, Mrs. W. T. Elliott, Mrs. Gordon Bailey presided over the opening exercises and business portion of the meeting.

The meeting opened with the singing of the theme song, the general thanksgiving prayer in unison, followed with prayer by Mrs. Bailey. The minutes of the last meeting were read by the Secretary, along with all other communications received during the past month; also reported thirteen cards and one letter sent. The visiting committee, Mrs. W. Preston and Mrs. A. Bradburn, reported forty-three calls made during May. Mrs. A. E. Good and Mrs. Pitman will act as the visiting committee for June.

A complete and very satisfactory financial report was presented by the Treasurer, Mrs. J. B. Thompson. Mrs. Pitman reported for the "Friendly Workers" and this very energetic group gave another donation of ten dollars to the W.A. After a short discussion and presentation of The Blue Cross Hospitalization Plan by Mrs. Cecil Macklin, it was decided to leave the matter over till the July meeting. The various accounts were presented and ordered paid.

The invitation and order of the United Church Women's Association to attend their meeting and silver afternoon tea on Thursday afternoon, June 17th was accepted, and St. Paul's W.A. will furnish one musical number on this programme.

An excellent report of the annual W. A. and Ladies Aid Societies Convention held in Picton United Church on Thursday, May 27th, was given by the delegate, Mrs. R. A. Patterson, and was greatly appreciated by all present. Mrs. C. I. Hatton reported for the Parsonage Committee.

The programme of the afternoon was directed by Mrs. C. Lansing, Con-

venor, and was based on the theme, "Good Neighbours." After the singing of the hymn "Blest Be The Tie That Binds," Mrs. Lansing offered prayer. Mrs. J. B. Thompson read the Scripture Lesson, taken from the Tenth Chapter of St. Luke, "The Good Samaritan," verses twenty-five to thirty-seven, and the comments were read by Mrs. R. Holland. The address of the afternoon was given by Mrs. G. Heasman who spoke on the assigned topic "Good Neighbours." Every once in so often, some one comes along with a solution for the world's ills. To-day, we are going to note some facts about neighbourliness, and what a huge factor it might be in the promotion of world peace. If we find it difficult to get along with our neighbours, how can we hope for friendship among nations?

There is a difference between wanting a friend or neighbour, and wanting to be a good neighbour. Jesus' first desire was to be a friend. He was not seeking companionship for himself so much as He desired to be helpful to His disciples. Therefore our philosophy might well be not what can I get out of life, but how much can I put into it. John 13: verse thirty-five "By this, shall all men know that ye are my disciples, if ye have love one to another." It is with a great deal of pleasure I have noted the kindly reception tendered to families arriving from overseas to make homes in the surrounding communities. Although we may be hampered by language difficulties, there are neighbourly gestures which can be understood.

The speaker during the address read the poems, entitled "Backdoor Neighbours," by Edna Jacques, and "My neighbour's roses are also mine."

This was a most forceful and timely paper. A very dainty luncheon was served by the committee in charge.

During the social period Mrs. G. Bailey voiced the appreciation of all the ladies present to the hostess, Mrs. J. L. Good and Mrs. A. E. Good, all who took part on the programme, and the entire committee in charge.

35-1

St. John's W.A.

The meeting opened with the hymn "Soldiers of Christ Arise," with Mrs. Woodbeck at the piano, followed by Litany and prayers by the President, Mrs. Savage and the Bible reading by Mrs. Whitehead. Correspondence and Bulletin were read by the Secretary, Mrs. Smith, and the Treasurer's report by Mrs. F. Kent. Mrs. Brazill then spoke briefly on co-operation among all the organizations and the importance of a Junior W.A. Mrs. Prince and Mrs. F. Kent were appointed to buy flowers for the sick.

Mrs. Savage spoke of being at the Sanatorium at Cornwall, where the confirmation of Mrs. Elwood Haggerty took place. It was decided to send a box of fruit, juices and home cooking to her. The visiting committee for this month will be Mrs. W. Wright and Mrs. C. Vance. The next meeting will be held at the home of Mrs. E. Kent, River Valley, on Wednesday, June 30th. The ladies from the Eighth Line are also being invited to this meeting.

The programme under the direction of Mrs. Earl Morrow was as follows: Music in keeping with Empire Day was led by Mrs. E. Kent; a letter from India from Stan Fletcher was read by Mrs. Brazill; two readings by Mrs. E. Carr; a paper prepared by Mrs. Carleton on "Parents and Children" was read by Mrs. L. Ashe; reading by Mrs. Chard; more singing led by Mrs. Kent, closing prayers for the sick, the Lord's Prayer, and the hymn "Blest Be The Pure In Heart," brought this meeting to a close.

Lunch was served, and Mrs. John Stiles moved a vote of thanks to all who had made this meeting such a success.

35-1

West Huntingdon W.M.S.

The May meeting was held in the Orange Hall with Mrs. Foster Wilson presiding. The programme prepared by Mrs. Tom Emmerson. Hymn 217, "What A Friend We Have In Jesus," was sung, followed by prayer by Mrs. S. McCurdy.

Mrs. Lainsen read the Scripture Lesson John 16 verses 13 to 27; Mrs. Grant favoured with a solo, "My Faith Looks Up To Thee." The minutes of the last meeting were read and adopted. Eleven members and three visitors responded to the Roll Call. Mrs. Mac Sarles was asked to send for one Blue Book. The autograph quilt on display was sold to Mrs. Elmer Post for \$6.00. Ten dollars was sent towards European Relief. Irene Moorcroft and Bertha Wilson were named a committee to inquire into the prices of tables to be used in the Church.

Mrs. Moorcroft gave a report of the Rally held at Belleville. Hymn 36, "I Need Thee Every Hour," was sung, and the meeting closed with benediction. The ladies quilted two quilts and enjoyed a friendly pot luck dinner. Proceeds for the day were \$10.06.

35-1

Wellmans W.I.

The regular meeting of Wellmans W.I. met on Wednesday, May 19th, at the home of Mrs. Clifford Clancy. The Institute Ode was sung, followed by the Lord's Prayer. Plans were made to hold a concert on the evening of June 3rd, when a film on the Royal Wedding will be shown. Lunch will be served.

Mrs. Victor Taylor, Mrs. Arthur

Beckett, Mrs. Lorne Watson, Mrs. John Rainsie, and Mrs. Clifford Clancy are to represent Wellmans Branch at the Convention to be held in Eldorado in June. A Mother's Day programme arranged by Mrs. Clifford Clancy was then presented. Readings, by Mrs. F. Thrasher, Mrs. Paul Sharp, Mrs. Chumby and Mrs. Arthur Beckett; Solos by Mrs. Frederick Beckett and Mrs. John Rainsie. A paper prepared by Mrs. Lindsay Pollock was read by Mrs. Clifford Clancy, followed by the Institute Creed. Miss Della Johnson conducted a watch contest. Lunch was served, after which the ladies exchanged plants and seeds.

35-1

Bay of Quinte Conference Notes

The Bay of Quinte Conference of the United Church of Canada was held last week at Smiths Falls.

Some of the folk in attendance from this district were Rev. R. W. Barker, E. Carlisle, Mr. and Mrs. H. C. Martin, Mr. and Mrs. Carl Clancy, Philip Carr and Rev. N. Cole.

The Conference elected Rev. J. V. McNeely, B.D., as its President and Rev. H. C. Wolfrum, M.A., re-elected Secretary. Three hundred delegates were in attendance. The Laymen outnumbered the Clergy.

Three young men were ordained to the Christian Ministry. The Conference deplored the lack of young men for the ministry and many churches are now without pastors.

The Conference urged its members and the congregations to take a firm stand for temperance in the coming election, and urged that candidates be interviewed with regard to their intention in the liquor situation. A curtailment of the liquor traffic is urgently sought.

In view of the raised cost of living the minimum salary for Ministers is to be \$2100 instead of \$1800.

35-1

New Principle

In Taxation

It is reported that a Winnipeg taxi driver has been assessed ten percent more than his returned income by the Income Tax department on the grounds that he reported no income from tips, and that a Department investigation had determined that ten per cent represented a reasonable tip.

total for the district in which he did business.

Apart from any question of whether or not the cabbie had in fact earned so much, the idea that the Income Tax department may thus arbitrarily decide how much a person's income should be and then tax on that imaginary sum, is startling.

This year, for "the purpose of gathering information," an Ottawa department has sent out questionnaires to be filled in by farm-owners. The filling

of these forms is not compulsory and the information sought is such inconsequential stuff at the size of the barn and other sheds, the number of hens he keeps, the size of his herd of cows and so on.

In view of this Winnipeg cab-driver's case, might not such questions be the forerunner of an arbitrary taxation scheme for farmers? With the precedent established that the Department may decide how much a citizen should be earning, and then tax on that, who can tell where the story may end?

Hello Homemakers! There is something very special about a wedding luncheon. As hostess it is your particular responsibility, and we know you want to see it served graciously. Although the bride has the final decision on all the arrangements, mother considers the reception her job.

The home is often the most congenial place to entertain wedding guests. Mother with some help, will enjoy preparing the food for a small number of guests, but a larger number requires special catering. We remind you that June and July is the busy time for

caterers, therefore, make your arrangements well in advance of the big day... And very best wishes.

WEDDING LUNCHEONS

Perfection Jelly Chicken Salad
Potato Chips, Garnishes, Knot rolls
Tea and small cakes
Ice Cream
Wedding Cake and Punch
Nuts
Lobster Bouchees — Sandwiches
Tea
Strawberry Shortcake
Wedding Cake and Punch

Mints
Moulded Fruit Salad
Flavoured Cottage Cheese
Sweet Tea Biscuits
Raspberry Sherbet Cookies
Tea
Wedding Cake and Punch

TAKE A TIP

1. You can make your sandwiches in advance, provided you wrap them in waxed or cellophane paper, then in a damp towel and store them in the refrigerator. A covered vegetable crisper (the rectangular container that is part of the equipment of most electric refrigerators) is excellent for storing sandwiches until serving time.
2. If your sandwiches are of the meat, fish or egg variety, be sure to keep the fillings in the refrigerator until just before the sandwiches are made.
3. If you have stored them in a cold place and the towel has not been sufficiently damp the bread may be freshened by placing a steaming hot damp cloth over them.
4. Open sandwiches may be placed

on a shallow pan with a waxed paper below and above the fillings.

5. One large sandwich loaf cut into 60 or 65 slices and the small one into 20 slices.
6. One large loaf requires 1 lb butter and about 3 lb. filling.
7. One lb. small cakes serves 12 people.
8. One loaf cake serves 10 people.
9. One 8 x 8 inch cake may be cut into 20 pieces.
10. Allow 2 cubes of sugar per serving. There are about 80 in a one-lb. bag. Provide 2 pints of cream for 40 cups of tea.
11. Pour 2 quarts boiling water over 6 tablespoons of tea for 10 cups. Make more in this way as the guests require it.
12. Do not add carbonated water and ice to punch until one half hour before it is to be served.
13. Bricks of ice cream slice into 5 servings. Be sure to remove the dry ice, using oven mitts, about 20 to 30 minutes before serving.

THE QUESTION BOX

Miss J. K. asks: How to put sugar on edges of glasses.

Answer: Frosted punch cups are attractive for weddings. You dip the rims of the cups in lemon juice, then in powdered sugar for a frosted effect.

Mrs. B. W. asks: Bouchee or Choux Paste recipe.

Answer:

BOUCHEE

- 1/2 cup butter
- 1 cup boiling water
- 1 cup bread flour
- 4 eggs, unbeaten

er Add butter to water, heat until butter melts, add flour all at once, and stir vigorously until ball forms in the centre of pan. Remove from electric element, add eggs one at a time, beating after adding each egg. Mixture should be very stiff. Shape on buttered cookie sheet by dropping from spoon or using pastry bag and tube. Bake until free from beads of moisture (40 to 45 minutes) in moderately hot electric oven (375 deg. F.). If in doubt, remove one from oven to test. Makes 36 tiny ones. Fill with chicken salad mixture.

Miss T. G. asks: For quantity of chicken for 12 servings of salad mixture?

Answer:

- 4 lbs. chicken (cooked) or
- 2 stewing chickens
- 2 heads celery
- 1 1/2 cups salad dressing
- 1 large head lettuce
- Seasonings

Ann Allan invites you to write to her c/o Stirling News-Argus. Send in your suggestions on homemaking and watch this column for replies.

Mount Pleasant

Mount Pleasant W.M.S. held their May meeting at the home of Mrs. Gordon Linn, with sixteen members, six visitors and three Baby Band members in attendance.

Mrs. John Holmes presided and read from the May Monthly "Sharing In This Enterprise," and "That's My Privilege," followed by prayer for our Missionary, Miss Muriel Crispin R. N. Mrs. Ross Hoard presided at the piano and all sang "Go Labour On." The Treasurer reported \$9.70 for April with two fees paid. Mrs. Milford Wrightman presided over the following programme:

Duet, by Mrs. Roy Thrasher and Mrs. R. Hoard, "Just A Little Help From You;" Readings, Mrs. Percy MacMullen, "The Stranger In The City;" Bible Lesson in Proverbs 31st Chapter, Mrs. Frank Smith; "A Rose For Mother's Day," Mrs. Lindsay McKeown. A poem, "Mother's Love Fun," Mrs. Blake Sharp; Solo "Mother's Love," Mrs. Carleton Potts; A paper on "My Mother and The Ideal Woman," Mrs. M. Wrightman. The study chapter was given by Mrs. Herb Smith, telling of Rev. and Mrs. H. D. Peck amongst the Indians in Guatemala. This couple are amongst the first company of Missionary Jesuits who were witnesses for the Christian faith. Mrs. Allan Bailey offered prayer.

The president spoke on the standards of motherhood. Brief reports were given on Temperance and stewardship and a letter of commendation was received from the Presbyterian Stewardship Secretary for exceeding the allocation.

The offering amounting to \$13.60 was dedicated with the Doxology. A Bible contest proved of interest and after the singing of "Blest Be The Tie That Binds," the hostess served home made candy and was thanked for her hospitality.

"Why should we work," said a couple of street corner boys the other day. The unemployment insurance dote will keep us at the expense of those who work and the employees who pay the wages.

IS NEEDED ON **JUNE 7** TO
Keep Ontario STRONG

The outcome of this election will determine the future course of this province for many years to come. Quite apart from any political considerations, you have before you two entirely different points of view. The Progressive Conservative Party believes that this province has unequalled opportunities for development provided that our great resources are put to work under plans for the future which will provide the electric power and other requirements for the greatest period of expansion we have ever known. Our opponents do not believe that these opportunities for expansion exist. It is their right and their duty to express their own opinion about our future. They have done so. They do not believe in our great programme of development. They have acted accordingly and will continue to do so.

You know the record of the government and the many things it has done to advance the interests of all our people. You know the tremendous programme of development which we have approved and which will go into effect if we receive your support on June the 7th. We believe that is the way to assure employment in the years ahead. On the other side you have a static point of view which thinks that all this development should be deferred until the threat of unemployment which they are constantly predicting is actually upon us. Developments of this kind take years to complete and the resources which are needed to keep employment at a high level. That is the point of view we ask you to support.

I do wish to emphasize one unusual feature of this election. The Communists in this province, relatively small in numbers, are highly organized. They are supporting the C.C.F. I recognize that the leaders of the C.C.F. Party have disavowed this support. The fact remains, however, that in every riding except two where there are Communist candidates who were members of the last Legislature, the Communist fortunate for the C.C.F., and may be against the wishes of that Party. It is apparent, however, that the policies of the C.C.F. Party find sufficient acceptance with the Communists to gain their support.

No matter how worthy any individual C.C.F. candidate may be you have only one way of making sure that your vote is not going to be joined with a Communist vote. It should be remembered that in every country where Communism has come to power, that country, it came originally through an alignment with the Socialist party in years ago they thought it was very far away in those countries which have been brought under Communist slavery within the past three years. The time to end the threat of balance and we face one last desperate decision.

This is not just an ordinary election. With democracy threatened all over the world as it is today, this is an opportunity for the people of Ontario to show by their vote that they really believe in the right to vote. Naturally I hope that you will support every one of you to exercise your franchise so that we demonstrate to ourselves and to those living in less fortunate lands, that we really know the value of our freedom. Never has this province advanced so greatly as it has under the progressive policies of the present government. Our programme for the future provides for still greater development in the years ahead. With the great opportunities which are before us, I hope you will give us an overwhelming mandate to keep Ontario strong through the years ahead.

NEWS FOR THE BUSY FARMER

EXPORT CATTLE DEMAND

Export of dairy cattle reported from all parts of the province in the last few weeks is not so serious as some would lead the unknowing to believe, says Bryan White in the Ottawa Farm Journal. A farmer who should know told him recently "the district is just swarming with buyers."

"Raising of good dairy cows for export has been a thriving business for years in eastern Ontario. This is altogether aside from the regular raising of her replacements."

But, there are signs that the present extent of this trade is above normal, and that high prices are tempting many a dairy farmer to sell to many of his animals. Of course, if the money is reinvested in better stock, that is another matter altogether, and a man could do himself a lot of good by buying fewer, but better animals in this way."

READ THE LABEL FOR BEST RESULTS

Read the label is a good tip for those who use any of the pest control preparations which are sold in Canada. This advice is just as necessary for the farmer doing a full-scale job of spraying, as it is for the housewife wishing to rid the home of flies or mosquitoes.

Many of the 2,000 products which will be registered under the Pest Control Products Act of the Dominion Department of Agriculture in 1948, are designed for a special purpose, and are effective only for that particular purpose when used in accordance with the manufacturer's instructions. In addition, modern preparations of this kind, insecticides, rodenticides, fungicides, are often of a more poisonous nature than formerly, and greater care must be exercised in using them. The labels on such preparations also give directions to follow if an accident does happen.

Before a pest control product can be sold in Canada it is fully analysed and approved, and the instructions on the label are checked by the Plant Products Division, Dominion Department of Agriculture. The analysis is done as a protection against useless or highly dangerous preparations, and the checking of the instructions on the label is to assure effective results with a minimum of danger.

It is certainly wisdom to read the label, and an additional precaution is to keep such preparations out of the reach of children.

FIND WORLD SUPPLY CEREALS BRIGHTER

Cautious optimism is the key-note of the March Report of the International Emergency Food Committee of FAO dealing with the world outlook for supplies of food and feed grains for 1948-49. Assuming the most favourable growing weather, world production of food and feed grains in 1948-49 may return to pre-war levels, with Europe contributing most of the increase over 1948-49 in bread grains. If such a prospect does materialize it should be possible to restore bread rations to more normal levels, improve working stocks of grain in importing countries, and even lower flour extraction rates. Less coarse grains might have to be diverted to food consumption, thus improving the prospects for livestock rehabilitation.

But in addition to the assumption of ideal growing weather for the 1948 harvest, it must not be forgotten that the world's population in 1948-49 will be nearly 10 per cent above that of pre-war. Abnormal demands will continue for cereals to take the place of other foods which are scarce, including rice, and any reduction in the present use of coarse grains for food, will mean a corresponding increase in requirements for food grains.

Although the picture is the brightest since the end of the war, there obviously still remains an urgent need for careful international and national management of cereals throughout 1948-49.

CLOTHES MOTHS ALWAYS A DANGER

In most homes the annual onslaught against the clothes moths will have been done along with the spring cleaning. Winter garments and surplus bedding will have been thoroughly brushed and packed away with naphthalene flakes or paradichlorobenzene crystals, and clothes cupboards treated with a suitable spray.

But only too often one of the worst breeding places of moths is overlooked. If there is a hot air furnace, there are probably whole colonies of moths ready to feed on the lint and dust which accumulates in the cool air pipes. The gratings over the inlets to these pipes are easily removed and a vacuum cleaner with a suction attachment will remove the lint and dust easily, otherwise, a long-handled broom or brush will serve. The inside of the pipe should then be sprayed as far down and as thoroughly as possible.

Actually the war against moths is seldom won by only a spring campaign; it should be kept up throughout the summer. Clothes, chair covers, upholstery and bedding will be subject to attack unless the moths still at large are killed. There is no real safety for any woolen garments or articles until the last moth has been destroyed or driven from the home.

PRACTICAL WAYS OF WEED KILLING

Experiments begun in 1947 at the Dominion Experimental Farms at Brandon, Man., and Swift Current, Sask., have been carried to the point that indicates there is a definite future for 2,4-D as a practical means of controlling certain weeds in grain crops and flax.

Satisfactory results have been obtained through the application of 2,4-D solutions in volumes of water as low as three or four gallons per acre. This development means that 2,4-D is practical for use on large fields and the success achieved, when this chemical is used as a dust alone, has added to its popularity.

Because 2,4-D is selective in its action, it is valuable in the destruction of susceptible weeds during the crop season, but it also suggests limitations in its use as a substitute for tillage in the control of weeds in general.

The cost of applying 2,4-D will be in the neighbourhood of \$1.75 per acre in 1948; or 90 cents for the chemical and 85 cents for machinery and labour. Ploughing on the average cost \$1.40 per acre, one-waying 85 cents and cultivating 70 cents. Other than in standing crop it is cheaper to use tillage implements to kill weeds and 2,4-D should be considered mainly as a useful supplement, rather than as a substitute for good tillage practices.

Not all weeds by any means can be killed with 2,4-D. Common mustard and stinkweed can readily be killed; pigweed less readily. Russian thistle with difficulty, while Canada thistle and sowthistle can be killed to the ground, but heavy applications are necessary to kill the roots. Wild buckwheat, cockles, and blue lettuce are practically resistant. Grasses and wild oats are definitely resistant.

Low pressure boom spraying is being widely adopted, spray rigs are now simply and relatively cheap, but machines powering 30 to 40 foot booms are necessary for large acreages because the spraying season at the best is short.

Spraying with 2,4-D for the control of weeds in grain seeded down to grass and clover is not recommended because of possible serious injury to the young grasses or clover.

CLEAN FLEECES BRING BEST PRICES

The way in which sheep are shorn, and the manner in which the wool is prepared for shipment is important. Damp, wet and dirty fleeces are bound to be discounted, but clean well prepared fleeces, free from foreign matter, bring top prices. It can be summed up in one word—cleanliness.

The National Sheep Committee has made recommendations, which if followed will assure clean wool and higher profits. Shear sheep on a clean floor and avoid second cuts. Keep all short hairy leg and face clippings away from the fleece. Place the fleece flesh side

down on a slatted table or clean surface and remove all tags, dung locks, bellies which are maddy, burry, chaffy or strawy, and other affected fleeces, parts, and pack them separately.

The fleeces should be folded twice from one side to bring back portion uppermost, and be rolled from britch to neck. Each fleece should be tied with one strand of paper twine—never with binder or other sisal twine. Any reject fleeces or fleece portions such as black, dead or damaged, should be packed separately.

GREAT BENEFACTOR IS THE HONEY BEE

Bees work for us in a hundred ways besides making honey. Our tables would be terribly impoverished if they were to disappear for even one season. The pollinating activity of bees is required for practically all our fruit trees and berry bushes, our melons, squashes, pumpkins and cucumbers, our tomatoes, eggplant and peppers, for the cotton we wear and the tobacco we smoke.

A majority of our trees are wind-

pollinated, but among the bee-visited trees, are the locusts, the magnolias, tulip-tree, flowering dogwood, sassafras and sourwood. Of varieties of honey, the honey of the sourwood tree of the Southeast is, in the opinion of many, the most fragrant.

It is no fancy that honey takes on something of the characteristics fragrance of the flowers from which it is produced. When there is a great abundance of flowers of one particular kind in bloom, as in a clover field or an apple orchard, the bees in the vicinity will work on those flowers almost exclusively. If a bee gets started on one kind of flower at the beginning of the day, she will work only on that kind all day long. The result is that the combs are loaded with honey concentrated mainly from the flowers predominant at a given time in the neighborhood.

Some of the plodding staples of our diet need no help from bees. Potatoes are propagated without recourse to seed. The grains and the hay and pasture grasses are wind-pollinated. Buckwheat, however, is commonly rated as a cereal even though it is not a grain, and it requires the services of

honey bees to make a crop. It would really seem more appropriate to anoint our buckwheat cakes with strained honey than with the traditional maple syrup.

Alfalfa, sweet clover and several clover species all of which figure importantly in the production of meat and dairy products, need the visits of bees to insure seed for the next sowings. Seedsmen would be hard put to produce seeds for flower and vegetable

OVERTIME IN OTTAWA

With only several weeks remaining before this session will be adjourned and a long list of unfinished business still on the legislative agenda, members of Parliament are going to work "overtime" in order to complete as much of their tasks as possible so that Parliament may close prior to about June 30th, sitting on Wednesday nights and obviously showing a burst of activity in the next several weeks, including full-dress debates on certain items which will provide more news from this nation's capital than previously, judging from hints heard backstage here.

MORE BREAD FOR THE WORLD

because Massey-Harris Combines enable one man in one day, to harvest wheat for 55,000 loaves

Yes, more food is available for the world today when its need is desperate, because Canadian farmers with only a two-thirds increase in numbers over 1900, are growing 4½ times as much grain, producing 2½ times as much milk, feeding twice as many cattle and 2½ times as many hogs, raising 5 times as many chickens; because they are providing food for 2½ times as many people in Canada and exporting 30 times as much wheat and 10 times as much flour.

Farmers are doing it because individually they produce more today than in 1900, but it means hard work. And there is no harder working group of people in the world than the Canadian farmers. But hard work alone would not be enough to accomplish such results. They do it by a combination of hard work and modern machinery.

Typical of the great, efficiency-increasing machinery of the farm today is the Self-Propelled Combine, pictured above, which Massey-Harris first introduced in 1939. With this machine, one man can cut and thresh enough wheat in one day to make 55,000 loaves of bread.

Modern farm machinery has increased the productive capacity of Canadian agriculture to where it provides an abundant surplus for the needs of those in other lands, and makes an important contribution to Canada's great export trade.

Similarly Massey-Harris machines are helping to increase farm production in 72 countries of 6 continents.

Local And Personal

Miss Winifred Hay spent the week-end with friends in Niagara Falls.

Mrs. H. M. Moore, of Pembroke, was a weekend guest of Mr. and Mrs. H. R. Tompkins.

Mr. Jim Montgomery, of Toronto, was a weekend guest of his friend, Douglas Wananmaker.

Rev. C. C. Brazil and Mrs. Brazil spent Thursday and Friday visiting friends in Toronto.

Mr. and Mrs. Clark Rodgers were Sunday guests of the formers parents, Mr. and Mrs. R. G. Rodgers, Belleville.

Mrs. Wm. Jeffries, of Toronto, is visiting her daughter, Mrs. Geo. Prince, this week.

Mrs. J. R. Lemieux, of Ottawa, is visiting her sister, Mrs. H. R. Tompkins, this week.

Friends of Mrs. Grant Potter will regret to learn that she returned to Kingston Hospital for treatment today.

Mr. and Mrs. W. T. Wilkins, of Uxbridge, spent the week-end with their son, Mr. W. R. Wilkins, and Mrs. Wilkins, of town.

Mr. and Mrs. S. Holden spent last week visiting Mr. and Mrs. S. Hagerman, of Belleville, and Mr. and Mrs. H. Holden, of Napanee.

Mr. and Mrs. Lorne Brough, of Foxboro, and Mr. and Mrs. Arthur Sheffield, of Plainfield, spent Sunday with Mr. and Mrs. A. Stevenson.

Mesdames Chas. Vance, Walter Wright, J. B. Thompson, E. Morrow, N. Morton, and Nora Wescott spent Wednesday in Toronto.

Mr. Elmer West has accepted a position with the Dominion Dept. of Transport and leaves tonight for Ottawa, where he will take a two-months' course.

Mr. and Mrs. J. A. Reed, of Victoria, B.C., are guests of the latter's cousins, Mr. and Mrs. Roscoe Wright and other cousins and friends in this district.

Mrs. Reed is a daughter of James Cummings, and went west in 1911. Mr. and Mrs. Wright entertained all their cousins and Mr. Wright's aunt, Mrs. George Rosebush on Saturday evening last.

Those from Bethel W.A. who attended the annual Woman's Association Convention of the Hastings and Prince Edward Counties in the Belleville Presbytery, held in the Picton United Church on Thursday, May 27th were Mesdames Harold Elliott, Ray Shortt, Wm. Heath, T. McMullen and T. Saries.

Mrs. Elliott presided, and during the morning session Mrs. Saries sang "Bless This House," accompanied by Mrs. Heath.

Rev. Harold J. Robbins, with Mrs. Robbins and daughter, Carol, are visiting at Rawdon Parsonage. Mr. Robbins was the recent recipient of the degree of S.T.M. Magna Cum Laude, at Union Theological Seminary, of New York. He is a member of the Maritime Conference of the United Church, but we understand that a nearby congregation is putting up a strong bid for his transfer to this vicinity.

Ministerial Change

Among the ministerial changes announced at the closing session of the United Church Bay of Quinte Conference in Smiths Falls, Friday, was that of Rev. Harold Neal Burgess, from Oak Lake, Man., to the West Huntingdon-Thomasburg charge.

SAVING MONEY

(St. Thomas Times-Journal)

If those who go to the trouble of making out long and intricate bills with many specific bequests, could know what happens after their demise, they'd save a lot of headaches by leaving everything to the Government and the lawyers in the first place.

In Hymen's Bonds

RICHARDS — BUSH

In the home of the bride's parents, Mr. and Mrs. Ross Bush, Stirling, an arch of evergreens was the background for the wedding at high noon, May 29th, of Keitha Bernice Bush, and Carman Wesley Richards, son of Mr. and Mrs. Lester Richards, of Wooler, Ont., with Rev. Ralph W. Barker as the officiating clergyman.

Streams of pink and white, Spring flowers and lighted candles completed the decorations. Wedding music was provided by Miss Grace Pitman, A.T.C.L., of Stirling, and the soloist was Miss Doris Sills, of Trenton, who sang "The Lord's Prayer" before the ceremony.

"Because" during the signing of the register, and "Through the Years" at the reception which followed.

Given in marriage by her father, the bride wore the traditional white satin, embroidered with seed pearls, an embroidered floor length veil falling from a matching embroidered coronet, and a pearl necklace, the gift of the groom. Her shower bouquet was of red roses.

The maid of honor, Miss Phyllis Beatty, of Holloway, Ontario, wore a gown of blue taffeta, fashioned with bustle effect, and a matching floral headress from which fell a fingertip veil. She carried an arm bouquet of cream roses. The bridesmaid was Mrs. Harold Morgan, of Hilton, Ont., gowned in pink taffeta, fashioned similarly to that of the maid of honor, with matching floral headress and veil. She carried an arm bouquet of deep pink roses.

Mr. Lorne Richards was his brother's groomsmen.

Following the ceremony sixty guests were received by Mrs. Bush, wearing a gown of grey crepe, with black accents.

Notice

Dr. William Cornett will be absent from his office from June 6th to June 20th. Dr. D. M. Scott, Toronto, will be in charge.

DON'T BE CAUGHT WITHOUT THE THRESHING MACHINE

You require for this season. We have only two new Goodson Threshers left for Hastings County this year. Come in or drop us a line and our representative will call and discuss the special features of the new Goodson Thresher with you.

cessories and a corsage of red carnations. She was assisted by the mother of the groom, in a gown of grey and green figured silk, with lime green accessories and a corsage of pink carnations.

For travelling to Ottawa, Quebec Province and Eastern cities, the bride chose a suit of grey with fuchsia colored topcoat and black accessories. Her corsage was of red roses.

Mr. and Mrs. Richards will take up residence on the groom's farm, Wooler, Ontario.

Mr. and Mrs. Richards were the recipients of congratulatory telegrams from Nottingham, England, and from Darlington, England, where the groom made many friends while serving with the R.C.A.F. overseas.

Sandercock Elected By Record Majority In Hastings West

Has Majority of 3171 Over
Bernard Hughes, Liberal —
CCF Candidate Poor Third

Elmer "Sandy" Sandercock, the Progressive-Conservative standard bearer in Hastings West overwhelmed his opponents in Monday's Provincial election to record the largest majority ever given a candidate in this riding.

The city of Belleville polled a strong Tory vote giving the member-elect a total of 3637 vote as against 2439 for the Liberal candidate and 1405 for the representative of the CCF party.

Stirling Village

In Stirling, Mr. Sandercock, who is a former resident of the village, scored heavily against his opponents with 371 votes to 93 by Hughes, Liberal, and 34 by Ridley, CCF.

Sidney Township, traditionally Conservative, gave Sandercock 921; Hughes (Liberal) 133, and Ridley (CCF) 71. Rawdon also returned a strong Tory poll with 720 as against 138 Liberal and 70 CCF.

Conservatives and Liberals waged a close struggle in the town of Trenton with Sandercock emerging with 1-335 against Hughes, 1,268 with the CCF running third with 679. Outlying polls in the riding of Hastings West returned Conservative majorities with the village of Deloro the only one to give Hughes a majority. He polled 64 votes there to Sandercock's 56 and Ridley's 14.

The result of the vote was as follows:

	Hughes	Ridley	Sandercock
Belleville	2488	1405	3637
Bancroft	123	54	327
Deloro	64	14	56
Faraday Twp.	108	55	153

Sandercock majority over Hughes	3171		

Win In Adjacent Ridings

The Progressive-Conservatives scored wins in the adjacent ridings, with Roscoe Robson winning in Hastings East by a majority of 2208 over Geo. Jordan, Liberal, and the CCF, and Hon. Wm. A. Goodfellow, Welfare Minister, winning in Northumberland, Hon. Harold Scott, Minister of Lands and Forests, was returned in Peterborough and Hon. Leslie Frost, Provincial Treasurer, in Victoria. Hon. J. Hepburn was defeated in Prince Edward by 41 votes by Donald Baxter, Liberals, when an Independent Conservative split the Progressive-Conservative vote.

ELMER SANDERCOCK

Painting Up

McIntosh & Wells, garage operators, are having their premises brightened up with a coat of fresh paint. The work is being done by Maurice Bell, local painter and decorator.

The front of the Dominion Store and of Bird's Grocery have also been painted recently.

Bowlers At Peterborough

Stirling Bowling Club was represented in the Men's Rinks Tournament at Peterborough yesterday by Messrs. R. A. Patterson, F. R. Mallory, R. E. Fox and W. T. Elliott. The local entry won two out of three games played but didn't hit the prize list.

To Resume Duties As R.C.A.F. Chaplain

Rev. L. Harding, Westport, preached his farewell sermon on Sunday last to conclude a lengthy term as rector of St. Thomas Anglican Church. He will resume duties as chaplain at the R.C.A.F. Station, at Trenton.

West Huntingdon W.M.S. Meeting

The June meeting of the West Huntingdon W.M.S. was held at the home of Mrs. J. Gay. A delicious pot-luck dinner was served at noon and the meeting followed. The President opened the meeting with the Call to Worship, followed by hymn 38; Mrs. Grant led in prayer; the Scripture Reading from psalms was read by Mrs. Bill Fox. Two members responded to the Watch Tower, and the Roll Call was answered by 14 members and 3 visitors. Hymn 225 was sung and then the minutes were read and approved. Business was then dealt with. Mission Band reported a quilt to be quilted, the top being donated by Mrs. Emerson.

Mrs. Fitchett invited the W.M.S. to her home for the July meeting, with Mrs. Grant and Mrs. M. Saries to prepare the programme, and look after the lunch. A letter was read from Mrs. Ralph Sills asking us to consider having the Rally at West Huntingdon in October. This was turned down owing to lack of accommodations.

Mrs. Grant gave a reading on Indian Relief and Mrs. Moorcroft on the Preachers, stressing the work of the student missionaries in the West. Hymn 273 was sung and the meeting closed with the Benediction. Collection for the day amounted to \$6.05.

Donald Baxter (L), 6,269; Thomas Creighton (Ind-PC), 1,012; James De C. Hepburn (PC), 6,228.

Navy League Tag Day Saturday

Local Chapter of I.O.D.E. In Charge of Canvas — Generous Response Anticipated

A Tag Day in the interests of the Navy League will be conducted by members of the Hon. J. R. Cooke Chapter of the I.O.D.E., in Stirling on Saturday next, June 12th. A generous response will assist the League to meet its responsibilities on behalf of the men of the Sea and the Youth of Canada.

The work that the Navy League of Canada is doing among merchant seamen comes into sharper focus in view of world conditions as they exist today. In its clubs and hostels on both the east and west coasts, the Navy League was helpful to more than six hundred thousand merchant seamen in the twelve months of 1947, providing homelike surroundings, including meals, sleeping accommodation and entertainment.

The Ladies' Auxiliaries of the Navy League of Canada visit the sick and injured seamen in the hospitals and sick bays on our coasts, bringing to them encouragement and supplying them with many extra comforts. This kindly service is also carried on in many inland cities among the men of the navy and merchant navy who are confined in hospitals and convalescent homes.

In order to carry on its many activities on behalf of the men of the sea and the youth of Canada, the Navy League depends upon its members and well-wishers for the necessary financial support. Part of this support comes from the tag days that are being held by volunteers in each community. A generous response from the citizens of this community will help the Navy League to maintain its services.

Hastings County Junior Farmers' Livestock Judging Competition

Saturday, June 12th, is the date for the annual Hastings County Junior Farmer Livestock Judging Competition in Stirling District under the direction of Mr. A. O. Dalrymple, Agricultural Representative, and Mr. G. V. Montgomery, Assistant Agricultural Representative for Hastings County.

Registration will take place at the Stirling Community Hall before 8.15 (D.S.T.) from where the contestants will visit various farms in the Stirling and Foxboro districts for judging. Each contestant will be charged an entry fee of 25c and is asked to bring his lunch.

Four Competitions

There will be classes for senior (21 to 26 years inclusive); Intermediates (16 to 20 years inclusive); and Juniors (12 to 15 years inclusive). There will also be a Specialist's Class — open to young men and young women under 30 years of age. Previous U.S.A. trip winners may compete, also those who have represented their County on a Livestock Judging Team at the Royal Winter Fair and also those who have not attended any Agricultural School, College or Veterinary College for more than two years.

Announcement

Anyone who has attended a Veterinary or Agricultural College or completed a two-year course at an Agricultural School and who has represented the County on an Inter-County Livestock Judging Team at the Royal Winter Fair is not eligible to compete except in the Specialist's Class. Previous winners of championships are eligible to judge in any section according to their age.

To Judge

Various Classes
Contestants shall judge two classes each of sheep, swine, beef cattle, 3

Stirling Wins Third Straight

Defeated Bonarlaw 16 To 6 Last Night — Rodgers On Mound Was In Rare Form

Stirling softballers stretched their winning streak to three straight at the Recreational Diamond last evening when they downed Bonarlaw 16 to 6. Rodgers on the mound for the winners, was invincible in the pinches and had ten strikeouts to his credit. Twice during the game with the bases loaded, he fanned three in a row to shut off the losers. Bain, who looked after the pitching chores for Bonarlaw, had difficulty with his control at times but pitched a good game. His support, however, was very shaky at times and contributed to the defeat.

Bonarlaw scored three of their runs in the first inning, when Andrews doubled, Bain got a life on an error and McInroy homered to clear the bases. They added two in the fifth on two walks and a single and one in the sixth. Hedley Barlow was the fielding star of the losers, making two fine catches in left field on hard-hit drives.

Stirling got two in the first and eight in the second when twelve men went to bat. They added one in the third, four in the fifth and one in the sixth. Ray Tanner was the heavy hitter for the winners with two singles and a double.

The Teams

BONARLAW — Haslett, ss; Andrews, 3b; Bain, p; McInroy, c; Hedley Barlow, lf; J. Wilson, 1b; H. Barlow, 2b; M. Heath, cf; B. Anderson, rf.

STIRLING — Lanigan, c; Dafe, 1b; Tanner, 3b; Rodgers, p; Stewart, rf; Montgomery, 2b; Donohoe, ss; Fraser, lf; Morton, cf; R. Cooke replaced Morton in the 5th.

Drew Government Returned With Reduced Number of Seats

PREMIER GEO. DREW

Joliffe And Oliver Were Re-elected—Drew Was Defeated In High Park Riding

Premier Drew's Progressive Conservative Government was re-elected in Ontario Monday. But the premier suffered personal defeat in an election which saw the CCF replace the Liberals as official opposition.

Big CCF gains cut deeply into the big majority enjoyed by the Progressive Conservatives in the last Legislature. But the Government weathered the election with 53 of the 90 seats.

These are the totals, compared with results of the 1945 election:

	1948	1945
Progressive Conservative	53	65
CCF	22	8
Liberal	12	11
Labor-Progressive	2	2
Liberal-Labor	1	3
Total	90	90

Re-election of the Government was assured almost from the start, but as returns were received, it was apparent that the CCF would be a big gainer.

The CCF's new strength was greatest in the 17 Toronto and York ridings traditional Progressive Conservative strongholds, none of which had CCF representation in the last House.

The CCF, led by 39-year-old E. B. Joliffe, grabbed 11 of the 15 held by Progressive Conservatives. The other two were retained by the only Labor-Progressive members in the Legislature.

"Good Neighbours" Help Out

The spirit of the "Good Samaritan" was much in evidence yesterday afternoon when some nineteen friends and neighbours gathered at the home of Mr. Harry Hulin and effected a complete transformation to the exterior of his home. Working under the direction of Ernest Rosebush the house was covered with Insulbric and the woodwork painted. A dinner was served to the workmen at six o'clock by the ladies.

Mr. Hulin, who has been ill for several months, had been invited to the homes of friends for the day and was entirely ignorant of the work being done until just before his arrival home. Arrangements for the work were completed by Rev. and Mrs. R. W. Barker, and Mr. and Mrs. Hulin and family are deeply grateful to all those who assisted in any way.

MT. PLEASANT DOWNS GLEN ROSS IN THRILLER

Mount Pleasant got away to a good start in the Centre Hastings Softball League on Tuesday night when they downed the Glen Ross nine by a score of 11-10 on a five inning fiasco on the local diamond. Irvine Pitts had his fast ball working well and kept the Glen Ross hits well scattered, while R. Pyar started for the losers but was replaced in the third by Jack Armstrong. The winners counted four runs in the first inning and were never headed.

Stirling Vs. Legion

Monday was an off night for the local Legionnaires with everything going wrong and they dropped a 4-2 decision to the Stirling team in their first clash of the season. Rodgers was on the mound for the winners with Fraser catching, while Noble and J. Potter divided the pitching duties for the Legionnaires with T. Shannon behind the bat.

Other Games

On Thursday night Minto and Glen Ross played a thrilling 8-3 tie before a large crowd of fans. Arnold Ray pitched for Minto and displayed all his accustomed form to hold the heavy hitting Glen Ross boys in check, while Harry Brooks tossed them over for Glen Ross. Although hit hard at times he tightened up in the pinches to clinch a tie.

Friday night the Stirling team won a 5 to 3 victory over the Stirling Juniors, and on Saturday night Foxboro defeated Minto 6 to 4.

Address Read By Mrs. Ross Hermiston At A Recent Meeting of St. Andrew's L.A.

The following address on "Windows of Glory," was read by Mrs. Ross Hermiston, at the meeting of St. Andrew's Ladies Aid, which was held at the home of Mrs. C. Rollins on Thursday afternoon, May 28th:

The McCauslands practise the medieval art of painting on glass and baring in the colour in a distinguished old-fashioned three-story house in downtown Toronto, just a stone's throw from the Ontario College of Art.

The reception room and offices on the street floor are almost chapel-like in atmosphere. On the paneled walls are framed original paintings of some of the finest memorial windows in

Canada. Here, also, are the cabinets of Empire and foreign exhibition medals and awards. A priceless library assembled over a century, contains rare volumes on religious history and period costumes.

On each of the upper floors, a radio plays soft music as artists sit at their easels, a model poses, or other craftsmen fit in the pieces of memorial windows that will ultimately glorify the sunshine. There is an atmosphere of cheerful intelligence—and this is one job where men at work can smoke.

Few individuals alive today can carry out all the skilled, exacting processes that go into making a stained

glass window. The art has become a matter of teamwork in which the designer shares honours with research artists, the draughtsmen, glass cutters, glaziers, and the men in charge of the kilns; all must be expert in their branch of the craft.

A tremendous amount of research may be necessary to design a memorial window. Vestments, the emblems of the saints and certain symbols pertaining to the church must all be correct. These symbols all have a Biblical foundation and, through the centuries, have become standard. St. Paul must always be clothed in purple and gold robes and carry a sword or book; St. Peter is robed in blue and gold or white and carries two keys; St. John wears red and green and carries a chalice.

Research becomes more complicated when secular rather than sacred subjects are delineated. For instance, the McCauslands were commissioned to do the stained glass windows of the Canadian Memorial Church in Vancouver, to which each province donated a window. The Quebec contributions were panels depicting Cartier's arrival in Canada and the death of General Wolfe on the Plains of Abraham.

What did Cartier wear? What French flag flew from the staff he drove into Canadian soil?

What British regiment fought with Wolfe? What uniforms did they wear? Again, what types of flags were flown? Long research and much trans-Atlantic cross-checking of military records solved all problems and no complaints have been submitted.

When the McCauslands did a stained glass mosaic for the main banking chambers of the Bank of Nova Scotia in Halifax, one scene was the arrival of the first steamship at that seaport. This involved considerable communicating with the Cunard people in England on the appearance of the ship and such other details as the flags at the mast-head, the house flag, and the pilot's flag.

Coy. McCausland tries to fight shy of stained glass windows with a modern motif. He claims that modern women's dress does not lend itself to artistic design—from the standpoint of a memorial window subject—because fashions change so quickly. He believes that service uniforms also become outmoded and, although he served in two wars, insists that the khaki habiliments of the 1914-18 conflict now look "silly"—particularly in a stained glass memorial window.

When a window is being designed, its setting must be kept in mind. Col. McCausland has on file 10,000 original paintings and full-sized charcoal drawings of the windows his firm has placed in churches across Canada, and also the blueprints of the churches themselves. Should a church board or a private donor write that a stained glass window is contemplated for the chancel, the west transept or the east aisle, Colonel McCausland simply pulls out the particular file and immediately knows the dimensions of the required window and the style of the window's apertures.

When the design has been decided, Col. McCausland and one of his artists paints it in delicate water-colour panels on the scale of one inch to the foot.

These intricate paintings show the exact colouring and lead work of the subject. Once the design is approved, it is copyrighted for the protection of all concerned.

Back in the studio a charcoal drawing is done in full size, complete with every detail of the master painting, and showing where the leads will go. This is called either the "cartoon" or the "cutline."

When the huge upright drawing is finished, it looks like a gigantic black and white jigsaw puzzle in which every piece has been inserted in its proper place. It is then placed flat on huge alternating sheets of heavy brown paper and carbon paper and the charcoal sketch retraced.

One of the brown-paper duplicates is now cut along the lead lines indicated on the drawing. All pieces of the paper pattern of the same colour are placed on sheets of stained glass of that colour and it is now the painstaking task of another expert, the glass cutter, to duplicate these myriads of small pieces in glass. An average window measuring only two by eight feet may require several hundred stained glass fragments; a large window may require thousands. It becomes easier to understand why it takes some 18 months to complete the average stained glass window.

Once these hundreds of pieces of glass of various shades and tones have been selected, they are reassembled, held together with wax and assigned to various artist-specialists for the actual painting process. While one artist is noted for his painting of heads, another may be more adept in hands and feet or lettering or the folds of costumes. Other artists concentrate on such miniature decorative work as jewellery, intricate borders or scenic backgrounds.

The paint used is a heavy brown pigment which is also imported from England and is another secret formula of the glass makers themselves. Stains of various colours are also applied to the glass.

Once the window meets with the approval of designer, researcher, artists and draughtsmen, it is taken down. The wax borders are melted and again the window is just a series of pieces of painted stained glass.

Now comes one of the most delicate stages in which, if the artificer were not so expert, the work of months might be ruined in the course of minutes. This is the firing, in which the painted design is fused right into the molten glass to become actually a part of the glass itself.

The little jigsaw puzzle sections are placed in plaster bed trays and carried to the kilns in the studio's basement. Here is the one slight change that has taken place in stained glass window-making—and within the three-generation history of the Canadian firm. In the old days the kilns were hand-fueled with great quantities of logs; now the terrific heat required is generated by gas.

This brings the temperature of the kilns up to 1,200 degrees Fahrenheit—right up to the melting point of the glass. One false step here and the oven's contents could coagulate into streaks of blurred colour, but your true experts, with their wealth of experience and craftsmanship, rarely let that happen.

Now the hundreds of pieces go to the glaziers and are fitted into place on one of those heavy brown-paper tracings. Each piece is joined to its neighbours with strips of grooved lead which are easily bent and then soldered at the joints.

A putty cement is squeezed along the rims of lead to make the window further waterproof. The job has been finally completed. It is packed in excelsior in narrow, grooved shipping crates and shipped.

Once a window is installed, it needs no attention for another 100 years—not even washing. The artists believe that dust, rain, fog and smoke over the centuries give the stained glass windows of western Europe the lustre for which they are noted. They also frown on protective wire screens—they believe they spoil the light trans-lucence of the window. Even if a small boy should toss a stone through a window, the broken part can be easily duplicated from the original drawings.

The McCauslands output ranges from modest single-panel memorial windows in small churches to great series of stained glass windows in city churches seating around 2,000 worshippers. The largest single job in Canada was the designing and installation of the new windows of the Metropolitan United Church, Toronto, after this cathedral-like structure was destroyed by fire in 1928.

For this stupendous task—which had to be rushed for the opening of the new structure two years away—Col. McCausland sent out an emergency call to fellow windowmakers in England.

He borrowed 10 English artisans, signed two-year working agreements with them and then paid the sea and rail expenses of the 10 men—and their families! In 18 months, the augmented studio staff completed six lofty windows for each side of the church, two for the transepts and one in the chancel. It would cost \$150,000 to replace them today.

One of the most interesting memorial windows in Canada, and said to be the largest in North America, is the centre window over the altar in St. Paul's Anglican Church, Toronto. This McCausland creation is 30 feet high and 12 feet wide, depicts The Ascension as the central motif, and includes 136 figures. This is valued at \$35,000.

The Resurrected Window

Another unique window in this church is 27 feet high and 6½ feet wide, but what makes it so extraordinary, apart from size and design, is that it contains bomb-shattered fragments of mediaeval stained glass windows that were picked up on the French, Belgian and Italian fronts of the first World War by Brigadier-General C. H. Mitchell and presented by him to the church. It was then the McCausland task to assemble these pieces into the present much-admired memorial window.

This window gave great impetus to the company's American business. A Texan and his wife, holidaying in Toronto were impressed by the windows, hunted up Col. McCausland and asked him to travel to Galveston, all expenses paid, and look over the church. The upshot was that the McCauslands have now made five windows for the Galveston church and are undertaking others. They recently completed 10 huge windows for St. Mary's Episcopal Church in Cleveland.

Hello Homemakers! June the traditional month of weddings is a busy time for most women. Entertaining and being entertained involves much shopping and planning. Amidst all the gaiety it might be well for the bride-to-be, and her mother too, to remind herself of some basic cooking rules. The following have been determined by actual tests on the electric range.

1. Do not use large quantities of water in cooking vegetables. In most every case the loss of food value increases directly with the amount of water used. And as the food value goes, so does the flavour.

2. Add boiling water to all green and root vegetables. The quicker vegetables can be cooked, the less food value they lose and the more attractive they stay.

3. Cook vegetables only until tender. Allow 25 to 28 minutes to cook potatoes, carrots, diced beets, etc., allow 12 to 15 minutes for fresh peas, corn, cut beans, etc., allow 7 to 10 minutes for spinach, beet tops and shredded cabbage.

4. Serve vegetables immediately. They should not stand and waste their flavour on the kitchen air. Cover with a piece of cheesecloth or a clean, thin tea towel if they have to be set aside for a while.

5. Meat does not require watching in the oven and you need not worry to what stage it will be done after you know the number of pounds of the roast you allow 35 minutes per pound in a preheated electric oven at 350 degrees. Beef will be cooked to a turn. For medium and rare roast beef, calculate five minutes per pound less at the same temperature.

6. Cook sausages and liver in a frying pan without a cover in a very little fat. Drain off fat or juices as it accumulates for 15 minutes.

7. Broil steaks and chops in broiling pan placed 4 or 5 inches below a hot element. Leave oven door ajar and turn in 10 or 12 minutes, depending upon thickness of meat.

8. Cook boiled custards in a double boiler and stir constantly with a wooden spoon. Use a silver spoon to test when it is cooked—that is, when the egg mixture coats the spoon.

9. Meringues to top puddings should be made with eggs that have been in the kitchen (not refrigerator) air for 1 hour. Beat eggs until they become frothy, then sift in the sugar gradually and continue beating until the mixture stands in peaks when the beater is pulled up.

10. Place tea biscuits and cakes in

pan on the shelf about one-third from the bottom. Bake tea biscuits for 12 minutes at 400 degrees and square cakes for 50 minutes at 350 degrees.

11. Bind the rim of a fruit pie with a wet strip of parchment paper to prevent juice from boiling out. Bake this type of dessert for 10 minutes at 450 degrees and continue cooking for 40 or 45 minutes.

THE QUESTION BOX

Mrs. F. B. asks: recipe for Lemon Meringue Pie.

Answer:

1 cup boiling water, 5 tbsps. flour, 1-8 tsp. salt, 1 cup sugar, grated rind of lemon, 1 cup lemon juice, 1 tsp. butter, 2 egg yolks, 1 8-inch pie shell.

Heat the water in a saucepan large enough to serve as a mixing bowl. Mix the flour, salt, and sugar; stir in a little hot water; pour the mixture into the saucepan; stir until the mixture thickens; cover and cook slowly for 5 minutes, stirring occasionally. Beat the egg yolks slightly; add the lemon juice and rind; stir the mixture into the saucepan; cook 1 minute. Remove from the electric element; stir in the melted butter. Cool slightly. Pour into baked shells; cover with meringue and brown in the preheated oven at 300 degrees for 15 minutes.

Mrs. J. T. asks: Recipe for Harvard Beets.

Answer:

2 cups boiled beets, cubed, 2 tbsps. butter, 1 tbsps. corn starch, 1½ tbsps. sugar, ½ cup mild vinegar, salt.

Melt the butter; add the cornstarch and sugar; stir in the vinegar gradually. Continue stirring until the sauce boils. Add the beets; keep warm until the sauce is a rich red. Add salt if necessary. Four servings.

Ann Allan invites you to write to her c/o Stirling News-Argus. Send us your suggestions on homemaking and watch this column for replies.

SPECIAL LOW RAIL FARES

MONTREAL, June 9th — Special low rail fares between all stations in Canada, and to certain border points in the United States over the Dominion Day holiday period were announced here today by J. A. Brass, chairman of the Canadian Passenger Association.

The reduced rail fares will be the one-way rate and one-half for the round trip. The tickets will be good going from Wednesday, June 30th, until 2 p.m., standard time, Thursday, July 1st. For the return trip, they will be honored leaving destination not later than midnight, Monday, July 5th.

NEWS FOR THE BUSY FARMER

SOME SUGGESTIONS FOR LATE SEEDING

Each spring, many farmers find they have fields which are unworkable during the normal seeding time because of poor drainage or excessive rainfall, says a statement from the Crops, Seeds and Weeds Branch of the Ontario Department of Agriculture. Many acres of this land are potentially high yielding, but seldom produce satisfactorily because of late seeding. This year, faced with the necessity of producing a minimum of 200 million bushels of feed grain in Ontario, it is important that these late fields should be seeded with feed-producing money-making crops.

Oats, barley and mixed grain cannot be expected to give best results when seeded late, says the statement, so it is well for farmers to consider other crops. Corn, soybeans, millet and buckwheat are all good cash and feed crops suitable for seeding later than May 24th.

Corn for silage or grain is a higher yielder of food nutrients which will mature ear corn in most sections of old Ontario. However, it is not advisable to grow corn on poorly drained land which is likely to be wet a good deal of the summer. Soybeans may be sown provided a sufficiently early variety for the district is selected. On reasonably clean fields they will yield up to 20 bushels per acre. This makes a good cash crop or an excellent source of home-grown protein concentrates.

Buckwheat is perhaps the ideal crop for late backward fields and weather. It can be sown as late as July 1st. Cultivation previous to sowing will destroy many weeds and the buckwheat itself is a good smother crop. This crop is adaptable to a wide variety of soils, and will yield fair returns on areas which are low in fertility. In such cases, the application of suitable fertilizer according to soil tests is advisable. The feed value of buckwheat is comparable to barley, being somewhat higher in protein. A mixture of barley and buckwheat has been grown with success on some farms.

Another crop which might be considered is millet. The millets, in addition to being suitable for emergency hay crops, yield profitable quantities of seed when allowed to ripen. Two general types of millet are grown in Ontario, namely, the hay millets which include the foxtails and Japanese millet, and the grain or prose millets. Millet may be sown any time during the month of June. It is a warm weather crop, and will yield well in almost any type of soil where there is an abundance of moisture, but a fine, firm seed bed is essential. Seeding at approximately 20 pounds to the acre is recommended when it is intended to harvest a grain crop. Millet is almost equal to barley in feeding value, and when ground, the grain makes a valuable addition to other concentrates.

BANISH BARBERRY AND BUCKTHORN

During recent years much has been said about the destructive influence of Common Barberry and European Buckthorn in increasing rust on grain. In a pamphlet prepared by Prof. J. E. Howitt, O.A.C., Guelph, it is explained that one of the chief reasons why stem rust of grain does so much damage in Ontario is the fact that Common Barberry and the purple-leaved variety of it are found to some extent in almost every county. Leaf rust of oats causes serious damage. This is because of the presence of the shrub known as European buckthorn in hedge rows, along roadsides and fence rows and in the bush.

These shrubs give the rust its start in the spring and an opportunity to produce new strains of rust. At this time of the year, thick, yellow spots appear on the undersides of the leaves of these shrubs. Farmers who suffer from grain rusts would be well advised to examine these shrubs at once. On them will likely be found cup-like structures, containing numerous orange-coloured spores, which when blown to growing grains, cause infection and give rise to rust. Prof. Howitt explains that when a black rust spore lives over the winter, on germination it produces eight spring spores, each of which may produce a cluster of spores on the Barberry leaf. It has been estimated that each of these may contain at least eight million spores. Thus each black rust spore may cause the formation of 64,000,000 spores to infect grain. Therefore, the presence of Barberry increases the opportunity of infection 64,000,000 times, as the wind carries these spores to nearby grain fields where they cause the first stages of rust on grain.

The importance of killing these shrubs is, therefore, conclusive. Officials of the Crops, Seeds and Weeds Branch of the Ontario Department of Agriculture say that spraying with a chemical weed killer containing a sodium chlorate base, or pulling them are very satisfactory ways. Common salt, kerosene, is also very effective. Twenty pounds of salt or one gallon of coal oil applied to a bush having a clump of stems about one foot across will kill it, if the material is properly distributed. Now is the time to destroy these bushes before the spores develop to the point where they can infect oats, further particulars about grain rusts and the necessity of destroying Common Barberry and European Buckthorn may be obtained from Agricultural Representatives, or from the Crops, Seeds and Weeds Branch, Ontario Department of Agriculture, Parliament Buildings, Toronto.

MORE CARE HANDLING EGGS IN SUMMER

Fresh eggs being a perishable commodity, must be carefully handled if the poultryman is to receive the best

returns when he markets the eggs. Wet, muddy yards in spring, warm summer temperatures and rough handling all tend to lower the quality of eggs and consequently, the returns to the producer.

If hens are allowed out in muddy yards, and nests and floors are not kept clean, too many soiled eggs result. Such eggs spoil rapidly because of the moulds and bacteria carried in the dirt. A similar condition arises from breakages in the nests, and for this reason, it is desirable to provide a sufficient number of nests and to collect the eggs frequently, especially during the morning when most of the hens do their laying. Soiled eggs should not be washed; it is preferable to rub any dirt off with steel wool.

Male birds should be separated from the laying flock, as the warm summer temperatures will cause the germ of a fertile egg to develop. Warmth has the additional effect of lowering the cooking qualities of the eggs, consequently they should be stored at a cool temperature, about 60 to 65 degrees F., in a well-ventilated room and free from strong odours. A farm cellar is often particularly suitable for this purpose.

Even with these precautions, eggs should be marketed frequently to avoid deterioration. Care is required during transportation, as rough handling and bumping in a truck may cause the mixing of the yolk with the egg white.

Clean, fresh water and good feeding practices, using well-balanced rations are important factors in the production of quality eggs.

SEEDS ACT GIVES POLICY ON SEEDS

Many people may be confused by the terms. The Seeds Act and The Seed Regulations since both are part of the law-respecting the sale production and distribution of seed in Canada.

The Seeds Act, is one of the statutes of Canada and was passed by the Dominion Parliament in 1937. It contained the long term policy laid down in regard to seed. It provides that seed must be labelled when it is offered for sale, that seed inspectors and seed analysts may be appointed, that new varieties must be licensed, that seed must be sold as represented, that "rejected" seed imported into Canada must meet Canadian standards. The Act provides for enforcement of the law.

In addition to these provisions there is a section which authorizes the Minister of Agriculture to make regulations. The Act itself, since it deals with general policies, is only changed at intervals of years; but conditions under which seed is produced, processed and sold change with the seasons. Varieties, production methods, processing methods and merchandizing are continually changing and improving. These changing conditions are met by changing the regulations but the changes in the regulations do not affect the basic principles of the Act.

As the Act prescribes an limits the regulations which can be made, when they are signed by the Minister, they become just as much a part of the law as the Act itself.

MUST SELL SEEDS BY VARIETY NAME

There is a section in the Seeds Act of Canada which says that seeds of cereals, potatoes, forage crops and lawn grasses shall be sold under an approved variety name. This section was placed in the Act to keep unscrupulous persons from naming an old established variety with a new and attractive name and selling the seed at outrageous prices. It also prevents the indiscriminate introduction of new varieties which may not be as good as the older varieties. Still further, it protects the name of a new variety which has been proved to be superior to the varieties already in use.

Under the provisions of the Seed Regulations the Plant Products Division, Dominion Department of Agriculture, issues a licence for sale of any new variety which is approved. Any Canadian citizen may apply for such licence to the Division, and the application must be supported by the following particulars:-

- (a) the name of the new variety;
- (b) its pedigree; (c) its originator and the history of its development; (d) a detailed description respecting the characteristics of its roots, stems, leaves, flowers and seed; (e) its disease and insect resistance and the region to which it is adapted; (f) its yielding ability and maturity range; (g) a tabulation of the results of tests and where they were conducted; (h) any characters which may distinguish it from other varieties, and (i) recommendation of the variety by a recognized agricultural official.

When these descriptions and recommendations show that the variety is acceptable, a licence is granted and the variety name is added to the list of established varieties. New varieties

are continually being introduced and these, after a period of time, gradually supersede some of the older varieties. When this happens, the licence for the diseased variety is cancelled.

What Others Say!

PAY OF MINISTERS

(Owen Sound Sun-Times)

Mr. Hiesley's explanation is that after 22 years in public life it is necessary for him to give attention to his personal affairs.

In other words, Mr. Hiesley wants to make more money than the \$10,000 a year he was paid as a cabinet minister and is confident he can do so in the private practice of law.

Salaries paid leaders of government by democracies are far out of line with the remuneration of men of similar ability in private life. Many a small city lawyer has received as much in a year as did Mr. Hiesley when he was in charge of financing this country's war effort.

If we wish to have the affairs of our country guided by our most capable citizens we should be prepared to pay them salaries equal to those they are able to earn in private life.

30 CENTS OF \$1 FOR TAXES

(Winnipeg Free Press)

As was shown on this page not long ago, the public expenditures of Canada, Federal, provincial and municipal, are running now at the rate of nearly 30 percent of the national income.

An exact comparison between the British and Canadian situation is impossible, lacking up-to-date figures on the cost of British municipal government, the operations of the new state enterprises and so on. But it would seem to be true that even in the government-controlled and partially socialistic state of Britain government spends no more, and perhaps less than government in the free enterprise state of Canada.

The plain fact emerging from the latest budgets of our Federal, provincial and municipal governments is that Canada cannot afford to maintain the existing level of expenditure. When something like thirty cents of the average citizen's dollar is taken from him and spent by the state the burden of taxes is bound to be heavy, and it cannot be safely reduced until costs also are reduced.

OFF THE PAVED ROADS

(Chatham News)

Let the wandering motorist deliberately seek out some utterly unpromising and neglected road, unpaved and untended, that wanders unobtrusively off from the main highway and loses itself in the farmlands. If he will follow such roads all afternoon, taking the bumps as they come, risking places, he can have motoring at its best.

It is on such roads that one can best savor the countryside. One comes to drowsy farms with snake-rail fences, whose corners harbor sumach and silver poplar, with weather-beaten old barns, innocent of advertisements, and orchards with their greenery. In the backgrounds there are hills and plains. Now and then — even close to large cities — the motorist will come to some tiny cross-roads country village, of whose very existence he had been ignorant, a town that looks precisely as it did fifty years ago, except for the gasoline pump in front of the general store.

And the best part of it is that the wandering sightseer can take his time.

THEY FINALLY CALLED THE DOCTOR

After two months of talk (at an estimated cost of \$1,000 a day) the Commons Committee of Prices decided it might be a good idea to call Governor of the Bank of Canada, Graham Towers, have him tell them why prices were high, whether it was possible to get them down, and if so, how.

Mr. Towers, in his best bedside manner, told the committee:

1. That he knew of no way of bringing down prices by voluntary action;
2. That to attempt bringing them down would involve "infinite difficulties;" and
3. That prices would come down by themselves when we got to greater production.

Governor Towers whose office is but five minutes' walk from the Parliament Buildings, could have been called by the Prices Committee two months ago. But politicians, or a certain type of them, have their own odd way of doing things. — Ottawa Journal.

CRIME AND RADIO

(Carleton Place Canadian)

One of the most forward steps taken in dealing with organized crime in Ontario has been the inception of radio-controlled Provincial Police cars which can be operated on instructions from Headquarters in Toronto and through district stations, one of which is located near Stirling.

Many Young Men From 16 to 19 Will Make An Important Decision This Year

Within the next few weeks many young men will be stepping into the industrial or business world. It's a mighty important step—one which may decide your future security and happiness so THINK before the move is made. If you wish to be on top, 10 or 15 years from now, you need to learn from the bottom up.

Consider YOUR Future Consider These FACTS

- (1) The footwear industry offers YEAR-ROUND employment, security and good wages.
- (2) Top men in this business must be trained men. There are real opportunities for ambitious, serious young men to reach the top.
- (3) In a company as large and far-flung as Bata, there are MORE openings than there are trained men.
- (4) The starting wages are good, the work is interesting and the possibilities are just what you want to make them.
- (5) A number of young men are being accepted now to learn the shoe-making business. Helpful supervision will assist them at every turn so that after three years they will know how to make shoes and how to operate the most important machines in the trade.

it is no idle boast that YOU'LL DO BETTER WITH BATA

Visit our Personnel Department at Batawa and learn just what we can offer you.

ference, was the guest speaker at the Thankoffering Service held at Salem United Church on Sunday. Rev. McLellan was entertained at the home of Mr. and Mrs. George McMaster.

Mr. and Mrs. Jack Watson and Barbara spent Sunday with Mr. and Mrs. Ivan Searles.

Mr. Orval Jackson visited Mr. and Mrs. Hiram Dufee on Sunday.

Mr. and Mrs. Ken Jeffrey and girls spent Sunday with Mr. and Mrs. W. J. Tanner.

Mr. and Mrs. Tom Clements, Ralph and Jane also Miss Dorothy Bateman spent the week-end in Portland with Mrs. C. Peko.

Mr. and Mrs. Lorne Hagerman and boys were dinner guests on Sunday at the home of Mr. and Mrs. Arnold Ray.

Glad to report Mrs. L. Wallace is progressing favourably after her recent accident.

Bethel

On Sunday morning the Bethel congregation were privileged to hear Rev. H. W. Robbins, B.A.S.T.M.; also at this service Mrs. Ray Shortt, President of the W.A. presented new offering plates to the Church on behalf of the Bethel W.A. Rev. Cole dedicated these lovely plates to the church.

Baskets of white spires, red poppies, iris and phlox graced the altar and Mrs. Don Heath gave a vocal number, "The Inner Circle." It seemed very fitting that an offering for Missions was taken on the new offering plates, expressing the thought "Others First."

Miss Doris Burley and Miss Meta Armstrong, of Belleville; Mr. and Mrs. Ernie Wilkes, of Campbellford, were recent visitors of Mr. and Mrs. Ray Sine and Gordon.

Mrs. Walter Warren spent Thursday evening with her aunt, Mrs. R. Townsend, of Belleville.

Miss Alice Young and Mr. Ken Thompson, of Belleville, were recent week-end guests of Mr. and Mrs. Don Thompson and family.

Mr. and Mrs. Walter Warren spent Wednesday evening with Mr. and Mrs. Ed. Warren, Stirling.

Mr. and Mrs. Francis Reid, Jean, Marion, Ivan and Judith spent Sunday with the former's parents, Mr. and Mrs. Edward Barry, of Tweed.

Mr. Henry Allen, of Apsley, spent the week-end at his home with Mrs. Allen and Melanie.

In Stirling, Mr. Sandercock, who is a week-end at the home of her parents, at Lakefield.

Mr. and Mrs. Harry Morrow and Linda Ann, of River Valley, and Mr. and Mrs. Fred Elliott, and Mrs. Art Emerson, of Moira, were Saturday evening visitors of Mr. and Mrs. S. J. Elliott.

Mr. and Mrs. Burton Thompson and Carl, of Mountain View, spent Sunday with Mr. and Mrs. Don Thompson.

Mr. and Mrs. Jas. Warren were dinner guests on Sunday of Mr. and Mrs. Walter Warren and family.

Bonarlaw

St. Mark's Church was filled to capacity on Sunday evening when the officers and members of Springbrook Lodge I.O.O.F. No. 429 attended in a body. Visitors were present from Stirling, Campbellford, Madoc and Tweed, and a large number of sisters of the Rebekah Degree from Laurel Lodge No. 211 Stirling and other lodges. Bro. Thos. H. Priest and Sister Evelyn Bailey acted as Marshalls.

The Rector, Rev. J. M. Brownlie, welcomed the members of the various lodges and delivered a very appropriate and interesting sermon, stressing the importance of the centre link of Oddfellowship which is Love. Bro. J. P. Baker contributed a tenor solo, "I Shall Not Pass Again This Way," accompanied by Mrs. Jason Baker.

Miss Lulu Brown who has been in Toronto for several months has returned to her home in Bonarlaw.

William Woods is visiting his brother, Peter Woods for a few days.

P. S. Kitchener, C.P.R. agent returned from a two weeks' vacation on Wednesday of last week.

Springbrook

Miss Lois Barton, Campbellford, is spending a few days with Mr. and Mrs. Orrie Barton.

Mr. Thos. Eggleton and Ruby and Mr. and Mrs. Payne, of Stirling, were

Deaths

McADAM — At her home, 92 Melrose Ave., Toronto, on Sunday, June 6th, 1948, Lorena Elizabeth McAdam, dear wife of Arthur McAdam and mother of Dr. Blake McAdam, daughter of Mrs. W. B. Totton, sister of Mrs. J. C. Campbell (Mae), Mrs. G. Bristol, (Emma) of Belleville, Miss Lelia Totton, Mrs. Hugh McKinnon (Evelyn), of Kirkland Lake, Mrs. G. Russell (Jean), of Weston and Mr. James E. Totton, of Toronto. Resting at the Trull Funeral Home, 2704 Young St., Toronto. Service was held in the chapel on Tuesday afternoon at 3 o'clock. Interment in Mount Pleasant Cemetery.

IN MEMORIAM

WALLACE — In loving memory of our dear parents, William Wallace, who passed away, June 3rd, 1939, and Mrs. William Wallace, who passed away, June 13th, 1942.

Someone remembers, someone cares, Your name is whispered in all our prayers,
 A beautiful memory a smiling face,
 A broken link we can never replace.
 —Always remembered by daughters Mrs. Ernest Lott, of Hamilton, and Mrs. Ernest McKeel, Campbellford.

AN APPRECIATION

I wish to thank my neighbours and friends for the many kindnesses shown me during my recent illness, for personal calls, cards, letters, flowers and refreshments, and a special thanks to L.O.L. No. 509 for their lovely box of assorted fruits and candy.

CARD OF THANKS
 Mrs. L. B. Wallace, of Harold, wishes to thank the ladies of St. Thomas Women's Auxiliary, neighbours and friends for their many acts of kindness since her recent accident.

CARD OF THANKS
 I wish to take this opportunity to express my appreciation to neighbours, friends and Laurel Robekah Lodge for cards, fruit and flowers, as well as personal calls including Rev. N. Cole and Dr. E. A. Carleton during my recent illness.

Mount Pleasant

Folks who reside on the Ingoles Trail from Stirling to Central Cheese Factory were delighted on Saturday when the road was given a coating of calcium chloride. The dust has been terrible for the past two weeks, making motor travel hazardous. Folks who lived close to the road left their windows and doors tightly closed and even then a quantity seeped inside.

Mrs. Frank Smith attended River Valley W.I. at the home of Mr. and Mrs. Clarence Chard on Thursday last.

Mr. and Mrs. Gordon Linn were guests at the Richards-Bush nuptials. Mrs. John Hay is recuperating from her recent accident.

The school children enjoyed a holiday on June 7th, in honour of the King's Birthday.

Rev. Harold Robbins took charge of the afternoon service at Mount Pleasant and spoke from the theme, "The Missing Link," which left a challenge to United Church members to build for peace. Mrs. Malcolm Sharp presided at the piano.

The rain Saturday and Tuesday will be a boon to gardens and strawberries.

Mr. John Holmes is ill at his home, having contracted a heavy cold which led to pneumonia.

Mr. and Mrs. Ross Hoard, James and Robert visited relatives in Thurlow recently.

Mr. and Mrs. Alex Glover, of Belleville, spent Sunday with Mr. and Mrs. Arthur Phillips.

The Visser children have contracted measles.

Mr. Calvin Totten, of Vancouver, is holidaying with the Reid families on the fourth concession and visiting other relatives.

Mr. and Mrs. Harold Wells and family, Stirling, were Sunday guests of Mr. and Mrs. Gordon Linn.

Relatives and friends here received word of the death of Mrs. Arthur McAdam, formerly Lorena Totten, of Wellmans. She is survived by her husband and one son, a dentist, Dr. Blake

Totten.

Messrs. Ross Hoard and Carl Clancy were called as jurors this week.

Wellmans

Mr. and Mrs. Victor Graham and family spent Sunday with Mr. and Mrs. Eric Sandcock and family, of Fenella.

Miss Fay Fleming took tea Monday evening at the home of Mr. and Mrs. Victor Graham.

Miss Fay Fleming spent the weekend with Miss Mina Dracup.

Master Gary Hutcheon is ill with pleurisy.

There are ten pupils absent from school due to the measles.

Mr. and Mrs. John Rainie and James and Miss Emma Rainie motored to Toronto on Tuesday to attend the funeral of their niece, Mrs. Arthur McAdam.

Mrs. R. Johnson, Miss Fay Fleming and Miss Eleanor Graham took tea Tuesday with Miss Lelia Johnston and her father.

Madoc Junction

Miss Gladys Clarke and Mrs. Warren Harlow attended the Convention of Sidney Township Religious Educational Council held at Frankford on Wednesday of last week.

Mrs. Thos. Reid and family, Springbrook, were guests Sunday evening of Mr. and Mrs. Nelson Stapley and family.

Mr. and Mrs. Thos. Ward and son, of Calgary, spent the tea hour Saturday evening with Mr. and Mrs. Milton Reid.

Mr. and Mrs. Bruce Stapley and Donna spent Sunday with Mr. and Mrs. Raymond Baker, of Toronto.

Those remembered on Shut-In Day by the Sunday School with cards and flowers were Mrs. R. Chambers, Mrs. J. Cooke, Mrs. J. Dafee, also Mrs. A. Andrews, of Stirling, and Mrs. F. Stewart, of Lakefield.

Mrs. Hugh McMullen spent a few days last week at her home in Moira,

NEW 1949 FORD

Subject of speculation ever since the automobile industry returned to peacetime passenger car production, a radically new Ford will appear in dealer showrooms in major Canadian cities later this month.

Specifically designed to compete in the low price field, the 1949 Ford differs as sharply in its structural and operational features, and represents as great an advancement, appearance and comfort-wise, over previous models as did the larger cars introduced by Ford Motor Company of Canada, Limited, a few weeks ago.

The 1949 Fords will be introduced in two series. The Custom series includes the Tudor Sedan, shown here, a Fordor Sedan and a Club Coupe. The DeLuxe series includes Tudor and Fordor Sedan, Club Coupe and a Business Coupe.

Styled in an advance, postwar pattern, only five feet three inches high, with low broad contour and full-width interior roominess, the new Ford has

a 59 per cent more rigid body-and-frame structure, has more than 20 square feet of picture window visibility — the windshield alone is 137 square inches greater in expanse — and its new 100 h.p. V-type eight cylinder engine operates at up to 10 per cent greater economy.

A newly designed braking system requires 35 per cent less pedal pressure and the car's deep-deck luggage locker is more than half as spacious again as in the preceding models.

The front wheels are independently suspended, the system combining soft action coil springs and double action, aircraft type hydraulic shock absorbers. At the rear, similar shock absorbers function with extra-long springs which are mounted parallel to the frame and are so designed as to make lubrication of the spring leaves unnecessary.

A new, built-in fresh air ventilation system provides fresh air through ducts with screened inlets at each side of

the radiator. The "pressurized cabin" effect permits opening vent windows part way, even on rainy days. When a heater is combined with the system, fresh warm air is abundantly circulated throughout the inside of the car.

Interior-wise, Ford of Canada has broken away from the neutral tones which have been traditional for mass production automobiles. Textured fabrics, popular in fashions and interior decorating, are introduced. Of several new fabrics, the most unusual is a soft gray tweed mixture with a blue stripe which gives the 1949 Ford interiors a freshly tailored look. It has been combined with matching bolster of blue-gray broadcloth to protect the upper section of both front and rear seats. Other fabrics, in proper combination are available complementing the new Ford exterior color such as Sea Mist Green, Birch Gray, Colony Blue and a wide range of additional choices.

OTTAWA

WEEKLY WIND-UP

It is believed here that the Board of Transport Commissioners will start on their nation-wide inquiry on freight rates sometime late in July.

An early start on the National Capital Development Plan to make Ottawa into one of the world's most beautiful capitals is expected "shortly", judging from a hint given in the House of Commons.

A proposal has been made in Parliament that a separate Minister should be named to deal with mines, forests and scientific services, with a forecast stating the mineral resources of this country could produce more than a \$1,000,000,000.

Canada's internment policy during World War II was recalled at a meeting of the Parliamentary Committee on Human Rights when discussion took place on the United Nations' draft of International Human Rights Declaration.

Postal employees are grumbling now and the men who deliver the mail want a number of specific changes in the conditions of their work, calling upon the Postmaster General, Ernest Bertrand here to present their grievances.

A group of officials of the World Association of the Girl Guides and Girl Scouts held a two-day meeting in this capital to prepare for a world conference being held in U.S., August 13-23.

Canada will be invaded by a record number of U.S. tourists, officials here say, with President Truman's action in raising the amount of duty-free goods that the visitors can bring back home from \$100 to \$400 bound to induce many of them to spend their holidays here and to "shop around" for bargains in Canadian stores.

Canada's new consular service is expanding, according to the Chief of this Division of External Affairs here, L. G. Chance, with his evidence before the External Affairs Committee of the House of Commons suggesting that in time Canadian consuls will be appointed in various parts of the world.

Estimated Canadian production of newsprint last year was 4,446,789 tons and Canadian consumption totalled 273,485 tons, with exports reaching 84,415,576 cwt., and leading countries getting supplies including U.S., 73,506,975 cwt., Argentina, 1,003,637 cwt., United Kingdom, 1,110,409 cwt., and Australia, 3,231,842 cwt.

"MONEY MAKES THE MARE GO"
...BUT HORSE SENSE HELPS

'As a farmer, you're well aware of the truth of this old proverb... and you know, it's not just how much money you have but how wisely you spend it. That's horse sense.

Last year, thousands of Canadian farmers showed they had plenty of it. Under the Farm Improvement Loans Act, they borrowed over \$18,000,000 which — with a good proportion of their own money — they used to make their farms better, more profitable farms.

'Are you among those taking advantage of this opportunity to get ahead?

If you'd like to modernize your farm and home economically, you'll find, at the B of M, that farm improvement loans can't be bettered for low rates and freedom from other charges.

Ask at your local branch of the B of M for your copy of "Quiz for a Go-Ahead Farmer".

The farmers who borrowed under the Farm Improvement Loans Act last year have better farms, better homes, better lives, as a result. They used the money well... to buy machines and equipment... to construct and repair buildings, including homes... to clear and break new land... to buy foundation and more worthwhile in many other ways.

THIS YEAR, YOU CAN DO IT, TOO.

TRAFFIC ACCIDENT PREVENTION

Traffic accidents killed 132 children under the age of 15 in Ontario last year. This is a public shame. And it should need the conscience of any driver who has ever neglected to watch closely for children playing or crossing streets. For a great many of the deaths and crippling injuries result from car-hits-child type of accident. We all know how often this happens. We know, too, that quite often the child did something rash and the car driver could not stop or swerve in time. The Ontario Department of Highways urges us to remember these things. We must watch for the youngsters all the time when we're driving. We should be prepared for their sudden rash actions by driving slowly in residential neighborhoods. Let's all help protect Canada's child life.

PRICE REDUCTIONS

Ever since the Canadian Government announced the removal of the sales tax on certain foodstuffs, people have been complaining that price reductions in stores across this country have not been forthcoming as anticipated. However, it must be pointed out that information in this capital shows that immediate price cuts could not be made on the food items involved by the lifting of the tax in the budget since the sales tax has been paid on the stocks now in the stores and in the hands of food distributors. With the added comment that stocks are plentiful not only in the stores but in the warehouses at the present time.

This means that price reductions on such foodstuffs are not possible immediately if the sales tax has been paid and the effects of the removal of the tax are going to be felt when stocks upon which taxes have not been paid are offered to the consumers.

NEW TREATY ARRANGEMENTS

"Any change of tenure, in the event

of union of Newfoundland with Canada, would of course require new treaty arrangements with the United States Government," said External Affairs Minister St. Laurent when asked in Parliament what would happen, if Newfoundland favored union with Canada, to the ownership of defence bases which are now occupied by U.S. forces.

EXTENSIONS AND IMPROVEMENTS

The Canadian Government is proposing to introduce various improvements and extensions in the mail services of rural areas, it is learned here, though it is known that rural areas may not feel the benefits of the all-up mail service to the same degree as the more populated centres, this being in reference to the carrying of mails by air under certain circumstances starting July 1st. It is known in the capital that the Post Office Department is studying ways and means of inaugurating some changes which will bring marked extension of mail services to the rural population across Canada.

SCIENCE AND AGRICULTURE

The constantly growing science service for agricultural undertakings of the Canadian Government has been made to raise the salaries of such scientific workers not merely to improve such science services to the nation but to retain necessary personnel. In fact, the whole thing has been raised in the House of Commons.

One member, commenting that "it is unfortunate that Canadian scales of salaries have not been brought to higher levels," emphasized that many such scientists are working for the Ministry of Agriculture, "at considerable sacrifice." He quoted a concrete example of one of his classmates at college who spent 15 years in the Canadian Government's service and reached a maximum of \$3,200, finally being forced to leave because he had assumed added family responsibilities. He got a job immediately for a starting salary of \$6,000 with a commercial concern and he is now receiving \$7,200.

Agriculture Minister Gardiner has explained that increases are being granted to science workers in agriculture where salaries are under review. "I can only repeat what I said last year," said Mr. Gardiner, "that we were in advance of any of the other departments in having a review made of salaries and having increases pro-

vided for under the general survey that was being made of salaries throughout the service."

ALL-OUT EFFORT

Gossip in political circles along Parliament Hill indicates an all-out effort on the part of the Government forces to capture the by-elections being held in May and June, with several cabinet ministers giving much of their time and thought towards the campaigns. The overall majority of the Government in Parliament now is 128 as against 116 Progressive-Conservatives, CCF, Social Credit, Bloc Populaire, and Independents, these being 67, 29, 14, 2 and 4 respectively. In other words, the Government is anxious to add a seat or more to its present holdings and considers its majority rather slim, judging from the all-out effort in the by-elections. In addition, it is known here that some cabinet changes may be in the making shortly and it is understood that these are being held up until the by-elections will be decided, with rumors persisting that the two present members of the cabinet may be elevated to the Senate before long.

STUDYING IMPROVEMENTS

Transport Minister Chevrier has disclosed here that the Board of Transport Commissioners has been requested by him to form a committee to study the smoke problem in congested areas, though he did hint that solving the problem by means of electrification of the railways was "extremely costly." He also made known that the Board has a special committee studying means of safeguarding railways from slides in rocky mountain areas, with a large sum being put aside by the CNR for the installation of a block system to warn engineers of slides.

SAID IN THE CAPITAL

"There must be a limit as to how far we can allow embassies to use diplomatic freedoms for propaganda purposes," said Gordon Graydon in the House of Commons.

"As to the announcement I made recently with reference to bringing immigrants by air, one reason for that arrangement was the great shortage in shipping facilities," emphasized Hon. James A. MacKinnon here in explaining shortage of ships.

"Things have been getting worse since then," declared J. M. Macdonnell, MP, saying that in 1946 Canada was getting along well until she decided to revalue her dollar, adding U.

S. investment in Canada was "cut off like the turning of a tap."

"All likelihood of any immediate peace settlement with all Germany disappeared with the failure of the London Conference on Foreign Ministers last winter," said Under-Secretary of State Lester Pearson.

NEARING THE END

It is evident now along Parliament Hill that there is a drive to complete the business of the present session by the end of the month but it is also clear the forthcoming legislation will be intensely interesting. Even a quick glance at the measures already on the order paper and others expected to be added to the task indicate in no uncertain way the tremendous job ahead.

The following measures are for consideration of committees of the House: an Act to provide for the investigation, conciliation and settlement of industrial disputes; an Act to amend the Loan Companies Act; an Act to amend the Dominion Elections Act; an Act to amend the War Veterans' Allowance Act; an Act to amend the Veterans' Insurance Act; an Act to amend the Veterans' Rehabilitation Act; an Act to amend the Yukon Quartz Mining Act. In addition, other measures will include Bills respecting the C.N.R. financing and guarantee; re-introduction of the Income Tax Act; amendment of the Criminal Code; amendment of the Judges Act, Lord's Day Act, and the Government Annuities Act, with Bills pertaining to others being scheduled for Superannuation, tax convention between Canada and France as well as New Zealand, etc.

On top of all these measures, there are other so-called possible measures that may be brought up before the legislators will conclude their session, such as the legislation that may arise from reports of standing and select committees, with the best-informed information on Parliament Hill revealing clearly that from time to time measures may be brought forward which are not even known at the present time. Consequently, news will be coming from this capital in quick succession now.

A GOOD CROP

One of this nation's top banking figures, Graham Towers, Governor of the Bank of Canada, has left the deep impression along Parliament Hill that a good wheat crop in the West this year may have more profound effect on the economics of the nation than

mere banking activities or decisions, judging from his statements to a Committee of the House of Commons. He thought "that the chances of the United States reverting to price controls at this stage are zero."

CO-OPERATES CLOSELY

The Canadian Government is obviously regarding the Marshall Plan for the Economic Recovery of Europe as extremely important not only in the interests of the prosperity of the rest of the world but quite properly of this nation, with the extreme importance being attached to the activities of this plan being shown in the fact that Canada's Ambassador to Mexico, Hon. Sydney D. Pierce, has been chosen to proceed to Paris shortly in order to organize the Canadian liaison with the United States European Recovery Program, offices being opened in France to carry out this great programme in Europe.

During the last war, the present Canadian Ambassador to Mexico, Mr. Pierce, had a great deal of invaluable experience with the War Production Supply Board in Washington where he is very well-known for his accomplishments in supply just as he is recognized on Parliament Hill here as an accomplished expert in such work. This appointment is interpreted here as significant of the great importance being attached by the Canadian Government to the whole European Recovery Program as it affects this country.

AMALGAMATION OF SERVICES

When asked if the legislation for the amalgamation of the army-navy and air force forces acts of Canada has been drafted, Defence Minister Brooke Claxton replied in the House of Commons: "Yes, the legislation is ready but, as the hon. member knows, it would amount to the amalgamation of some 16 Acts, which would run to over 300 sections, and it is felt that it would not be possible to dispose of it at this stage of the session without unduly prolonging the session. We can, we believe, get along under the existing legislation until next session."

EFFECT ON PRICES

Testifying before the Special Prices Committee of Parliament, Graham Towers, Governor of Bank of Canada, Conceded that shortages which can be traced to the import restrictions might have an upward effects on prices. He also disclosed that by Nov., 1947, the Government felt that the decline in

foreign exchange reserves had to be arrested or "we'd be in a serious fix."

VACANCIES CAUSE GOSSIP

With 13 seats in the Canadian Senate vacant at present, there is considerable gossip backstage in this Capital about likely action coming soon to fill them and talk about the "unprecedented" number of such vacancies. However, it must be pointed out that there have been occasions in the past when larger numbers of seats in the Upper House were unoccupied. In fact, Premier King named 14 Senators just prior to the 1940 elections, with Premier Bennett naming 17 Senators just before the 1935 vote.

WORLD TRADE WEEK

TORONTO, May 23 — "More trade means more jobs" is the slogan of World Trade Week being observed May 30th to June 5th to emphasize the importance of trade to Canada's future prosperity. Col. H. R. Alley, Vice-President of Gooderham and Worts Ltd., is chairman of the Ontario World Trade Week Committee.

Canada is now the third largest exporting nation in the world, statistics show. During 1947, exports valued at \$2,775,000 were shipped from Canada. This is nearly one third of the total national revenue for the year.

Canadian manufacturing industries expanded rapidly during wartime to a capacity far beyond the domestic needs of this country of 12,000,000 people. This vast production capacity has continued into the post-war world, and if these industries are to continue in full operation, markets for the produce must be found outside of Canada, it was pointed out. In turn, Canadians must import from other countries in order to receive payment for her exports. At the International Fair being held in Toronto concurrent with World Trade Week, Canadian manufacturers are exhibiting their wares to buyers from scores of foreign countries, and in turn, Canadian purchasers are being given the opportunity to see samples of foreign-made goods being offered for import.

Among the many manufactured goods which Canada exported to 72 world countries in 1947 are binder twine, rope, kitchen woodenware, garden and farm tools, razors and blades, cutlery, iron tacks, nuts and bolts, screws, general hardware, washing machines, kitchen enamel ware, axes, machine tools, bicycles, lamps, stoves, and paints and varnishes.

The Parliament of Canada has just passed "an act respecting The Bell Telephone Company of Canada". Here is what this act means to the telephone-using public:

More and Better Telephone Service

A Period of Unequalled Growth

In the 34 months since V-J Day we have added 350,000 telephones—many more than in the preceding ten years. We now serve 1,360,000 telephones—22 for every 100 persons throughout Ontario and Quebec. We have never before provided so much new service in so short a time.

This unprecedented pace has been maintained with the aid of new capital from Canadian investors. More will be required.

The Continuing Demand for Service

Yet, despite this rapid growth, we still have 96,000 unfilled orders for telephones and another 69,000 requests to change party lines to individual service. Thousands of new orders are coming in every month.

Long Distance calls are three times pre-war levels.

Many new buildings, switchboards, lines and other equipment must be provided as rapidly as possible. The next decade may well see more telephone construction than during the preceding 68 years of our history.

Rural Telephone Service

Rural telephone service has expanded, and will continue to do so. In the territory we serve, 55 of every 100 rural homes and businesses have telephones. In 1945 only 39% had service.

Vast Construction Program Continues

Parliament has given the Bell Telephone Company permission to increase its authorized capital by \$350,000,000.

The Company can now continue to go to investors for the money necessary to further the greatest expansion and improvement program in its history.

This construction program is necessary if the Company is to carry out its obligation and satisfy the public's continuing demand for more telephones and more telephone service.

Our objective is to extend and improve the service so that ultimately we can give every applicant the kind and quality of service he wants, when and as he wants it.

Our farm program calls for still more telephones, for fewer parties on each line, and for more new switchboards.

Dial Telephones

New dial equipment is being installed in tremendous quantities.

Today we have more dial telephones than the total of all our telephones in 1942. Now 70 out of every 100 telephones are dial. More exchanges will be converted to dial operation.

Financing the Program

Much of the new money necessary to extend the telephone system must be obtained from thousands of people who wish to invest their savings.

The principal means of securing this new capital will be by issuing additional shares of our stock from time to time with the approval of the Board of Transport Commissioners.

It was for this purpose that the authority of Parliament was obtained.

Best Service—Lowest Cost

The skill and enthusiasm of telephone workers will be devoted to turning the materials obtained with the new capital into service of the highest standard.

The public can be assured that The Bell Telephone Company of Canada will continue to provide the best telephone service at the lowest possible cost.

THANK YOU!

I wish to take this opportunity of expressing my sincere thanks to all those who worked for me and supported me on June 7th.

I also wish to assure you that as your representative in the Provincial Legislature I will work in the interests of all the people of West Hastings.

Elmer Sandercock

Mrs. Empey said, "Stewardship was the giving of ourselves, our time, our talents and our possessions to God. We need to pray and read our Bibles more, and in reading our Bible, we must be ready to accept all of it. Too many of us just sort out the things we want and discard the other truths."

The speaker told of the many different verses in the Bible pertaining to Stewardship. "Each one of us," she said, "finds time for the thing we really want to do, so let us take time to be good stewards."

No meetings of the W.M.S. will be held through July and August.

DROWNED AT HASTINGS

Fred Baldwin, 39, of Toronto, was drowned early Saturday morning while fishing in the canal beside the Trent River at Hastings. The man met his death near the drawbridge over the canal. Fishing companions were unsuccessful in efforts to reach the struggling victim before his heavy fishing clothing dragged him under the water.

St. Paul's W.M.S.

The members of St. Paul's W.M.S. met at the home of the President, Mrs. E. G. Bailey on Tuesday afternoon of this week.

A short devotional service, followed by the business period was conducted by the president. The Stewardship Secretary gave an interesting reading entitled, "That Is Not Mine." Mrs. Barker reported for Mission Band and announced that Springbrook Mission Band will be local visitors this month. Mrs. H. David gave a report for Temperance Department, detailing some of the resolutions made by Dominion Board. Literature and Community

Friendship gave news of their work with the latter reporting 20 calls made during the month.

Mrs. Geo. Pollard and committee presented the afternoon's programme based on the theme "Co-operation." Mrs. C. Wright read the Scripture Lesson from 2nd Corinthians and Mrs. W. Elliott gave comments on same. A dramatization portraying the work of our student missionaries was given by the following characters: Mother, Mrs. R. B. Duffin; Daughter, Mrs. W. T. Elliott, and Student Missionaries, Mrs. Ralph Barker, Mrs. Harold Wells, Mrs. W. West and Mrs. A. Armstrong. Mrs. Earl Bailey introduced Mrs. Empey, President of the Belleville Presbytery, who addressed the meeting on the subject of "Stewardship."

'The Glorious Dead' Honoured At Memorial And Dedication Service

Rev. (H/Capt.) A. S. McConnell, M.B.E., Gives Address and Unveils Memorial

Stirling and community did honour to its glorious dead at 2.30 p.m. on Sunday, when a large crowd attended a Memorial and Dedication Service to those who gave their lives in World War II at the local cenotaph. Some fifty members of the Canadian Legion from Stirling and Frankford, under the direction of Sgt. Major H. Skillcorn, and led by Stirling Citizens' Band paraded to the Memorial Park for the service. Members of the families of those who gave their lives were given seats to the front of the cenotaph while the Band and members of the Legion lined up on opposite sides.

The service, which was presided over by Rev. C. C. Brazill, opened with the singing of "O God Our Help in Ages Past," followed by the chairman's remarks. The Scripture Lesson was read by Rev. R. W. Barker. Rev. Capt. McConnell.

Rev. Capt. A. S. McConnell, M.B.E., of Trenton, a former rector at St. John's Anglican Church, was the special speaker and brought a most appropriate three-fold message to the large gathering.

"This is a day of Remembrance," stated Capt. McConnell, who recalled visiting the Ypres Memorial for the service in honour of the Canadians and British who died in the first World War, also a similar service in Holland for those who died in World War II. This is a different day and in the silence we shall all remember those who gave their lives for us.

"Secondly, this is a day of reverence for gallant service and noble sacrifice," stated the speaker. Nothing can take away the glory of our dead. It will be a sad day for any country when it fails to revere its honoured dead. He urged parents to teach their children to reverence Stirling's Memorial Park and Cenotaph as a memorial to those who gave their all for us. Every citizen should make a vow to make a yearly pilgrimage to this spot in honour of those whose names are inscribed on the War Memorial.

"Thirdly, this is a day of resolution," continued Capt. McConnell. In a short time our country will raise memorials in various theatres of war in honour of our dead and their names will be inscribed in the Book of Remembrance in the Memorial Chamber in the Peace Tower at Ottawa. We must live better lives and do far more for humanity because they died. We must devote ourselves entirely to the certainty of our heritage. We must resolve to tear from our country the insidious propaganda of a foreign land which would take from us the very peace and liberty, justice and freedom for which they fought and died. Unveiling

The unveiling ceremony was carried out by Rev. (H) Capt. McConnell with these words:

"In the glory of God and in memory of those from Stirling and

REV. (H/CAPT.) A. S. MCCONNELL

Winner In Contest

Congratulations are extended Ruth Mumby, ten-year-old daughter of Mr. and Mrs. Kenneth Mumby, of Harold, who won the "Talented Unlimited" programme in McCarthy Theatre, Belleville, on Saturday last. Ruth sang "The Blue Velvet Band," playing her own guitar accompaniment, and was awarded a sterling silver brooch. She will sing again on Saturday, June 19th, in the semi-finals of the contest.

Appointed Rector At St. John's

Announcement has been made of the appointment of Rev. A. J. Anderson, B.A., as rector of the Parish of St. John's Stirling, and Trinity, Frankford, to succeed Rev. C. C. Brazill on September 1st. The new incumbent at St. John's has been Chaplain at Kingston Penitentiary for a number of years. Rev. Brazill is going to St. Edmund the Martyr Church, Toronto.

community who gave their lives in World War II, I now unveil this memorial.

The dedicatory prayer was given by Rev. W. H. V. Walker, followed by Last Post, two minutes' silence and Reveille, played by Bugler Bob Hufkin. Prayer was offered by Rev. R. W. Barker, followed by the reading of the names of those who gave their lives in World War II by Rev. C. C. Brazill: Coolidge Ashley, Stanley Dainard, Ivan H. Martin, Aubrey Rodgers, Donald Stapley, Ralph Stapley, Alvin Stoneburg, Jack Wood, Irvine Woodbeck and Maurice Woodbeck.

Floral tributes were placed at the cenotaph by Geo. Noble, president Stirling Branch of the Canadian Legion, Ernest Dainard, Mrs. Frank Wood, Mrs. Hiram Rodgers, Mrs. Oliver Stapley, William West and Mrs. Russell Stapley.

Following the singing of "Abide with Me," Rev. Brazill pronounced the Benediction.

Honour Mr. and Mrs. Fred Kingston On 45th Wedding Anniversary

In honor of their 45th wedding anniversary, a large number of neighbours gathered at the home of Mr. and Mrs. Fred Kingston, Oak Lake, on Friday evening, June 11th.

With Mr. Walter Lindenfield as chairman the following program was presented: Readings by Mrs. Charlie Ross, Mrs. Alex Tanner and Mrs. Wm. Bartindale; piano numbers by Misses Doreen Bartindale, Joan Campbell, Evelyn Olmstead and Lois Mita; a song by little Wayne Campbell and a contest by Mrs. Bartindale.

Mrs. Harold Dettler addressed Mr. and Mrs. Kingston as follows: Dear friends:-

Your friends and neighbours have gathered this evening to celebrate with you your wedding anniversary, and offer our felicitations. Anniversaries are the milestones on the journey of life over the way we have come. We admit it has not been all sunshine, but every life needs some shadow to temper the glare of the sun, and the surmounting of difficulties serves to strengthen character. In the words of the hymn:

The trivial round, the common task, Will furnish all we ought to ask— Room to deny ourselves, a road To bring us daily nearer God.

The toil and sacrifice which a father and mother put into the rearing of a family brings its own reward of loving satisfaction. We are assured that your "Memory Lane" will ever be crowded with happy thoughts and reminiscence.

On this, the forty-fifth anniversary of your marriage, health and happiness are yours and it is our wish that God in His great wisdom may add many more years to your life together. As a slight memento of this occasion we ask you to accept this gift, and as you use it may you think some times of your friends at Oak Lake and vicinity.

Signed on behalf of all Dora Coulter, Mary Heasman, and Pansy Dettler. The presentation of a three yard pure Irish linen table cloth was made by Mrs. Harry Coulter, Mr. and Mrs. Kingston found it a bit difficult, as would most of us, to find words to express their appreciation of the thoughtfulness of the community folks in honoring them by their presence and the lovely gift.

The usual very beautiful lunch was served by the ladies. Among those present were Mr. and Mrs. Wilbur Shorey, of Wallbridge, and Mrs. Robt. Christie, of Stirling.

Annual Banquet Ladies' League

Over One Hundred Partake of Delicious Meal — Rev. C. C. Brazill Delivers Address

The annual banquet of St. John's Ladies' League was held in the Parish Hall on Thursday evening last, with over one hundred members of the congregation and friends in attendance. The well-laden tables were decorated with bouquets of seasonal flowers and yellow and blue streamers and the tasty and well-prepared meal was served promptly and with a minimum of confusion.

Following the dinner, Mr. A. H. Collings acted as master of ceremonies for a program of toasts and musical selections. Mrs. Burton Woodbeck, President of St. John's Ladies' League, welcomed the guests and was followed by a solo, "Bless This House," by Mrs. Don Nicolson. The toast to "The Church" was proposed by Mrs. Edward Kent and responded to by Rev. C. C. Brazill, who paid tribute to the work of the Ladies' League, and Mr. Harry Phillips, of Brockville, Miss Barbara Brazil gave a piano selection and Mrs. Don Nicolson and Mrs. Burton Woodbeck sang a duet "Now Is The Hour," and as an encore sang "On Moonlight Bay."

The address of the evening was given by Rev. C. C. Brazill, who spoke on "The Value of Home."

"Every one is in the mood for values," said the speaker, "but there are some values which cannot be bought — the values for example which belong to the life of a family in a home. Houses, valuable as they are can be bought for money, but homes and their unlimited values can be obtained only by the love, the sacrifice, the give and take, the intellectual and spiritual cost, a share of which is borne by each member of the home. We all want homes but what will happen to them unless parents learn to get in the mood for the values in home life which are being questioned, defied and assailed on many sides.

"Parents are the first teachers their children have," stated Mr. Brazill, "and have a responsibility for which no other social unit or institution can ever be more than a poor substitute." He made a special plea for the Christian religion and with it sounded a challenge to every parent to prepare

Results of Hastings County Junior Farmer Livestock Judging

Thirty-nine contestants, comprising of twenty-one juniors, sixteen intermediates and two contestants in the specialists section, competed in the Hastings County Livestock Judging Competition on Saturday, June 12th.

Winner of the \$50.00 prize money, donated by the Hastings County Council toward the U.S.A. Trip, was won this year by Douglas Harry, Trenton, R.R. No. 5. His performance this year and in the past at judging competitions and his executive ability in his Township Junior Farmers' Club has been such that he won easily over his next nearest contender for this award.

The Canadian National Exhibition shield, donated by the Canadian National Exhibition Association, awarded to the beginner who has never judged in the County judging competition before, was won by Patrick Shannon, of Plainfield. This same contestant also was awarded the Wardens' Trophy for annual competition, to be won by the contestant with the highest aggregate score. The \$10.00 Short Course Special Prize, which was to be awarded after contestant attends a Short Course at either Kempenfelt Agricultural School or the Ontario Agricultural College during the 1948-49 Christmas Vacation, was also won by Patrick Shannon.

The P. C. McGuire Trophy, to be awarded to high man in dairy cattle in the competition was awarded again this year to Gerald Eggleton, of Belleville, R.R. No. 6. This cup must be won three times by the same contestant before becoming his property.

The ten top contestants in the Junior Section were: John McComb, of Donariaw; Bob Burklit, Frankford, R.R. 3; Glen Blackburn, Eldorado; Glenn Watson, Harold, R.R. 2; Bob Mallory, Trenton, R.R. 7; John Geen, of Frank-

Legion Wins Over Glen Ross

Thrilling Finish To Loosely-Played Game — Both Teams Guilty of Too Many Miscues

Stirling Legion eked out a close 11-9 win over Glen Ross in a thrilling struggle at the recreational diamond last night. Both teams were guilty of numerous miscues in the infield, which all added up to more runs and more thrills for the fans. Neither of the starting pitchers finished with Potter of the Legion being replaced by R. Pyear being replaced by Brooks at the beginning of the third, Gerald Pyear and Phillips hit homers and Moore a triple for the losers, while Ray Rose, was the most consistent hitter for the winners getting on base four out of five tries and winning the game with a hard hit grounder down the third base line which went for a triple.

Glen Ross got one in the first and four in the second on homers by G. Pyear and Phillips and a triple by Moore. They added two in the 3rd on an error, a walk and a double by Utman, and two in the fifth.

The Legionnaires counted three in the first and two in the second. They had their big inning in the fourth, when four straight hits coupled with a couple of errors netted them four runs, to give them a two-run lead.

Glen Ross tied the score in the fifth but in the seventh singles by Potter and Bastedo, followed by a triple by Rose put the game in the bag for the Legion.

LINEUPS
GLEN ROSS — Brown, 2b and 1f; G. Pyear, 1b, D. Pyear, ss; Moore, c; Armstrong, if and 3b; R. Pyear, p and 2b; Utman, cf; Phillips, rf; Brooks, p. Weaver played if until Brooks took over the pitching duties.

LEGIONNAIRES — B. Bastedo, 1f; Rose, ss; Wagar, 2b; Shannon, 3b; Noble, cf and p; Mayhew, 1b; Kreh, c; Royal, rf; Potter, p and cf.

to be a Christian teacher in the home. Religion is taught — not taught. Children will catch the kind of religion their parents practise. The greatest investment parents can make is in their children, on whom the future of the world rests.

Mrs. Burton Woodbeck thanked the speaker for his able address and for his interest and assistance to the Ladies' League since its inception and presented him with the book, "The Anglican Communion," on behalf of the members.

The National Anthem brought a pleasant and profitable evening to a close.

Official Opening of Recreational Centre Planned For July 7th

Death Claims Mrs. H. Farrell

Stirling and district friends learned with regret of the death of Mrs. Henry Farrell, at her home in Trenton, early today.

Bowlers At Campbellford

Two rinks of lady bowlers attended the "triples" tournament in Campbellford yesterday and although they failed to get into the prize circle all report a good time. Those present from here were Mrs. A. Simson, Mrs. Earl Fox and Mrs. W. T. Elliott, skip, and Mrs. R. A. Patterson, Mrs. P. W. Long and Mrs. W. J. Whitty, skip.

Band Concert

A large crowd of band-music lovers attended the first concert of the Stirling Citizens' Band at the local bandstand Sunday night. Mr. Maurice Bell, bandmaster directed the musical programme.

Attend Rally

Those who attended the District Rally on June 9th from the Stirling Women's Institute were Mrs. H. Rodgers, Mrs. L. Rodgers, Mrs. E. Cooke, Mrs. H. Cooke, Mrs. E. Megginson, Mrs. S. McMurray and Mrs. W. West.

Milk Report

The following report was received for the month of May from the Stirling Dairy:

B. Coll. Count, 0; Standard Plate Count, 2,000; Per Cent Butter Fat, 3.3; Result of Phosphatase Test "A".

Tag Day Nets \$58.58

The Tag Day in the interests of the Navy League held in the Village on Saturday last netted \$58.58. This is a slight increase over last year's total. The Hon. J. R. Cooke Chapter I.O.D. E. sponsored the canvas and the officers and members are deeply grateful to all those who contributed and to the young ladies who did the tagging.

At Grand Lodge

Among those attending the sessions of the Rebekah Assembly being held in St. Catharines this week are Mrs. Guy Bradshaw, delegate from Laurel Rebekah Lodge, No. 211, and Mrs. E. G. Bailey, Mrs. H. Morrow, Assembly Chaplain; Mrs. R. B. Duffin, Mrs. M. Megginson and Miss Evelyn Bailey.

Representatives from Stirling Encompassment, No. 80, and Stirling Lodge No. 239, I.O.O.F., to the I.O.O.F. Grand Lodge are Messrs. Melville Tanner and Harry Vandervoort. Mr. Guy Bradshaw is also attending the sessions.

Mixed Jitnev

A mixed jitnev was held at the local Bowling Greens on Monday night, with several members of the Madoc Bowling Club as guests. Three games were played with the winners prizes going to Mrs. J. Hatch and Ray Burris, of Madoc, and Mrs. Earl Fox and F. R. Mallory, of Stirling.

Following the competition refreshments were served by the Stirling ladies and a social hour enjoyed.

Real Estate Changes

Two real estate deals of interest were completed recently when Frederick H. Bolte, of Belleville, purchased the W. S. Martin Estate property on Wright St. and A. H. Collings, local realtor, purchased Cecil Baker's property on the corner of John and Front Streets. A note of interest in connection with the Martin property is that it was purchased by the late Mr. Martin in 1896. Mr. Bolte, the new owner, expects to take up residence in Stirling in the near future.

Hanna Property Sold
Mr. Jared Hanna has sold his property, which is situated on the corner of Front St. and Frankford road to Mr. Ed. Warren, local garage operator.

Good Programme Being Arranged For The Occasion — Plan To Erect Bleachers

Stirling Community Recreational Centre will be officially opened on Wednesday, July 7th, according to plans laid at a meeting of the Community Council in the Agricultural Rooms on Monday night. The installation of the lighting system will be completed this week and the executive is planning an appropriate programme for the opening date.

Reeve Wells was in charge of the meeting in the absence of President Mayhew. The matter of seating accommodation was discussed at length and the meeting authorized the Grounds Committee to spend \$300 for the seating, which is to be in readiness by the first week of July. The Grounds Committee were also authorized to construct a new fence across the south side of the Recreational Grounds.

The following committees were appointed to arrange a programme:

Softball Committee — to arrange for a suitable exhibition game — Chairman, Don Rodgers, the managers of the teams entered in the local softball league.

Dance — Chairman, F. G. Peppercall; Ed. Bateman, Harry Morrow, P. R. Utman and Harold Baker.

Dance — Chairman, Ray Shortt; Everett Ketcheson, Les McKeown, W. A. Sutherland, Doug Harry and Bob Cosby.

Amusements and Refreshments — Chairman, C. I. Hutton; H. Bird, E. G. Bailey, H. Wells.

Advertising Committee — H. R. Tompkins, and D. Patterson.

The chairman of the above committees will form a general executive to complete the programme. The President, Mr. X. P. Mayhew, was appointed to sit on all committees. It is hoped that the programme will be arranged by the end of next week when the citizens of Stirling and District will learn more of what has been arranged for that day. At present it looks like a real day for all.

Delegates To Regional Meeting

Mrs. A. Armstrong and Mrs. Ivan Caldwell attended a regional meeting of the Ontario Division of Red Cross Branches in the Parish House of St. Thomas Anglican Church, Belleville, on Thursday last. They were delegates from the Stirling Branch of the Red Cross.

Bike Collapses Two Injured

Edward (Ted) Colden, 16, Rawdon Township, suffered two broken arms and his sister, Joyce, 9, a fractured skull as the result of a fall from a bicycle while riding to school on Thursday morning.

Joyce was riding on the handle bars and her brother was pedalling the bicycle to take both of them to the school situated on the 8th concession of Rawdon. They started down a steep hill, which lies in front of the farm of Mowat Sine, when the front forks broke, and they were thrown onto the road.

Dr. E. A. Carleton, of Stirling, was called and he gave them medical attention. Later they were both taken to the Belleville Hospital, where the extent of their injuries became known. Edward suffered a double fracture of both arms and after an X-ray on Friday it was learned that Joyce had a fractured skull.

They are son and daughter of Mr. and Mrs. Edward Colden, of Harold. Both have since returned home from hospital and are making satisfactory progress.

- Coming Events -

THE OFFICERS AND MEMBERS OF Stirling L.O.L. No. 110 and L.O.B.A. No. 655, will attend divine worship at St. John's Anglican Church, Stirling, on Sunday, June 27th, at 11.00 a.m. All members please meet at Lodge Rooms at 10.30 a.m. Visiting members cordially invited. Stirling Band in attendance.

G. Sarles, W.M.

THURSDAY, JUNE 17th, 1948

Fortieth Annual District Meeting of North Hastings Women's Institute

The fortieth District Annual Meeting of North Hastings Women's Institute was held on Tuesday, June 8th, 1948, in the Eldorado United Church, with the District President, Mrs. E. Moore, of Madoc, presiding. In spite of the heavy downpour of rain all day there was a very large attendance, some of the northern branches members having to leave very early in the morning to arrive in time for the first session. The church was beautifully decorated with early summer flowers, and members of the Eldorado Branch warmly welcomed the visitors.

With Mrs. (Dr.) Beatty, of Madoc leading for community singing and Mrs. Hulin at the organ the Convention got away to a good start about 9.45. Mrs. Jas. Bailey, Eldorado, graciously welcomed the visiting members. She introduced the five new branches that had been organized during the past year, and expressed the sincere wish that everyone would have a happy day. The new branches are Paudash, McArthur's Mills, Carlow, Queenboro, and Madoc Juniors. Rawdon Juniors were also organized this past year, but not represented. Mrs. Slater of McArthur's Mills responded very glibly.

Minutes of the last District Annual were read by the Sec.-Treas., Mrs. W. J. Barlow, of Bonarlaw, also the report of the Executive meeting. The President urged that a larger representation of Branches at this meeting attend, as planned the programme for the Convention and other matters entailed much work which should be shared by all branches.

The District Financial Statement was presented and after paying expenses there was only a very small amount left in the treasury, due to the fact that in organizing the new Branches the travelling expenses were higher than in other years. The financial reports from the Branches were also given and showed a substantial bank balance. The Auditors' Report was accepted.

A letter was read stating that an English lady (Mrs. Brain), intended visiting Canada this summer and particularly like to meet as many Women's Institute Branches as possible to exchange help and ideas between the two countries. Mrs. Mitchell stated that she had already written Mrs. Brain inviting her to visit at her branch. After discussion it was decided to have a Rally in Ivanhoe the week of September 5th. A Pot Luck dinner would be served, each Branch to put on one number towards a short programme and a collection to be taken towards helping defray Mrs. Brain's expenses.

In her President's address, Mrs. Moore said "She wasn't much of a public speaker — She just talked." She spoke of the new branches organized to visit each one. She also thought there was a possibility of at least two new branches, Maple Leaf and Greenview. At present there are 16 Branches and 150 additional memberships. Mrs. Moore was grateful for the kindness and co-operation given her and wished the incoming president every success.

The reports of standing Committees were then given and many new and useful suggestions were forthcoming which should be of value in planning programs and meetings. Miss Hopkins discussed the reports helpfully.

The report of Girls' Work deserves special mention. One Institute sent a group of girls to Guelph to take part in the Pageant at the 50th Anniversary last June. There girls won honors at an Inter-County Judging Competition. One girl won a trip to Chicago, stimulating interests in others to win similar honors.

Miss Hopkins spoke of her pleasure to visit N. Hastings. She had coached for 27 years and felt that her work showed some results.

Mrs. Clifford Clancy had a number of books and pamphlets available for Institutes and which will be helpful to

newcomers to our country, mothers of young children and others.

Mrs. Wallace, a member of Rystone Branch contributed a very lovely solo. Mrs. Mitchell, Provincial Director, spoke very informatively of the work of the Board. There are 1360 Women's Institutes, 62 Junior Institutes, and a membership of 38,000 which they will try to increase to 50,000 this year. One hundred and fifty-three British Institutes have been adopted by Canadian Branches. She spoke of the Radio Programmes, Scholarships and other matters of interest. At the close of her address dinner was served in the Church Hall to over 100 visitors, the ladies of Eldorado Branch making ideal hostesses.

The afternoon session commenced with Miss Hopkins showing slides of different phases of Institute work. She also discussed the Co-operative program but no decision was reached. The President urged the Branches to consider taking the short course.

Mrs. Wallace again favored with a solo "The Stars Will Remember," and Mrs. Beatty led in the singing of "O Canada."

Miss Elsie Irvine gave an interesting account of Girls' Work. This year's project is "The Club Girl Entertains," and will provide even more popular than last year's "Cotton" may be smart. There are also 12 Garden Clubs with 72 girls carrying out the project.

The Question Box had an unusual number of questions which Miss Hopkins answered—Two ideas were "Put your money in your own district, we've been sending it outside long enough;" and "To shorten the annual meeting, have a slate of officers."

Mrs. Holbert, of Huntingdon Branch sang "In the garden of to-morrow" very beautifully. The high lights of Madoc and Rawdon Junior Institutes were given. These two young Branches are very enthusiastic and very interesting meetings were outlined.

Mrs. Chester Sills, Federated Agricultural Representative was unable to be present but sent a very fine report dealing with Health Survey, Oleo situation; County Federation; Radio Forums and other interesting subjects. One of the highlights of the Convention was the address of Mrs. J. Horsepool, of Faraday township, who is serving in her second year as Councillor. She spoke on "Women's place in Civic Affairs" telling of the ways women could help on Councils and School Boards. Just recently she has been appointed to look after Relief.

She gave some excellent rules to follow in one's efforts to serve her municipality. Mrs. Rundle, of Marmora, sang "Now Is The Hour," playing her own accompaniment.

A resolution "that an Assistant be appointed to help the President rather than to divide the District" was introduced by Madoc Branch. It was felt the District to be covered was too large for the President to travel over and it was left for the Provincial Board to deal with.

The discussion on raising the membership fee to 50 cents resulted in 24 votes for raising it and 25 against the raise.

Mrs. Mitchell conducted the election of officers and the following will hold office for 1948-49:

President—Mrs. Clifford Clancy, of Wellmans.

1st Vice-President—Mrs. L. R. Green, of Marmora.

2nd Vice-President—Mrs. Beatty of Madoc.

Sec.Treas.—Mrs. W. J. Barlow, of Bonarlaw.

Fed. Rep.—Mrs. C. Whytock, Madoc.

Alt.—Mrs. J. F. Baker, Bonarlaw.

Dist. Delegate—Mrs. E. Irwin, of Campbellford.

At.—Mrs. E. Moore, of Madoc.

Dist. Dir. of Fed. Agri.—Mrs. Geo. Hill, of Madoc.

Alt.—Mrs. C. Sills, Ivanhoe.

Convener Citizenship—Mrs. F. McKeown, of Springbrook.

Convener Historical Research—Mrs. F. Barnum, Campbellford.

Convener Social Welfare—Mrs. M. Melkejohn, Harold.

Convener Publicity—Mrs. Geo. Foster, Molra.

Convener Home Economics—Mrs. M. Baker, Gilmour.

Convener of Resolutions—Mrs. E. Moore, Madoc.

Convener of Girls' Work—Mrs. De los Fox, R.R. 1, Madoc.

Convener of Jr. Girls' Work—Miss A. McCoy, Madoc.

The new officers were introduced by Mrs. Moore and Madoc invited the 41st District Annual to meet with their Institute. Mrs. Rollins, of Cooper, graciously thanked all who had helped in any way to make the day a success and Mrs. Clancy extended the District's thanks to Mrs. Moore for her untiring efforts which was heartily approved by all present.

The meeting closed by singing God Save the King.

Col. A. Yates Dies Suddenly at Deloro

Col. Arthur Volkman Yates, M.C., general manager of the Deloro Smelting and Refining Company, died suddenly at his home in Deloro late Thursday evening.

The late Col. Yates was in his 55th year and was born at Preston, Ontario, his parents being Mr. Thomas Yates and the late Mrs. Yates. In 1913 he took up residence at Deloro and taught school there for two years. In 1915 he enlisted with the First Battalion C.E.F. and served overseas in a highly creditable manner in recognition of which he was awarded the Military Cross. In 1919 he returned to Deloro and entered the service of the Deloro Smelting and Refining Company in the engineering department. Later he assumed duties in the accounting department and became the chief accountant. In 1939 he succeeded Mr. F. A. Bapty as secretary-treasurer and upon the death of Mr. R. A. Elliott he became general manager of the company.

Served Country Well
Col. Yates served his country well in the First Great War and at the time of the Second Great War he rendered efficient and great service in the organization of the Hastings and Prince Edward Regiment and succeeded the late Cole Bywater as Commanding Officer the time of his death Col. Yates was at that time, in recent years and up to the Officer Commanding the Second Battalion, Hastings and Prince Edward Reserve, with headquarters at Picton. He was deeply interested in the affairs of the Canadian Legion and was a popular and valued member of that organization. In religion he was a faithful member of the Church of England and a parishioner of St. Paul's Church, Marmora.

Past Master of Lodge

Fraternally he was a Past Master of Marmora Lodge A.F. & A.M. No. 222 and he was a former member of the Deloro Public School Board. He took a leading part in the social life of the community and was an active member of the Deloro Social and Dramatic Society.

Surviving him are his wife, the former Christina Wilson, formerly of Hamilton; one son, Thomas Yates, a student at Albert College; one daughter, Miss Dorothy Yates, nurse-in-training at the Toronto General Hospital; his father, now residing in Preston; one brother, Ralph W. Yates, Toronto; two sisters, Mrs. Mildred Cross, Galt, and Miss Blanche Yates, Preston.

Hello Homemakers! June is busting out all over. The markets are radiant with boxes of strawberries, with greens and plants of all kinds. Strawberries are the specialty. No need to mention the family's pleased expressions as strawberries are served for dessert. The first and foremost thought is a dish of these luscious berries simply cleaned, sprinkled with sugar and chilled. Pass the cream, please.

With an ample supply, preserve them; do not let strawberries perish.

TO CAN STRAWBERRIES

General Proportions

3 quarts strawberries
3 cups granulated sugar
2 cups water

Prepare fruit, boil sugar and water 6 minutes. Add berries to syrup, bring to boil and simmer 3 minutes. Cover and let stand overnight. Skim and pour into sterilized jars to within one inch of the top. Do not reheat berries or syrup. Place sterilized rubber rings, glass and screw tops on jars. Screw down tightly, then turn screw tops back two inches. Have oven temperature at 275 deg. F. Place jars 1 inch apart on rack in oven. Process pint jars 25 minutes, quart jars 35 minutes. At end of processing period, remove from oven and screw tops down tightly.

STRAWBERRY JAM

5 cups strawberries
3 cups sugar
1 large lemon (cut in slices) or 1 cup lemon juice.

Put ingredients in preserving kettle. Put on range and stir until sugar is dissolved. Boil at a full rolling boil for 12 minutes. Remove scum that collects. Remove lemon slices and pour into sterilized jars. Seal with paraffin when cold. Yield about 1 1/2 pints. Makes a soft jam.

TAKE A TIP

About the refrigerator:

1. Heed a word of warning against over-crowding the shelves of any refrigerator. There should be sufficient space on each shelf so that air may circulate freely. When air circulation is stopped, the temperature in the food may rise above the safety point, and ice cubes will be slow in freezing. Foods should never be placed in the refrigerator in bulky wrapping — paper absorbs cold air.

2. Meat should be stored in covered pan directly below freezing unit. Fish should be wrapped and stored in covered pan near freezing unit.

3. Salad vegetables and fresh fruits belong in a covered crisper. It is ad-

visable to wash, trim and shake excess water out of greens before storing them.

4. Place eggs near the bottom of the cabinet as they may freeze during time it is turned to coldest point and eggs beat more readily if they are not too cold.

5. Left-overs should be covered and kept in the centre area of the refrigerator.

THE QUESTION BOX

Mrs. D. T. asks: Can I force the refrigerator to defrost by pouring hot water over the freezing unit?

Answer: Turn to defrost and take out the ice cubes. It is easier to place a pan of hot water in the freezing compartment, then remove in a few minutes and replenish with more hot water.

Mrs. J. E. asks: Does sugar make a difference to homemade ice cream?

Answer: Sugar should be carefully measured. Too much will retard freezing. Too little will make the dessert icy, with a flaky texture. When canned fruit is substituted for fresh fruit reduce the amount of sugar called for in the recipe.

Miss B. M. asks: Can you use cream that is beaten until buttery in homemade ice cream?

Answer: The volume will be much less than usual and the flavour will not be good. We suggest you use this cream for making biscuits or fruit salad dressing.

Mrs. S. J. asks: Do you advise adding gelatine to ice cream recipe?

Answer: Gelatine in the proportion of 1 tsp. to each cup of liquid may be added. It is not necessary but prevents rapid melting.

NEWS FOR THE BUSY FARMER

ARTIFICIAL UNITS PROVE SUCCESSFUL

It is rather interesting to the livestock men in the Province of Ontario to hear the rumours that are circulating, possibly by well-meaning people who are not familiar with the actual facts.

It is expected that approximately 35,000 cows will be inseminated artificially in Ontario during the present year, which is an indication of the growing popularity of the use of good sires through this medium. Reports of Artificial Breeding Associations in the United States on January 1st, 1948, show that there were 224,493 herds consisting of 1,743,327 cows enrolled in artificial breeding associations as compared with 140,571 herds and 1,125,040 cows on the same date one year

earlier.

It is also interesting to note that in New York State, where there are at present 109 bulls at the headquarters, that of the 193,000 cows enrolled, approximately 49,000 were purebreds. It is also of interest to note that Wisconsin, which is considered the leading dairy section of the world, had 332,861 cows enrolled for 1948. Other states which report an enrolment of over 25,000 are: Pennsylvania, Minnesota, Ohio, Iowa, Michigan, Illinois, Missouri, Indiana, New Jersey, Oklahoma and Maine.

Surely the fact that approximately 225,000 farmers are using this type of breeding in the United States is sufficient proof that this type of work is proving its way in the United States and will undoubtedly do the same in Ontario.

EASTERN ONTARIO DRAINAGE FIELD DAY

All farmers and those interested in drainage problems are invited to the Eastern Ontario Drainage Field Day, the first of its kind in Ontario, will be held on the farm of Hector Aubrey and son, in Carleton County, on Tuesday, June 29th, 1948. The farm is located in the Edwards district on the 9th Concession of Osgoode Township, one mile south and west of Edwards, five miles north east of Metcalfe, thirteen miles from Ottawa.

The site for this Field Day is a one hundred acre farm free of stones, and plans have been made to have all types of machines demonstrated in rotation both morning and afternoon. The programme will include demonstrations in constructing all kinds of open ditches with the use of road maintainers, graders, bulldozers, drag line, tractors with shovels, the Martin ditcher and terracers. All types of tile ditching will be demonstrated including sub-soiler and mole ditcher. Ditching with dynamite, taking levels, making profiles and setting up cross arms will be shown.

Anyone with drainage problems cannot afford to miss this big event. Plan now to attend.

MAY MARKET IN 1948 FIVE MILLION HOGS

Officials of the Dominion Department of Agriculture, say that the total hog run may reach five million in 1948. It reached 47 hundred thousand in 1947 and was only 44 hundred thousand in 1946. The peak year, 1944, saw 88 hundred thousand hogs marketed in Canada, but the average in the immediate pre-war years was only about 36 hundred thousand.

In the first four months of 1948, the hog run exceeded two million. This quantity is about half a million more than in the corresponding year of 1947 and is about a third of a million above the hog run in the first four months of 1946.

Despite this increase in marketings, the quality of Canadian hogs has steadily improved.

HIGHER PRICES EGGS FOR BRITAIN

Effective July 1st, an increase of five cents per dozen in the price to be paid for Grade A eggs purchased under the British contract was announced today by the Special Products Board. A further two-cent increase will become effective September 1st, 1948.

The increase in price during July and August has been made possible by economies effected in the operation of the British egg contract by the Special Products Board over the past year. It will not involve any increase in the contract price of eggs to Britain.

The September increase will bring Special Products Board paying prices for eggs to the regular fall period premium price provided by the British contract.

FORAGE HARVESTERS SAVE MANPOWER

Though forage harvesters reduce the man labour required by about one-half that of regular methods, large tonages must be harvested to justify the financial outlay. Harvesters for forage crops are now available in three different types; for harvesting grass as silage; for chopped hay and grass silage; and for chopped hay, grass silage and corn for silage.

A complete harvesting outfit consists of a harvester, a blower — located at the barn or silo — and the necessary wagons and tractors. In operation, the machine cuts off or picks up the corn or hay, chops and delivers into a wagon. Wagon are unloaded into a blower which blows silage into the silo or dry hay into the mow. With power-take-off harvesters, a four-plough tractor is required for corn which yields over 20 tons to the acre. A three-plough tractor is sufficient for 15 tons crops located on relatively level land.

Experiments at the Central Experimental Farm says William Kalbfleisch, indicated that with this method of harvesting, corn should be chopped to a length of 3 to 4 inches, grass silage to 3 to 4 inches, and dry hay at a theoretical length of 4 inches or longer. In cutting grass for silage it is particularly important that it is cut in very short lengths, that the knives on the machine are kept sharp and that the silage is well tramped in the silo. Dry hay should, however, be cut in long lengths of 4 to 5 inches so that it will keep satisfactorily in the mow. If hay is chopped with the machine set to cut these lengths, it can be placed in the mow when only slightly drier than hay stored by the hay loader method. Chopped hay in the mow should never be walked on or tramped under any circumstances. Hay in 5-inch lengths requires the same space as ordinary long hay, but 2 1/2 inch hay

requires only half the space but must be exceptionally dry when stored.

When cutting a crop which is to be handled with a harvester, a narrow cut should first be made with the mow or to test the capacity of the machine, as too large a windrow causes plugging of the harvester. The capacity of the average machine ranges from 2 to 4 tons per hour for dry hay, 6 to 10 tons for grass silage and 8 to 30 tons for corn depending on the yield of the crops.

The cost of harvesters ranges from \$1,000 to \$2,500 depending on the type capacity and power supply. The machine cost for a harvester and blower is about 35 cents per ton on 600 tons per year. The cost of moving the crop from the windrow to the mow or silo is approximately \$2.10 per ton for dry hay and \$1.40 per ton for grass silage. These estimated costs include all machine costs, fuel and labour.

District News

NEW HOLSTEIN INSPECTOR APPOINTED

Wray G. Taylor, Woodstock, has been appointed as an official Selective Registration Inspector for the Holstein Friesian Association of Canada. Wray Taylor is eminently well suited to this job for he has spent his lifetime working with high-class Holsteins.

Born in Charlotteville Township, Norfolk, Ontario, he spent his childhood at Mount Elgin and later travelled extensively throughout the West. In 1915 he joined his brother H. B. Taylor who was operating a Holstein herd on the family farm at Mount Elgin. This herd was dispersed in 1919 after which Wray Taylor worked with A. E. Hulet, one of the noted Holstein breeders of the county for three years. During this time he went west with Lorne Logan showing the James Rattle herd in 1921 and in 1922 took the Hulet herd out alone on the western circuit. Wray Taylor showed Oakhurst Colantha Abbekerk and Ingleside Pietje Posch, famous Mount Victoria foundations cows, the first time that they were ever exhibited. This was at the Royal in 1923 when "Ingleside" was the first prize Junior Yearling and "Oakhursts" stood next to Aaggie Sylvia, the Grand Champion. Taylor then helped fit the Hulet stock for their dispersal sale. It was at this sale that Mount Victoria bought 16 head of foundation females, these including Lady Meg Posch, Pauline Dandeline DeKol, Bonheur Abbekerk Posch 2nd, and Dixie Colantha Hartog. Harry Yates of Yates Farm, Orchard, N.Y. also bought a number of head at this sale and Wray Taylor delivered them and stayed on for two or three years as herdsman at Yates Farm. He then returned to Oxford County where he farmed for nine years after which he took charge of the Hillview herd of Norman C. Schell at Woodstock as Herd Manager. This was in 1935 and Mr. Taylor has now resigned this position to accept the appointment as an official Inspector.

Hastings County Establish School Area

Drawn-out discussions extending over three sessions regarding the establishing of a high school district came to an abrupt end in Shire Hall on Friday when Hastings County Council gave a third reading to a by-law to establish a high school district which will be called South Hastings.

The proposed district includes the townships of Thurlow, Tyendinaga, Rawdon, Huntingdon, Marmora and Lake, Elzevir and Grimsthorpe, part of Tudor township and the villages of Deloro, Marmora and Madoc.

The by-law to establish the district is subject to the approval of the Minister of Education.

Another by-law also subject to governmental approval of the village of Marmora as a high school district, was passed, as was one to discontinue Madoc village as a high school district.

County Council Accepts Offer of City For County Home

Hastings County Council at its Wednesday afternoon session, voted unanimously in favor of acceptance of the offer of the city of Belleville to purchase the County House of Refuge and its 75 acres of farmland for the price of 300,000.

Approval of the transfer of the property from county to city was received Wednesday from the Ontario Minister of Public Works and Welfare.

The County Council will immediately consider potential sites and adjoining farmland for the erection of a new county home, which it is expected, will

house 125 inmates. Offers have been received from Madoc, Stirling, Tweed and other county communities while the Advisory Board have inspected several sites in the immediate vicinity of the city of Belleville.

County Tax Rate Set At 14 Mills

Estimated revenue and expenditures of the County of Hastings for 1948 were struck on a rate of 14 mills, an increase of two mills over the 1947 rate, the report of the Estimates Committee, presented to council Thursday afternoon revealed. The report was adopted by council without comment.

Increase in the mill rate is attributed partly to the cost of rewiring the County buildings and courthouse at an estimated cost of between \$10,000 and \$12,000. Other increases in expenditures are noted in Children's Aid Societies, Administration of Justice, House of Refuge and Education costs.

Elmer Sandercock and Wife Resign from Staff of County Home

Mr. Elmer Sandercock, newly elected member for the riding of Hastings West, has resigned his position as superintendent of the Hastings County House of Refuge.

Accompanying Mr. Sandercock's resignation, was that of Mrs. Sandercock, matron of the institution.

The joint resignations were presented to Hastings County Council at the closing session and were "accepted with regret" by the body.

Mr. and Mrs. Sandercock have been superintendent and matron respectively of the County Home for the past 13 years.

County Building To Be Rewired at Cost of \$10,000

Shire Hall, the Courthouse building including the jail will be rewired this year at an estimated cost of between \$10,000 and \$12,000, according to the report of the Hastings County Finance and Public Property Committee presented to council Thursday by Chairman Joseph Davies, reeve of Monticello.

WASTING MOTOR OIL?

Considering the past and possibly future scarcity of petroleum products like gasoline and oil, we wonder why the oil companies and government bodies have not given more heed to their conservation, or to a re-examination of inquiries made during the war by Professor Brady, an American scientist.

Professor Brady, then head of the Quality Section of O.P.A., was instructed to investigate methods of oil and gasoline economy. Research was undertaken. Analysis of motor oil seemed to show it to be at its best after it had been used in a car a thousand miles. It was concluded that a significant economy could be made if instead of changing oil every thousand miles (as recommended by many oil companies) the motorist left it in his machine for much longer periods. Even after 5,000 miles, the oil could be used again if it were carefully filtered. Professor Brady also discovered that the fleets of trucks operated by the oil companies did not change their oil after a thousand miles.

This sort of evidence, if it is valid, should be better publicized by the oil companies. It might help to get them out of the embarrassing position of last winter when they could not supply the demand. —Peterborough Examiner.

ON DISPLAY TODAY
the NEW 1949
Monarch
It's NEW through and through!

Come in today and see why advance news of the New 1949 Monarch has caused such excitement. There's new luxury, new comfort, new power and new safety in every detail, in every appointment. Many Young Men From 16 to 19 Will Make An Important Decision This Year

Within the next few weeks many young men will be stepping into the industrial or business world. It's a mighty important step—one which may decide your future security and happiness so THINK before the move is made. If you wish to be on top, 10 or 15 years from now, you need to learn from the bottom up.

Consider YOUR Future Consider These FACTS

- (1) The footwear industry offers YEAR-ROUND employment, security and good wages.
- (2) Top men in this business must be trained men. There are real opportunities for ambitious, serious young men to reach the top.
- (3) In a company as large and far-flung as Bata, there are MORE openings than there are trained men.
- (4) The starting wages are good, the work is interesting and the possibilities are just what you want to make them.
- (5) A number of young men are being accepted now to learn the shoe-making business. Helpful supervision will assist them at every turn so that after three years they will know how to make shoes and how to operate the most important machines in the trade.

it is no idle boast that
YOU'LL DO BETTER WITH BATA

Visit our Personnel Department at Batawa and learn just what we can offer you.

Mount Pleasant

Mr. Lorne White spent Sunday with Mr. and Mrs. Ray White, at Eldorado.

Mr. and Mrs. Percy MacMullen, of Mount Pleasant, Mr. and Mrs. Edward Montgomery, of Frankford, attended a reception on Saturday, June 12th, at Brighton, in honour of Mr. Carl Montgomery, and Miss Emma Fish, who were married that afternoon.

Mrs. N. Cole entertained on Saturday in honour of her daughter's birthday.

Mrs. M. Neal is holidaying with Mr. and Mrs. Orno Sharp.

Anniversary services will be held at Wellmans on Sunday next with all other services on the Circuit cancelled.

Mr. and Mrs. Ernest White and Mrs. Marguerite McMullen visited Mr. and Mrs. George Stone and family, of Holloway, on Sunday.

Mrs. Percy Hoard is visiting Mrs. James Linn.

Mr. Norman McConnell underwent an appendectomy on Friday at Belleville.

Mr. and Mrs. Earl McAdam and Mr. Harry McAdam attended the funeral of Mrs. Arthur McAdam, in Toronto.

On Wednesday evening, June 9th, fifteen people gathered at the South Cemetery at Mount Pleasant and spent the evening cutting and burning weeds and dried grass. This is one of the oldest cemeteries in Rawdon Township and the first burial was a Mr. Chard from Chard's Bridge about 1868. The land was donated by the late Reuben Hubble and a full length plot through the centre was reserved for Hubble families. The balance was donated free to anyone who wished to mark off their claim.

The cemetery is well situated, but unfortunately it has never been kept up perpetually. True spasmodic attempts have been made to make it presentable but with no one directly responsible the graves of these pioneers soon are neglected. The relatives in attendance were Mr. Clifford Hubble and sons, Mr. and Mrs. Charles Hoard and Joan, Messrs. Bob Hoard and Clayton Thompson, Mr. and Mrs. Burton Bateman and Mr. and Mrs. Percy MacMullen. This group

greatly appreciated the kindness of Mr. Orno Sharp and Ray and Mr. Carleton Potts who assisted with the bee, helping to cut and burn the brush. Another bee is being held this week and a group will gather later this month to set in new fence posts.

On Sunday, June 13th, Mr. and Mrs. Wilbert Jeffs entertained about thirty guests to dinner in honour of the 31st wedding anniversary of Mr. and Mrs. Frank Jeffs. The guests included their immediate family, Mr. and Mrs. Ross Jeffs and Mr. and Mrs. Ralph Jeffs, also Mrs. Fred Jeffs, Mr. and Mrs. Wm. Jeffs and family, all of Mount Pleasant; Mr. and Mrs. Ernest Saries and Mae, of Salem; Mr. and Mrs. Ray Moran, Frankford; Mr. and Mrs. Alvin Pollock, of Burnbrae, and Mr. and Mrs. Lindsay Pollock and Doris, of Wellmans. The event was a complete surprise to Mr. and Mrs. Frank Jeffs.

Mrs. S. Mills, of Toronto, visited Mr. and Mrs. Will Potts last Wednesday.

Rev. P. H. Christensen, Springbrook, took charge of the evening service at Mount Pleasant.

Mrs. Roy Thrasher spent the week-end with her daughter, Mrs. Milton Shaw, of Ivanhoe.

Mrs. Allan Bailey and her granddaughter, Mrs. Isobel Turner spent the week-end with Mr. and Mrs. Garnet Bailey, in Halliburton.

Mr. and Mrs. Eric Summers, James and Linda, of Keene, spent a few days last week with Mr. and Mrs. Cyrus Summers.

Mr. and Mrs. Elwood Johnson and Mrs. Roy Thrasher visited Mr. and Mrs. James Honeywell, Castleton, on Tuesday.

Mr. and Mrs. Will Potts, Mrs. Gilbert Smith and Mrs. James Sharp visited Mr. and Mrs. Frank Hutchinson, Detlor, on Sunday.

Women's Missionary Society

On June 9th the regular meeting of Mount Pleasant Rawdon W.M.S. was held at the Church with twelve members, three visitors and two Baby Band members in attendance.

The meeting opened with quiet music played by Mrs. Burton Sharp. Mrs. John Holmes gave the call to worship and all sang "Take Time To Be Holy." The Treasurer reported seventeen dollars for May. Mrs. Frank Smith read a vote of thanks from the Hubble family. An invitation to visit Bethel W.A. was accepted. The Supply Secretary reported the gift of a quilt. The July meeting will be in charge of the Mission Band and Baby Band leaders, and the W.M.S. members are asked to bring sandwiches, cookies, lemons and sugar.

The Worship Service was in charge of Mrs. Percy MacMullen and opened with a portion of a poem by Annie Johnson Flint. Mrs. Marguerite McMullen sang "Over The Way;" Miss Doris Sine read the Bible Lesson and Mrs. MacMullen gave a devotional paper on the 23rd Psalm. This pictured the journey through life where the soul travels unafraid until it reaches the Father's Eternal Home, where it will dwell forever. Mrs. Roy Thrasher closed the worship period with prayer.

Mrs. Bert Jeffs arranged the programme and gave a message based on "The dangers of using alcoholic liquors," and she also read two short stories of interest one of them entitled "Where Money Did Not Count." Mrs. Kenneth Weaver synopsized the last two Chapters of the Study Book.

At a jungle training camp in Southern Mexico twenty-three young men and women with college educations are preparing to take the Bible to the long neglected Indian peoples, and they are the translators for tomorrow.

The last chapter deals with a Colporteur in a tiny Village in Poland, who left a single copy of the Bible. The two hundred Villagers were eager to share the message and when the Colporteur returned he found to his amazement that these people knew practically the entire Bible by heart. True is the verse "My words shall not pass away," and they are a monument to faith in God. We have not outlined the messages of the Bible, they are always needed and mankind has not forgotten that there may be a kingdom where the least shall be heard and considered side by side with the greatest.

West Huntingdon

The regular meeting of the Young People's Union was held at Joyce Wallace's home on Friday evening with a good attendance. Mr. Bob Gay conducted the Scripture Reading and Joan McCurdy gave an address on the same Scripture. Helpful readings were given by Louis Emerson, Don Wilson and Geo. Ashley. Miss Jean Haggerty gave the special address, which was prepared by Mrs. Milton Shaw. Mrs. Geo. Ashley contributed a piano solo.

Mr. Chester Sills returned home from Kingston General Hospital on Tuesday much improved in health. He plans spending a few days with his brother, Milton Sills, of Iroquois Falls, and will be accompanied by Mr. Greendale Murray.

Mr. and Mrs. John Moorcroft are spending a few days this week with their daughter and husband, Mr. and Mrs. H. Allison, of Smiths Falls.

Mr. and Mrs. Harry Dafeo, of Corbyville, spent a few days with Mr. and Mrs. W. J. Fitchett and Mr. H. R. Burke. Friends here are pleased to hear that Harry has regained his health.

Those who have strawberry plantations are busy harvesting their crops which promises to be good, providing showers are plentiful.

The pea viner in the Emerson lot is completed. Those who have contracted for this venture are looking forward to a good crop.

Friends here were glad to have Kenneth Stewart in the community a day last week, especially those who are ill including Mrs. John Hannah, Mrs. Dafeo and Mrs. Raymond Chambers. He was an over night guest of

and Miss Muereta Hull spent Saturday in Trenton and visited the R.C.A.F. Station it being the occasion of Air Force Day

THOUSANDS MORE FARMERS WILL USE TRACTORS

because The new Canadian-made Massey-Harris "Pony" has opened up a great new market for tractors

One year ago, Massey-Harris introduced a new small tractor . . . the "Pony" . . . with a full complement of mounted tools . . . to be made in its Canadian factory at Woodstock. Previously, all tractors used in Canada, were imported. Thus, Massey-Harris took two important steps which are bound to play a big part in Canadian prosperity during the years ahead.

The "Pony" opens up a great new market for tractors, both in Canada and in the export field. The last Canadian census showed nearly 500,000 farms still without tractors . . . many of which are small farms and market gardens where big tractor outfits are not practical. And there are a great many more thousands of small farms in the United States, in Europe, in Africa, and other countries where Massey-Harris products are sold. Almost every one of them is a prospect for a "Pony".

With the practical, economical "Pony" thousands more farmers will be able to use tractor power to do their work easier, quicker, and more profitably.

The manufacture of the "Pony" Tractor in Canada will provide jobs in the years ahead for Canadian workers . . . not only those employed in the Massey-Harris factory, but also those employed in the industries which supply materials, parts and services.

The great and growing demand for the "Pony", from the day of its first public demonstration, is evidence of its real need and place in Canadian and world agriculture.

Glad to report Rev. Everson is progressing favourably after his recent eye operation.

Mr. and Mrs. Walter Reide spent Sunday with Mr. and Mrs. Ralph Heath, Campbellford.

Minto is justly proud of their Midget Ball Team, under the capable management of Mr. Delbert Sine they have played three games and won all. They are looking forward to meeting Stirling and Frankford this week. Not as much can be said about our seniors.

Mr. and Mrs. Boulter Johnson are visiting their son and wife, Mr. and Mrs. Lorne Johnson for a week.

St. Thomas W.A. held a dinner and quilting on Wednesday.

Madoc Junction

Mrs. Nathan Wannamaker was hostess last Thursday for the June meeting of the W.M.S. and W.A.

The programme prepared by Mrs. Hugh McMullen with "The Church" as the theme was presided over by Mrs. Carl Bridges. The opening hymn "O Safe to the Rock," was sung, with Miss Hilda Stapley as organist; Prayer, led by Mrs. Bridges, who also read the 33rd Psalm.

Business consisted of a motion authorizing the payment for a flower for Mrs. J. Cooke, Mrs. G. Phillips, Mrs. G. Clarke and a gift for Mrs. Stewart. The July meeting, including the Mission and Baby Bands will be held at the Church, with Mrs. Harlow to prepare the programme.

"The Church's One Foundation," was sung. A paper "The Church's Claim On You," was read by Mrs. W. Harlow; a solo, "Love Divine," Mrs. C. Fitchett and Mrs. Charles Stapley, with Mrs. R. Stapley accompanying on the organ; poems were read by Miss Hilda Stapley and Mrs. C. Stapley. A reading "The Church of Dead Bones," was given by Mrs. Hugh McMullen.

Offering was taken by Anna Mae Clarke, which amounted to \$4.30. Roll Call showed a large attendance of members and 4 visitors and three children present. The closing hymn "Breathe On Me Breath of God," was sung, followed by prayer by Mrs. Harlow. The hostess served a bountiful lunch and a social half hour was enjoyed.

Mr. and Mrs. Wm. Fitchett, Stirling, spent the tea hour Sunday evening with Mr. and Mrs. Clarence Fitchett. Mr. and Mrs. Fred Adams and Eric and Miss Hilda Benny, of Belleville, were Sunday guests of Mr. and Mrs. Harold Chambers.

Mr. and Mrs. Milton Nelson and Jimmy, of Peterborough; Mrs. Leslie Hardy and Murray, of Dartford, spent Tuesday with Mr. and Mrs. Warren Harlow.

Mr. and Mrs. Ernest Moore, Madoc, and Mr. Bert Poste, of Fuller, were Sunday guests of Mr. and Mrs. Milton Reid.

Mr. and Mrs. R. Chambers, Mary and Robert were dinner guests on Sunday of Mr. and Mrs. George Ashley, West Huntingdon, and visited Mr. and Mrs. George Burkitt, of Frankford, in the afternoon.

Mr. and Mrs. Bolvas, of Mr. Chas. Bridges, of Oshawa, were Sunday guests of the latter's parents, Mr. and Mrs. Carl Bridges.

Mr. and Mrs. Hugh McMullen were week-end guests of Mr. and Mrs. Don McInroy, of Moira.

Over twenty of the Sunday School members attended Church Service at West Huntingdon on Sunday morning to hear the Salvation Army of Tweed.

Marsh Hill

Mr. and Mrs. Dave Hollinger and Jimmy, Mr. and Mrs. Chas. Ross and Raymond spent Sunday with Mr. and Mrs. Clayton Marlette at Empey Hill.

Mrs. Fred Heasman and Jean spent the week-end in Peterborough, and were guests at the 25th wedding anniversary party held at the home of Mrs. S. Ecolichon in honour of Mrs. Heasman's sister and husband, Mr. and Mrs. P. R. Ecolichon, of Cleveland, Ohio.

Mrs. Elwood Bateman and small son, of Springbrook, spent a day last week with her mother, Mrs. A. Tanner.

Mr. and Mrs. Dave Hollinger spent a couple of days last week in Smiths Falls.

Mr. Fred Heasman, Walter and Jimmy, were dinner guests of Mr. and Mrs. Geo. Heasman on Sunday and attended the unweaving in Stirling in the afternoon.

Over thirty of the Marsh Hill congregation attended the Foxboro United Church Sunday School Flower Service on Sunday morning, and report a splendid service.

Wellmans

Mr. and Mrs. Charlie Johnston, Mr. and Mrs. Jerry Penny and Judy, of Trenton, visited recently with Mr. Alex Johnston and Della.

Mr. Thomas Mahoney, of Campbellford, visited Thursday with Mr. Alex Johnston and Della.

Mrs. Paul Sharp spent Thursday with Mrs. Blake Sharp, Mount Pleasant.

Mr. and Mrs. Hilton Graham and Mr. Frank Campbell, of Harwood, spent Sunday with Mr. and Mrs. Victor Graham.

Miss June Dunham, of Belleville, spent the week-end with her parents, Mr. and Mrs. Clarence Dunham, Doris and Shirley.

Rev. N. Cole took dinner on Sunday with Mr. and Mrs. Fred Thrasher.

Mrs. Paul Sharp and Jack visited Sunday evening with Mr. and Mrs. Clarence Douglas and family, at White Lake.

Mr. and Mrs. Harris Dean and children, of Fuller, spent Sunday with Mr. and Mrs. Lewis Pauley, Cecil and Hazel.

Mr. and Mrs. Charlie Thrasher and boys, of Belleville, and Mr. and Mrs. Fred Thrasher took tea Sunday evening with Mr. and Mrs. Will Hutcheon, of Burnbrae.

Mr. and Mrs. Ira Althouse, of Peterborough, took tea Sunday evening with Mr. and Mrs. Clarence Dunham and family.

Miss Fay Fleming took tea Tuesday evening with Mr. and Mrs. Frederick Beckett and family.

Springbrook

Mrs. Lorne Bateman and Mary Louise, Peterborough, were guests of Mr. and Mrs. Hiram Mumby on Tuesday evening.

Miss Ruth Bateman, of Belleville, is spending a week's holiday with Mr. and Mrs. Percy Bateman and Donna.

Mr. and Mrs. Jas. Galloway and family have moved into part of Mr. Geo. Mumby's house.

Mr. and Mrs. Nell Payne, Trenton, were week-end guests of Mr. and Mrs. Ed. Bateman.

Mrs. Clifford Spry, of Madoc, was a week-end guest of Mr. and Mrs. Clint Lough and family.

Mrs. Walter Potts, of Trenton, is spending this week with Mr. and Mrs. Malcolm Mason and family.

Mr. and Mrs. Percy Mumby and Delbert were dinner guests of Mr. and Mrs. Ed. Bateman on Sunday.

Miss Lois Mason has accepted a position in W. A. Flavell's Grocery for the summer.

Mrs. Thos. Turner and David, of Waterloo, are spending sometime with Mr. and Mrs. Chris Bateman.

St. Andrew's W.M.S.

Mrs. Louis Rodgers was hostess for the June meeting of St. Andrew's W.M.S. on Tuesday, June 8th. Mrs. R. Hermiston presided and conducted the opening exercises and business part of the meeting. Hymn, "Light of Life, So Softly Shining," was sung and the Scripture Lesson was taken from 2nd Corinthians, fourth chapter, followed by an explanation of the chapter. Roll Call showed 30 members and visitors present.

The Treasurer's report was given by Mrs. Hammond; the Watch Tower was given for Home Missions by Mrs. Munro. Mrs. Anderson, Mrs. Walker and Mrs. Hoard reported on Formosa, Guiana, and Indian Mission Fields.

Mrs. Chas. Fargy then took charge of the programme and read a poem on "Light." Hymn "Lead Kindly Light," was sung and Mrs. C. Tummon gave an explanation of the hymn, which was written by J. H. Newman in the year 1801. Mrs. Foster gave a reading, "Thoughts on Light," and Mrs. Rodgers rendered a solo, "Jesus Favour Them With Love," accompanied

by Mrs. Tummon. Mrs. Don Fargy gave a reading, "Approaching the Day with Light," followed by a piano solo by Mrs. Haynes. Mrs. W. H. V. Walker gave a splendid topic on "Light."

This interesting meeting closed with a hymn and prayer by Mrs. Harper Rollins. Mrs. Hermiston moved a vote of thanks to the hostess for the use of her home, also to Mrs. C. Fargy and all that helped on the programme. Mrs. Rodgers and Mrs. Fargy served a lovely lunch and a social hour was spent.

Road Expenditures Heavier This Year Report Shows

County Roads and Bridges system expenditure up to the 1st of May this year is \$41,106 as compared to \$40,357 for the same period last year, according to the Roads and Bridges report submitted to Hastings County Council by Roads Chairman, Deputy Reeve Harry Coulter, Hungerford.

Approved road expenditure for the year is \$172,000 apportioned \$10,000 to suburban roads and the balance for county roads and bridges. Of the county's \$162,000, approximately \$15,000 is for new machinery; \$119,000 for maintenance, with the balance for construction.

There appears to be a possibility, according to the report, that the department may offer to make some improvement under its Development Plan on the road between Stirling and Hoards, if their whole plan which is understood now being considered on the Stirling-Campbellford road is carried forward. However, no definite information has been received on this matter to date.

The report recommended a 4.5 mill rate being levied for maintenance and construction of county and suburban roads and bridges for the year 1948.

Permanent Wave
In the discussion of the report Reeve A. Jones, Huntingdon Township told council that when the 3½ mill rate of the Madoc road "blew" he had received plenty of criticism. It broke up badly

in the spring and is now in a very rough condition. "I would like to see the Roads Committee do something to put this stretch of road in a decent travelable condition. By the looks of it they must have had a woman on the job last year, for the road has now a decided permanent wave."

Stirling's reeve Harold Wells suggested that something be done in the future about requesting "the government to take over the road from Hoards to Stirling. "It has taken over the stretch from Campbellford to Hoards and stopped there."

County Engineer Langlois said that the Department had not taken over the road, but was paying for the work done by the county.

Deputy Reeve Wilfred Spencer, of Rawdon, told council that according to the information he received, \$60,000 will be spent on the road from Hoards to Campbellford, but nothing on the same road from Hoards to Stirling. "Why should they fix up the Northumberland part of the road and leave Hastings out. This council should try to get the government to do a complete job."

There was no more discussion and the report was adopted by council as a whole.

Stirling W.I.

The Stirling Women's Institute met at the Community Hall on June 3rd. Mrs. H. Cooke, President, conducted the meeting and Mrs. H. Rodgers led in community singing. The Lord's Prayer and W. I. Ode was sung. The sick committee reported Mrs. Geo. Luery sick and all members were asked to send cards, as she was one of the charter members.

The Roll Call was answered by a good attendance. Mrs. Tulloch was appointed a delegate to attend the district meeting held on June 9th at Sidney Baptist Church. Mrs. Louis Rodgers was appointed to look after cars to take members to the district meeting. The July meeting will be held at the home of Mrs. H. Cooke.

During the business period programmes for 1948 were planned. This interesting meeting closed with God Save The King and benediction.

River Valley W.I.

Mrs. Clarence Chard was hostess to River Valley Women's Institute for their June meeting on the third, with over thirty in attendance.

The new President, Mrs. Percy Utman, was in the chair and the meeting opened with The Maple Leaf and the Ode. The minutes were read by Mrs. J. Donohoe in the absence of the Secretary who is convalescing, and eighteen fees were paid at the May meeting, and over eighteen dollars for May. The Roll Call was answered with "How to make our meetings more interesting." Several letters of thanks were read and plans made for a quilting.

The Blue Cross Hospitalization was discussed and Mesdames Kent and Kane were appointed to convene the arranging of same. Mrs. S. Irvine read two interesting numbers "Why Are We Busy," and "A Tired Old Woman." Mrs. Percy MacMullen read two letters from Mrs. Mallard, of Bristol, England, describing their country in Springtime, and giving a word picture of their Institute, with over sixty members. Later in the summer the River Valley Institute members plan to pack a box of tea, sugar, fruit cake, candy, etc., to send to Bristol, with each member contributing an individual gift. Each month during 1948 Mrs. E. Heasman has been in charge of sending a box to the Bristol Institute through the Simpson Co., of Toronto. A snap of Mr. and Mrs. Mallard and an English magazine "West Countryman" were on display.

Mrs. Roy Bush gave a splendid demonstration of a First Aid Kit in the home and school. She said everything should be kept in a certain place where it was handy for all members of the family. She gave a very interesting description of articles needed and stressed the need of scissors, clean basin, sterilized bandages, and a good assortment of necessary articles which should be in everyone's home in readiness for an emergency.

The lunch committee served refreshments and a social half hour was enjoyed. A vote of thanks was tendered the hostess and all who assisted with the afternoon programme and lunch.

A portion of the letters from Mrs. Mollie Mollard, "Fir Trees," Sandy

Lane, Abbott's Leigh, Bristol, England follows:

We have over sixty members in our Institute and I am assistant Secretary. My husband and I were bombed out on that terrible Good Friday raid on Bristol and then we came here to live four miles from Clifton, where I go twice a week to do my shopping.

That raid was a ghastly experience the worst of all, we were in each raid and the first damaged the back of our house and another the front. We were using electric light all day long for over a year, as our windows were smashed and boarded up. The Good Friday raid lasted from 10 p.m. to 3 a.m., and the last two bombs fell on our house and back garden. The house of course is now flat but will be rebuilt some day. There were no shelters in those days and a friend sitting by my side was killed instantly. Luckily Abbott's Leigh escaped the raids and remained untouched by high explosives, although being on the outskirts plenty of flames and incendiary bombs fell but did no damage as it is mostly farm land.

The countryside here in March is really spring-like, and in our garden the crocus are in bloom with primroses in the woods, also scillas, acornets and daffodils. I do wish you could see those lanes of ours now, you would love England in the spring. It makes up for a lot of things. Soon blue and white violets will be out in the hedgerows, with masses of primroses in the woods. The woods are one field away from our garden, which will soon be blue with blue bells. The birds here are lovely — great tits, blue tits and chaffinches.

The rations for my husband and I per week are: 4 oz. bacon, 4 oz. tea, 8 oz. margarine, 2 oz. cooking fat, which crumbles and sizzles, 6 oz. butter, 1 lb. sugar and 4 oz. cheese. I cut one ration of bacon in half and make the quarter of bacon last a week for him. The clothes ration is 24 coupons for six months, a pair of sheets is 14 coupons, stockings 3, coat 18, shoes 7, 4 yds. dress material, 8 coupons.

Enough of these shortages — we are very lucky in many ways after all — we could be unlucky enough to live in Europe.

On Tuesday we held our usual

monthly meeting and I read out parts of your letter to the members. They want me to express on their behalf very kind thoughts of all of you. It is impossible to say what we really feel, but I do know that if all Canada's thanks and appreciation of the Ians are like the River Valley members, then Canada must be a very wonderful place. Regarding your question — what we would like for individual gifts — we think the best idea would be to have something we could enjoy at our 1948 Christmas party. Every Christmas, we have a W.I. party, complete with dance band and do find difficulty in providing refreshments. So, will leave it to your Institute to decide.

I made a birthday cake for mum, who was seventy-five years old on March 18th. She is unable to walk and queue. So, finds things very difficult. It is worse for people her age as the outlook is not too good. It will be some years before rations improve and it must be awful to think one may never see days of plenty again. My allocation of dried fruit for two months is 1 quarter lb. and I had some orange and lemon peel which I had crystallized myself.

Sometime soon Princess Elizabeth's wedding dress will be on show in Bristol and I do want to see it. The crowds will be terrific, but it must be very beautiful and worth waiting to see. I have joined the Institute Drama Classes in the Village, but I do not belong to the W.I. Choir.

DEPARTMENT OF EDUCATION COUNSELLOR-IN-TRAINING COURSES

The Department of Education is this summer offering to 15-year-old secondary school students (both boys and girls) splendid opportunities to secure training as future camp counsellors and, while so doing, have a real camping experience themselves.

Two well-equipped camps with highly qualified staffs are being conducted to provide this training. The cost has been kept to a minimum by governmental assistance.

The camp for boys is at Bark Lake, near Iroquois in Haliburton Country. Four two-week courses will be presented there, each of which will handle about 60 boys. The programme in-

cludes some canoe-tripping for those who can pass necessary swimming and canoeing tests. The camps provide training in both. The two-week courses start on the following dates:

- (1) July 3rd.
- (2) July 17th.
- (3) August 2nd.
- (4) August 16th.

The Director for the boys camp is Mr. Jack Griffiths, of Humberstone Collegiate, Toronto, who will be assisted by about a dozen men, each specially qualified to direct one or more of the camp activities being emphasized.

The girls camp will be conducted at Belwood Lake, near Fergus, Ontario. Two two-week courses will be provided there commencing July 3rd and July 17th. About 60 girls will be trained in each course. The Camp Director will be Miss Mary Blessinger, of Brock Avenue School, Toronto, who will have to assist her, a group of women qualified by training and experience to provide a very valuable course.

The cost for the entire two weeks course at either the boys' or the girls' camp is just a \$5.00 registration fee, plus provision of one's own transportation, for which there may be special rates. There is no charge for board, tuition or accommodation. The provision of these is part of the province's effort to extend a camping experience to more and more boys and girls. To do this, trained leadership is needed. The Department of Education is helping provide this by training secondary school boys and girls who later can assist as counsellors and counsellors-in-training in camps operated by various organizations.

Prospective counsellors may be recommended for these courses by such organizations as the Y.M.C.A., Y.W.C.A., Scouts, Guides, C.G.I.T., Tuxis Boys, C.Y.O., Sea Scouts, Y.M.H.A., Y.W.H.A., Air Cadets, Churches, Sunday Schools, Community Recreation Organizations, Secondary Schools and Service Clubs, etc.

However, in order that no good prospects may be overlooked, applications will be considered from any 15-year-old secondary school student who is interested in securing such training.

Enquiries should be submitted at once to the Physical and Health Education Branch, Department of Education, Parliament Buildings, Toronto 2.

From its styling to its stamina...
from its road-action to its ride...

CHEVROLET - and ONLY Chevrolet - IS FIRST!

Nowhere else beauty like this! New styling! New color! New upholstery fabric! All this added to the basic Big-Car luxury of Chevrolet's famous Body by Fisher. Remember — this body is exclusive to Chevrolet and higher-priced cars.

Chevrolet and more expensive cars.

You'll enjoy much greater comfort in Chevrolet for 1948. It brings you the Big-Car riding-smoothness and roadsteadiness of the Utilized Kne-A-Action Gliding Ride. Another feature found only in Chevrolet and more expensive cars.

First in all-round quality in the entire low-price field!

How you and your family will enjoy ownership of this newer, smarter, finer Chevrolet for 1948! It brings you BIG-CAR QUALITY — not in one item only, but in every phase of styling, engineering and construction — and brings it to you AT LOWEST COST, as well. That is why more people drive Chevrolets, according to official registrations — and more people want Chevrolets, according to seven independent surveys — than any other make of car. That is why you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value!

A PRODUCT OF CHEVROLET GENERAL MOTORS

Here's power, acceleration and dependability that will thrill the most experienced driver. It's the unique performance with economy of Chevrolet's Valve-in-Head Engine — Canada's most thoroughly proved automotive power-plant. Valve-in-Head Engines, too, are exclusive to Chevrolet and costlier cars.

Just as you will find no equal for Chevrolet dollar-value, so you will find no equal for our authorized Chevrolet service. Safeguard your transportation by bringing your present car to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.

EFFECT ON PRICES

The withdrawal of the sales tax on certain foodstuffs has apparently given countless price-conscious Canadians the impression that such costs would drop immediately so that, when these declines are not felt as expected consumers are rushing to complain with these complaints reaching Parliament Hill now.

"As to the effect on domestic prices, we have no official information but through the Wartime Prices and Trade Board we happen to know that a number of firms passed on the saving immediately," Finance Minister Abbott told the House of Commons, mentioning in particular immediate price cuts noticed in smoked meats and canned goods. "As to know how this can

be policed, as I said before under our system it can be policed only by the operation of supply and demand and the forces of competition. The only alternative would be a rigid over-all price system with inspectors going in to every store to investigate the cost, the markup, and the margin of profit on any particular item. I think it will be readily appreciated that that is impracticable."

BASES ON BRITISH TERRITORY

The Canadian Government has not taken in any negotiations nor is it even aware of any negotiations, involving British territories on which the United States was granted 99 years leases with a view to having these leases cancelled. This has been disclosed here in official quarters where it is indicated that the Canadian Government is not taking any action in this matter and is not even aware of any conference being held.

COMMUNIST SUPPORT

In answer to a question on a report that "Communists intend to support the Liberals in the coming Quebec election," Postmaster General Bertrand replied, "The Liberal Party accepts no responsibility as regards to Communists."

TECHNICAL AGRICULTURISTS

It is reported now that the Department of Agriculture of the Canadian Government employs no less than 1,351 technical agriculturists and these are paid a total of \$4,469,820 a year, emphasizing the growing value of such service to the Canadian farming operations. In fact, at the headquarters here in this capital 299 such technical agriculturists are employed now at an annual cost in wages of \$1,119,140. In other areas, such trained personnel include 280 in Ontario, 138 Quebec, 132 Alberta, 134 British Columbia, 131 Saskatchewan, 121 Manitoba, 50 New Brunswick, 46 Nova Scotia, 19 Prince Edward Island, and one in Northwest Territories.

FIT TO PRINT

"It is a most difficult thing to say what is fit for publication and what is not, said Justice Minister Ilsley in Parliament. "We receive a continual stream of resolutions asking us to ban salacious magazines and other publications, and there is the same complaint about these comics, which it is alleged lead children to crime. But it would appear that it is covered now by the Juvenile Delinquents Act, which provides a penalty for any person doing or contributing to a child's becoming a juvenile delinquent. The trouble, of course, would be to get a conviction."

"The possibility depends largely on the state of public opinion in the community," Mr. Ilsley emphasized. "It is not possible to define with any exactitude decency or a publication that leads to crime."

DO YOU WEAR IT OR EAT IT?

"What is illipe butter? It is not margarine, is it?" asked an MP in the House of Commons, with this being but one of many questions asked about illipe butter along Parliament Hill where it is surprising how few observers really did know this "84 Question."

"No, it is not margarine," said a spokesman for the Canadian Government, pointing out that illipe butter is used mainly as a substitute for cocoa butter in the manufacture of chocolate and chocolate coatings in the biscuit trade, with this illipe butter providing a fat that has a somewhat higher melting point than cocoa butter and which tends to prevent the bloom on the chocolate or coating.

"Imports during the next 12 months are estimated to range from 1,000 to 2,000 tons," stated this spokesman.

FAIR AND JUST

"I would reply to that question that when we receive from the Premier of British Columbia a statement in which the Premier sets forth the need for financial assistance, we will take immediately that request into consideration and will deal with it on lines which he believes will be considered fair and just by the province and by the Dominion," declared Premier King when he was asked in the House of Commons about what financial assistance will be given to B.C. following floods.

C.B.C. AND TELEVISION

It has been made clear now that, if and when television is established and operated in Canada, the Canadian Broadcasting Corporation will have supervision of television rather than the National Film Board.

FLUORINE IN DRINKING WATER

Health Minister Martin has disclosed that the Dental Division of his Department is co-operating with the City of Brantford, Ont., and the National Research Council to discover the effects of adding fluorine to the water supply at that city, with a survey team being now at work. The teeth of the children in that city will be compared with those of two other cities, Sarnia

and Stratford. This will require dental examination of about 5,000 children during 1948 and it is expected that the examination will be repeated every two years for 8 years. The purpose of this undertaking is to find out if the addition of fluorine in drinking water will reduce tooth decay.

CONTROL OF IMPORTS

A FAILURE

From Ottawa there come absolutely reliable reports that the whole system of control of capital goods imports has been a failure, states the Fort Erie Letter-Review. With an infinite number of applications for permits, the tendency is to judge them, not on the economic value, but on the skill with which the argument is presented in each case. The fundamental need, if the country is to be able to judge the success of this system of semi-dictatorship, is to make every permit public — and the government seems unwilling to do anything of that sort.

SAID IN THE CAPITAL

"The European Recovery Program Act passed in the United States has proven a tonic to the whole world," commented the U. K. High Commissioner to Canada, Sir Alexander Clut-terbuck, during an address here.

"Mr. Ilsley's willingness to remain in office throughout the present session was due to what he felt he owed Parliament and in particular to his colleagues in the government with whom he had been associated in the preparation of sessional program," said Premier King in this capital, discussing the coming retirement of Justice Minister Ilsley, who is entering private law practice in Montreal.

"This situation concerns all Canada," declared George Cruickshank, MP for Fraser Valley, B.C., whose riding has been hardest hit by the floods in B.C.

"Women must be active in finding ways to improve our own democracy and make it strong," stressed Mrs. R. J. Marshall, President, National Council of Women, in a speech here.

"Most oculists do not accept rebates but the situation varies considerably in different parts of the country," stated Combines Investigation Act Commissioner McGregor in connection with the report about "kickbacks" on eyeglasses prescriptions.

"I am one who does not believe in the possibility of another war but if it should happen we shall fight it shoulder to shoulder," remarked Dr. J. H. van Roijen, The Netherlands Ambas-

sador to Canada, during a ceremony in this capital.

"Preparing for atomic war is not a matter of dollars but a matter of scientific and industrial effort," said here Dr. C. J. Mackenzie, Chairman, Atomic Energy Control Board.

"From the standpoint of the man-in-the-street, the ordinary people of the country, I think the policy of debt reduction, certainly in times like these, is a right policy," remarked Justice Minister Ilsley in Parliament, talking about the budget.

"And the farming community would be encouraged to produce more food-stuffs, if they were allowed to export their meat and other farm produce to the United States without current export restrictions touching that mark et," declared G. Russell Boucher, MP in an inspiring address here.

"Perhaps, the greatest advance in the last 10 years is in the increase in early diagnosis," said Dr. G. J. Wherrett, executive secretary, Canadian Tuberculosis Association, reporting in the capital that in 1938 Canadians examined for TB totalled 166,530 but in 1948 this number is expected to reach 2,000,000.

"Poverty is the great catalyst that drives an exhauster society to Communism," stated Col. David Croll, MP, in the House of Commons. "But in this country of Canada if we keep things healthy for the masses of the people, there is nothing to worry about."

WEEKLY WIND-UP

Stories about changes in the federal cabinet are circulating more and more in this capital lately, with one persistent story being that the Premier of a Mid-Western Province may enter the cabinet upon the retirement of Premier King.

Finance Minister Abbott does not appear to like the charge that the taxes on soda pop and candy are "taking candy from kids," emphasizing strongly that not only children are involved since candy taxes produced \$15,398,000 last year and soda pop \$23,767,000.

In order to complete the sessional business as much as possible by June 30th, it is proposed the House of Commons will sit practically "day and night," running procedure from 11 a. m. to 1 p. m., 2-6 and 8-11 p. m.

The National Council of Women's annual meeting here left no doubt that they wanted rental controls "until such time as the housing shortages have been alleviated," with women from all parts of Canada apparently

impressed that much more will have to be done before the housing problem is solved and controls are lifted.

Sir Frederick Bain, President of British Industries, passing through Ottawa, stated that 33,000,000 yards of British textiles have already been shipped to Canada this year.

A famous Hollywood movie producer declared here that good films can be made in Canada to conserve exchange, completing plans of his own to make his second feature in this country.

Equalization of Assessment Report Adopted By Council

HANDS AT WORK... for ONTARIO

LEARNING MACHINE ASSEMBLY

MACHINE ASSEMBLY

John N. West, 25, of Toronto, a Royal Canadian Navy veteran, is shown here making an adjustment to one of the 10,000 parts in a business machine designed for a New Zealand firm.

Various types of business machines are produced in Ontario factories. Because of their intricate mechanisms it is essential that these machines be checked by expert craftsmen at every stage of their production.

ONTARIO'S products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security... and we and our children can have more of the better things in life. But to produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. They receive ON THE JOB training under expert instructors in our Ontario factories.

This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts the veteran on the road to skilled craftsmanship. In assembling business machines, for example, veterans must have a thorough knowledge of electricity and must learn to perform intricate work on precision machines having thousands of separate parts. These Canadian-made business machines are sold in all parts of the world, creating new wealth for Canada and Ontario. Therefore every effort of these newly skilled veterans helps to make Ontario a finer place in which to live and contributes to the welfare and happiness of all her citizens.

Mr. Jim Hulin, of Brighton, spent Sunday with his parents, Mr. and Mrs. H. E. Hulin.

Mr. and Mrs. G. M. Moorcroft and family, of Madoc, spent Sunday with Mr. and Mrs. Roy Eggleton.

Miss Mae Kennedy, Regina, Sask., is visiting her sister, Mrs. E. Eggleton, and Mr. Eggleton, John St.

Mr. and Mrs. Earl Fox, Mr. Thos. Spry, Miss Gena Spry and Mrs. N. E. Eggleton attended the funeral of the late J. H. Kinney, of Trenton, on Monday.

Mr. and Mrs. Creighton Johnston and son, of Burwash, are visiting friends in Stirling and district.

Mr. and Mrs. Don Hulin, of Toronto, visited the former's sister, Miss Betty Hulin and other relatives in Stirling on Monday.

Mr. and Mrs. Allan Melkjohn, of

Kingston, visited the former's father, R. W. Melkjohn, and other friends in town on Monday.

Mrs. W. Windsor, of Halliburton, spent a few days last week, with Mr. and Mrs. B. Holden, and called on relatives and friends in the vicinity.

Mr. and Mrs. Hart and Mr. and Mrs. Sheldon Calver, Marilyn, Wayne and Orlan, of Napanee, spent Sunday with Mr. and Mrs. A. Stevenson and Mr. and Mrs. Clarke Rodgers.

Mr. Everett Ketcheson, local representative of the Canada Life Insurance Company, is attending a convention of the company being held at Elgin House, in the Muskoka district.

Mr. and Mrs. W. L. Anderson and Mr. Lorne Anderson, of Belleville, spent the week-end at the home of the latter in Kewick. Master Bobby Anderson is holidaying with his grandparents Mr. and Mrs. W. L. Anderson.

Mrs. D. N. Miller, of Bel-Air, Maryland, U.S.A., and her daughter, Mrs. M. Saunders, Lima, Peru, South America, and Miss Mabel Bateman, of Belleville, were week-end guests of the former's niece, Mrs. Roy Eggleton and family.

River Valley Study Group

Fifteen members and visitors gathered at the home of Mrs. Ralph Utman for the May meeting of the River Valley Study Group. Mrs. R. W. Barker took charge of the business for Mrs. Bush and gave the Call to Worship. Hymn 488 was sung.

The minutes were read and approved. It was moved and seconded that the meeting be held on the third Tuesday of the month. It was moved and seconded that we have a round-table conference on the third Tuesday evening at 8 p.m., at the home of Mrs. Roy Bush instead of our regular meeting. A motion was passed that we go to Stirling in September and prepare both lunch and programme. It was decided to take their turn as usual in helping with the Church supper.

Offering was taken. The Worship Service was conducted by Mrs. Ernest Carr and assisted by Mrs. Don Donohoe, Miss Mary McDonnell, Mrs. Roy Irvine and Mrs. George Heaman. Hymn 15 was sung. Mrs. Roy Bush presented the Study Book in a very interesting manner.

All repeated the benediction, and a bountiful lunch was served by the hostess which was greatly enjoyed by all.

D.D.G.M. of IOOF

ST. CATHARINES, June 14 — Percy R. Sherwin, of Campbellford, will be installed as District Deputy Grand Master of the Independent Order of Odd Fellows, District Number 45, with jurisdiction over lodges at Madoc, Stirling, Campbellford, Havelock, Tweed, Thomasburg and Springbrook. On Friday of this week, Mr. Sherwin will be installed in office immediately following the installation of the New Grand Master of Ontario, W. E. Knox, of Ottawa.

Glen Ross

Defeats Juniors 11-6

Glen Ross proved too much for the Stirling Juniors on Friday evening when they defeated them 11 to 6 at the local recreational diamond. The losers put up a good game against their more experienced opponents, but errors paved the way for their defeat. Bush, on the mound, pitched good ball, while Dobson, with a triple, and Benny Mason, with a homer, were the hitting stars.

Harry Brooks was on the pitching mound for the winners and was given excellent support by his team mates. G. Pyear and D. Moore had homers and D. Pyear a triple.

Score by innings
Glen Ross 4 3 3 1 0 0 0 — 11
Stirling Juniors 1 1 0 0 2 1 1 — 6
GLEN ROSS — H. Brown, 2b; G. Pyear, 1b; D. Moore, c; D. Pyear, ss; P. Utman, cf; J. Armstrong, 3b; H. Brooks, p; C. Phillips, rf; C. Weaver, lf.

JUNIORS—Wright, 2b and cf; Dobson, 1b; R. Mason, cf and 2b; B. Mason, ss; Rose, lf; Black, 3b; Faulkner, rf; I. Eggleton, c.

Legion Wins Over Foxboro

One of the best games of the season was played on Thursday evening last when Stirling Legion eked out a 4 to 1 victory over Foxboro. Both pitchers were given good support in the field with Noble of the Legion having a slight edge over Shorten for the losers.

Mount Pleasant Vs. Minto
On Saturday evening Mount Pleasant and Minto were the opponents, with the former eking out a 6 to 5 win.

News-Argus To Be Published Early Next Week

Owing to Thursday next, July
1st, being a holiday, The News-
Argus will be published one day
earlier, Wednesday, June 30th.

Correspondents and advertisers
are requested to make note of the
earlier publication date and have
their copy in this office by Tues-
day noon.

Your co-operation will be ap-
preciated.

Poles Erected For Lights

The light poles at the Community
Recreational Centre were erected
yesterday, with the assistance of a
hydro crew and derrick from Belle-
ville, and the local hydro men are
rushing the installation of the lights.

Plans have also been completed for
the erection of a chain link fence along
the south end of the grounds, with
the work in charge of W. A. Suther-
land.

Bowlers Win At Havelock

Two pairs of Stirling bowlers com-
peted in the mixed doubles tourna-
ment held by the Havelock Bowling
Club yesterday afternoon, with both
getting into the prize money. Mr. and
Mrs. Walter T. Elliott won second
prize for the three game winners on
the flip of a coin from Mr. and Mrs.
Earl Fox, who took third prize with
two wins. Play was curtailed owing
to a thunder storm and the two local
rinks who were opponents in the final
game declared a winner by flipping a
coin.

To Preach Farewell Sermon

(Rev. Paul H. Christensen will
preach his farewell message in the
congregations making up Springbrook
United Church Charge on Sunday. Mr.
Christensen and family leave next
week for Dundalk, the Minister's new
charge.)

Due to the alarming shortage of
Ministers in the United Church, no
Pastor has as yet been found for
Springbrook. Rev. Ralph W. Barker,
of Stirling, has been appointed interim
moderator by the Presbytery, of Belle-
ville.

Rev. Grant Melklejohn, who has
served the last two years in Saskat-
chewan, will be guest preacher on the
Springbrook charge on Sunday, July
13th. Rev. Melklejohn, a former mem-
ber of Rylstone United Church, is the
youngest son of Mr. and Mrs. Sanford
Melklejohn.

HONoured ON 25th ANNIVERSARY BY FAMILY

On the afternoon of Wednesday,
June 23rd, Mr. and Mrs. Chris Bate-
man, of Springbrook, were honoured
on the occasion of their 25th Wedding
Anniversary, which was on April 5th
and due to illness was postponed.

Approximately forty of their im-
mediate relatives including their
daughter, Mrs. Tom Turner, and grand-
son, David, of Waterloo, gathered for
a bountiful dinner in Springbrook
Orange Hall. The table was gaily
decorated with a bouquet of Ladies'
Slippers and Hunter's Cup which were
gathered from the Bateman home-
stead by the groom's brother, Mr. Alex
Bateman.

Mr. Fred Bateman, Stirling, called
the gathering to order and after some
suitable remarks from various rela-
tives Mrs. Jim Nickle, Malone, made a
presentation on behalf of the family
of a purse of money to the Bride and
Groom of 25 years, who responded
graciously.

The remainder of the afternoon was
pleasantly spent in reminiscing and
taking pictures, after which the guests
left for their respective homes.

Hastings County Holstein Club Picnic Proved Enjoyable Event

Farm Home of Mr. and Mrs.
David Hollinger, Oak Lake,
Scene of The Get-Together

The farm of Mr. and Mrs. David L.
Hollinger, Stirling, provided a picture-
esque setting for the annual Hastings
County Holstein Club picnic on Satur-
day, June 19th, when over eighty Hol-
stein Breeders, their families and
friends gathered for the event.

In the morning a class of mature
cows and a class of Holstein heifers
were judged under the direction of Mr.
Roy Orniston, Holstein Fieldman.
After the placing of the classes a few
were asked to give reasons and Mr.
Orniston gave the official placings
with his reasons. Lunch was served
on the lawn, after which various
guests and members addressed the
gathering briefly.

The highlight of the afternoon was
an address by Mr. William Newman,
Lorneville. Mr. Newman, a practical
farmer and former member of Parlia-
ment, pointed out the perseverance
with which early Holstein breeders in
Hastings County had striven to make
the breed what it is to-day. He
mentioned Mallory's, Cooke's and other
early breeders and pointed out that
our present breeders should also strive
to make the best better.

Mr. Ronald Longwell, the county
president, on behalf of the Holstein
Club, moved a hearty vote of thanks
to Mr. and Mrs. Hollinger for their
kind hospitality.

The afternoon was rounded off with
sports and races for the young people
and a ball game under the direction of
Mr. G. W. Montgomery, Assistant
Agricultural Representative.

Lawn Supper Party

On Friday evening, June 18th, Miss
Arlene Tummon entertained fifteen
school friends at a supper party and
to the show, in honour of Miss Barbara
Brazill, who will be leaving later in
the summer to live in Toronto.

In the afternoon, Mr. Douglas Luery
assisted Arlene to arrange small
tables and gay lawn chairs on part of
the spacious side-lawn, also to set up
a record player out-of-doors for
dancing. When all the guests had
assembled each boy drew a bright
coloured ribbon from a hat suspended
high above his head. Attached to each
ribbon was a miniature "diploma," on
which was written the name of his
supper partner. The ribbons, arranged
in pairs, also gave them their table
partners.

The young people serv-
ed themselves cafeteria style to
the food placed on a centre table.
At the conclusion of supper and be-
fore going to the theatre, Barbara
was presented with a lovely gold com-
pact from those present. Although
completely surprised, Barbara was de-
lighted with the gift and graciously
thanked her friends. After the show
each one went home feeling that they
had had a grand evening together and
one which would linger long in their
memories.

MASONS ATTEND DIVINE WORSHIP AT ST. JOHN'S

Some fifty members of Stirling
Lodge, A.F. & A.M., No. 69, G.R.C.,
paraded from their lodgeroom, North
St., to St. John's Anglican Church on
Sunday last for service at 11 a. m.,
with V. Wor. Bro. Thomas W. Soimes
acting as Marshall.

Rev. C. C. Brazill warmly welcom-
ed the visiting brethren and was as-
sisted in the service by Wor. Bro.
Harold J. Wells, Worshipful Master,
and Wor. Bro. J. L. Good, who read
the First and Second Lessons.

Special music for the occasion was a
solo, "I Shall Not Pass Again This
Way," by Mrs. Don Nicolson.

A most appropriate and thought-
provoking sermon was delivered by
Rev. Brazill.

Decoration Day

Decoration Day services will be
held at Stirling Cemetery, on Sunday
afternoon, June 27th, under the
auspices of Stirling Lodge No. 239, I.
O.O.F. Stirling Citizens' Band will be
in attendance.

Passes Exams

Congratulations are extended Fred
Eggleton, who was successful in his
first year medical exams at University
of Toronto.

Trudeau Motors Ltd. Open Two New Garages

Two new garages recently construct-
ed in Napanee and Belleville by Tru-
deau Motor Sales are being officially
opened this week.

Special programs have been arrang-
ed for the official opening of the two
garages and the general public is cor-
dially invited to visit these two modern
garages on Thursday, Friday and
Saturday of this week. Official open-
ing of the Belleville garage on Station
Street is scheduled for Thursday even-
ing when dignitaries of Chrysler-Ply-
mouth Corporation will be on hand.

District distributors for Chrysler-
Plymouth products and Fargo trucks
Trudeau Motors Ltd. are also distribu-
tors over the counties of Hastings,
Prince Edward and Lennox and Ad-
dington for Allis-Chalmers tractors
and farm implements and for Dunlop
tires. Imperial Oil products are also
handled. The firm has two locations
in Belleville, one on Front Street and
the new building on Station Street, the
new building at Napanee and also gar-
ages at Stirling and at Tweed.

Legion Defeats Minto 8 To 5

On Monday evening Stirling Legion
defeated Minto by a score of 8 to 5.

Scoring six runs in the first inning, the
Legionnaires added one in the fourth
and one in the sixth. The losers got
one in the first, three in the third and
one in the seventh. Ray, on the firing
mound for the losers, had difficulty in
getting warmed up in the first when
the Legion got most of their runs, but
tightened up from then on to hold them
to two runs over the rest of the
route. Noble, was in his usual good
form for the Legion and kept the
losers' hits well scattered. Potter, of
the Legion, contributed a triple for
the longest hit of the game.

Stirling Downs
Mount Pleasant

Stirling won first place in the
Centre Hastings Southall League on
Tuesday night when they downed Mt.
Pleasant 11 to 2 behind some splendid
pitching by Rodgers. The winners
also felled well with Montgomery on
second going well back on a number
of occasions to trap fly balls over the
infield.

Potts was on the mound for the losers
and pitched an excellent brand of
ball, but was not given the best of
support by the infield. "Bud" Stocker,
in centre field pulled off several fine
catches to aid his team's cause.

Village Tax Rate For Year Struck At Special Meeting of Council

"Bee" To Erect Bleachers

Everyone interested in the Stir-
ling Community Recreational Centre
is urged to be present at the
High School Grounds on Monday
next, June 28th, at one o'clock, to
assist in erecting bleachers, and
levelling off the grounds.

Work is being rushed to have
everything in readiness for the of-
ficial opening planned for July 7th
and workers are needed if this is
to be accomplished in time.

Teacher Engaged

The Teachers' Committee of the
Stirling Board of Education has been
successful in obtaining the services of
Mr. J. M. Mahon, B.S.A., of Toronto, as
teacher of Agriculture at the Stirling
High School to replace Mr. John
Munro, who resigned to accept a po-
sition on the staff of the Smiths Falls
College. Mr. Mahon, who is mar-
ried, spent last year teaching in
Ethiopia, Africa.

Cup and Saucer Shower Held

The home of Mr. and Mrs. Gilbert
Finkle was the scene of a pleasant
event recently when Mrs. Finkle and
Mrs. Elmer West were joint hostesses
at a cup and saucer shower in honour
of Miss Helen Hick, of Belleville,
whose marriage takes place this
month. Some twenty girl friends were
present and the gifts were arranged on
a decorative table. The evening was
spent in games followed by a dainty
lunch.

Won First Class Honours

Congratulations are extended to
Miss Barbara Fargey, daughter of
Mr. and Mrs. Charles Fargey, Ridge
Road, in winning first class honours
in her examinations on Advanced
Intermediate Expression, held at
Albert College, Belleville, on Saturday
last. Miss Fargey, is a pupil of Miss
Jessie Tufts, of Belleville.

Native of Wellmans and His Wife Celebrate Golden Wedding

(High River, Alberta Times)

Hearty congratulations were extend-
ed to Mr. and Mrs. George E. Mack on
the occasion of their golden wedding
anniversary on June 8th. The happy
event was observed by an informal
reception held by Mr. and Mrs. Mack
in the afternoon and evening of June
8th. The afternoon was ideal for the
garden party held on their beautiful
lawn, but the evening guests were wel-
comed indoors because of the less
balmly weather.

Mr. Mack is a native of Wellmans
Corners, being born on the farm now
owned by Clarence Dunham.

Altogether about 150 guests arrived
to enjoy the hospitality of the Mack
home, and to join in the many expres-
sions of regard and good wishes for
the future. In addition, the occasion
was marked by letters, telegrams and
phone messages, which included long
distance calls from relatives in Califor-
nia, Trail and other places.

Mr. and Mrs. Mack were assisted in
receiving by their son and his wife,
Mr. and Mrs. Ted Mack, of Claresholm,
and also by their granddaughter, Mrs.
Ross Marshall, of Calgary. Their
other son, Harry, of Trail, was unable
to attend because of dangerous flood
conditions prevailing at Trail.

The evening was marked by the pre-
sentation of a purse to Mr. and Mrs.
Mack from a group of their intimate
friends.

No visitor at the Mack home would
be in any doubt as to how Mr. Mack
occupies his hours. His hobby is garden-
ing, a full time occupation to fulfill
his high standards. The trim lawn
with its encircling arrangements of
flowers and shrubbery, the fruit and
vegetable garden are all proof of
solicitous care and culture through the
years. It is a mammoth achievement

for an eighty-year-old man, even for
such a youthful eighty-year-old.

Mr. and Mrs. Mack were married on
June 8th, 1898 at Apsley, Peterborough
County, Ontario. Mrs. Mack's maiden
name being Louella Trickey. In 1905
they moved from Bancroft, Ontario,
to make their home in High River,
Alberta. Since that they have been
thoroughly interwoven with the life
and progress of the town. The fact
that Mr. Mack served as secretary of
High River for 25 years of the entire
42 year period of town incorporation
has brought him into closer touch with
more different phases of community
history than any other resident.

During their years in High River,
Mr. and Mrs. Mack have been devoted
to work and growth of the church.
They were strong supporters of all
phases of church work, first in the
Methodist church, and since 1925 in
the United Church. Mrs. Mack has
been identified actively with all wom-
(continued on page eight)

THURSDAY, JUNE 24th, 1948

Huntingdon Twp. Sunday School Convention Held

The Annual Sunday School Convention of Huntingdon Township was held at Fuller on Wednesday morning and afternoon. Sessions were ably presided over by the President, Mr. Clifford Green. The Beulah Sunday School under the leadership of the Superintendent, Mr. George Wood, conducted a very impressive worship service for the morning session, he was assisted by Miss Doris Twiddy who conducted the Scripture Reading and Mr. Harry Lovibond giving a fine address on the Power of Prayer.

Mr. H. R. Burke gave the official welcome to the delegates present. Mr. Ernest Holland, the efficient Sec. Treas. for a number of years gave his report showing the schools are in a fine healthy condition. The Roll Call revealed delegates were present from each of the nine Sunday Schools in the Township, there were also a number of visitors in attendance. Mr. H. R. Burke proved himself a fine song-leader, when he conducted a song service using the old familiar Gospel Hymns. No Hymn Books or song-sheets were used and this gave the convention a great spiritual lift. Mrs. W. J. Fitchett was the organist for the day and was complimented for

the capable manner of her playing.

Rev. G. R. Gray, Minister of the Alliance Church, in Belleville, brought a most wonderful and inspiring message. Speaking on the subject "Making the Sunday School Evangelistic," Mr. Gray urged his listeners to put effort into their Sunday School teaching by studying and more example.

Afternoon Session

The afternoon session began with a fine worship service conducted by the Standard Church and was presided over by Mr. John Holden. Rev. Mr. McMillan, Minister of the Foxboro Presbyterian Church, brought a very helpful message from the subject, "Making the Sunday School Worthy of its Calling."

Following this splendid address Mr. Arthur Wilson conducted a discussion. What proved to be of much interest was four five-minute addresses by local talent.

Mrs. Rev. L. Elliott addressed the gathering on "I Can't Teach Without Praying," Mr. H. R. Burke speaking on "Securing Personal Commitments For Christ," "A Method of Teaching I Have Tried" was given by Mr. Philip Carr, and "A Plan We Tried in Our School," was given by Mr. Wesley Farrell. Mrs. Milton Shaw in her usual fine voice gave a solo.

The closing address on the theme, "As the father has sent me, so Send I You," was very capably taken by a

Mutual Leader Honoured

D. G. WILLIAMS

The Mutual Life of Canada has released its Honours List, recognizing Mr. D. G. Williams for outstanding service to his community in the Club Year recently closed. He has again qualified as a member of the Company's senior production group, the Quarter Million Club.

Qualification for Club membership requires not only the underwriting of a large volume of protection, but, more important, the writing from year to year of "quality" business, that is, life insurance that is continued in force. These two factors, combined with a high personal standard of confidential service to policyholders, earn this recognition for Mutual Life representatives.

former minister, Mr. Kenneth Stewart, of Lakefield.

Messrs. Philip Carr and Wesley Farrell as a Resolution Committee thanked the officials of the two Churches at Fuller, the speakers and those who assisted in making this one of the best Conventions in some time. The officers appointed for the balance of 1948 and 1949 were:

President — Mr. Geo. Wood.
1st Vice-President — Mr. John Holden.
Secretary-Treasurer — Mr. Ernest Holland.

All the Department Superintendents of last year were re-appointed.

The ladies of the Presbyterian and United Churches of Fuller provided the delegates with a banquet in the dining hall of the the Presbyterian Church. The West Huntingdon United Church invited the Convention for next year.

Rawdon Jr. Farmer and Junior Institute

The monthly meeting of the Rawdon Junior Farmers and Junior Institute was held at the High School, Stirling, Monday, June 14th.

The boys' meeting was presided over by the president, Bob Cosbey. There were 22 members present. Plans were laid for the coming Field Day to be held in Stirling early in July. Committees were appointed to look after the necessary tasks connected with this County Field Day. A special meeting was called for July 5th at 7:30 p.m. at the Fair Grounds to ready the grounds. All Junior Farmers are requested to be there.

The joint meeting was in the form of films. The films were provided by Mr. Wm. Sutherland. Mr. J. L. Good operated the projector. The two films were very interesting and concerned the proper and improper ways to milk cows and also showed how milk was actually produced. Bob Cosbey thanked Mr. Good and Mr. Sutherland for their kindness in bringing the Junior Farmers these films. Lunch was served and the meeting adjourned.

Wellmans Wide Awake Class

The "Wide Awake" Young People's Club met for its monthly meeting at the home of Mrs. Walter Dracup. Some 28 members were in attendance. Miss Mina Dracup presided.

Items of programme were given by Mary Heagle, Eleanor Graham, Gerald Clancy, Lucile Dracup and Della Johnson. June Heagle presented a motion of appreciation regarding the interest in the Young People's Society shown by the Minister, Mr. Cole. He had driven the High School members out to Wellmans on each meeting night,

and had greatly contributed to the success of the meetings. The motion was seconded by Patsy Pollock.

Mina Dracup read a letter of appreciation at the farewell of Faye Fleming. Faye is the school teacher, and after four years at Wellmans leaves to take over a school in Madoc. She is a very popular leader among the young people. A presentation of

a volume of Edgar Guest poems was made to Miss Fleming by Mrs. Douglas Clancy. Rev. Cole spoke highly of the work of Miss Fleming and they all sang "A Jolly Good Fellow." The Club will be kept going all summer. The meetings will be held the 2nd Tuesday of each month.

TRUDEAU MOTORS LTD.

ANNOUNCE THE OPENING OF

TWO NEW GARAGES - Belleville - Napanee

STATION STREET — BELLEVILLE

TRUDEAU MOTORS are pleased to announce to the people of Stirling and vicinity the opening of these two new Garages... a further extension in our service to you.

We would like to draw your attention to the fact that our Belleville Station Street Garage was especially designed and constructed to render service to Truck, Bus and Tractor owners and operators. Extra wide and high doors, and special heavy duty equipment has been installed to make this the most modern Truck Service Centre in Eastern Ontario. No job is too large or too small. You'll get fast, efficient service... 5 service trucks are available to render fast road service.

Although our special opening visiting days are on Thursday evening and Friday and Saturday of this week, we would like to have you drop in and look our new garages over anytime you're in Belleville or Napanee.

You are cordially invited to attend the official opening of our new modern garage on
THURSDAY EVENING, JUNE 24th, AT 8.30 P.M.

NEWS FOR THE BUSY FARMER

LIVESTOCK AND FEED

Although the greater part of the world's livestock is fed from local production — particularly roughages — some countries before the war purchased extensively from abroad the coarse grains and oilcake needed to round out their livestock programs. In part this was obtained from milling imported bread grains and crushing of the C.W.N.A., and well-known in weekly newspaper circles across Canada.]

In this series of articles it is my hope to present an accurate picture of

imported oil seeds.

Since the war there has been a drastic reduction in world shipments of these commodities, particularly of oil seeds, and in addition, because of a higher extraction rate of bread grains in many countries, livestock by-products have been reduced substantially. In some countries the shortage of bread grains has made it necessary to use more coarse grains for human consumption, again reducing feed which would otherwise be used for livestock. This feed shortage, and local drought conditions in some instances,

has forced the slaughter of cattle in Europe since the war. Though this has helped to ease the meat shortage temporarily, it has obviously retarded the rebuilding of the European livestock industry.

GRAIN PLANTINGS 1948

Farmers' planting intentions for grains for the whole of Canada reported on April 30th, 1948, indicate a drop in wheat acreage from 1947 of about half a million acres, and a small decline of about 77,000 acres in barley. These decreases, however, are expected to be more than offset by increased acreages of oats of 722,000 acres of flax seed; 130,000 acres and rye 336,000 acres over 1947 seedings. Acreage in summer-fallow is expected to exceed last year's figures by 425,000 acres, an increase of two per cent.

CANADA'S LIVESTOCK IS WELL GUARDED

It is no mere happy chance that Canadian livestock are free from serious animal diseases such as foot and mouth disease, contagious pleuro-pneumonia, rinderpest, and other destructive animal plagues. This freedom from serious animal plagues is due in a large measure to the careful watch kept by veterinarians of the Health of Animals Division, Dominion Department of Agriculture, on imports of livestock, livestock products and materials likely to carry infection from foreign countries where such animal plagues do exist. Dr. T. Childs, Veterinary Director General told the Manitoba Veterinary Association at its annual convention held recently in Winnipeg. The service had its beginning in 1868 and the efficiency of the inspection is shown in the results — no serious animal plagues have ever gained a foothold in Canada.

This record is the more impressive when it is remembered that there are only two countries in the world, the United States and Newfoundland, from which it is generally considered safe to permit unrestricted entry of livestock and livestock products. Inspection regulations are, however, applied against livestock from these countries if special circumstances arise which make it necessary. Entry of livestock, livestock products and other material from all other countries are subject to import permits, quarantine, inspection, testing, treatment, fumigation, and any other necessary procedure regardless of the health certificates which may accompany the shipments. Imports are not permitted to proceed beyond the quarantine station at the port of entry until the divisional veterinarian in charge is fully satisfied that the animals are healthy, or the products and material free from disease. There are about 30 ports of entry around the coasts and borders of Canada and these are under the supervision of divisional veterinarians.

On the reverse, or export side of the picture, regulations with regard to livestock produced in Canada are just as strict. All animals slaughtered for domestic use are subject to inspection by the Health of Animals Division, and more than half of all the livestock in Canada are under the supervision of veterinarians for the control and eradication of disease. There are 114 packing plants in Canada operating under inspection of the Health of Animals Division and the products of these are eligible for export to any country in the world. Export of livestock, livestock products, including meats and meat products from Canada, is not permitted unless such livestock or products are certified as fit for export by a divisional veterinarian.

BUYING BY GRADE PROTECTS CONSUMER

Canadian housewives who buy their canned fruits and vegetables by grade have few causes for complaint. When they pay a small premium for Choice grade they are confident of getting a better product than that labelled Standard. If they order Fancy grade, they get the best.

But behind this confidence are the inspectors of the Fruit and Vegetable Division of the Dominion Department of Agriculture, whose job it is to interpret and enforce the grading standards. That it is a big job is readily seen when it is realized that 98 per cent of the fruits and vegetables canned in the Dominion are subject to national grading regulations.

The object of the regulations and the training of the inspectors, is not only to protect the consumer by providing a satisfactory product, but also to see that it is uniform wherever it may be bought throughout the Dominion.

To show how strict Canada's grading regulations are, a can labelled Fruits for Salad, must contain apricots, Bartlett pears, peaches, plums, and maraschino cherries, and the proportion of each fruit in the mixture must be in accordance with the established regulations. In addition, the

grading for quality of the salad, must correspond with the quality grading regulations for all the fruits which it contains.

Though the grading regulations for canned fruits and vegetables are strict they do reward the conscientious grower and canning company, just as they penalize the careless; and they protect the eventual buyer of the products — the housewife who buys by grade.

SOIL TEST BEST FOR SOME ELEMENTS

In addition to water and air several elements are required for promoting plant growth. Attention has been directed mainly on nitrogen, phosphoric acid and potash, and, to lesser degree, calcium and magnesium as plant foods. For certain crops and soil types other plant foods, such as boron, cobalt, copper, iron, magnesium, manganese, molybdenum, sodium, sulphur, zinc and others, may be required. This group is called lesser plant foods, not due to lack of importance, but because plants require only small quantities of them.

The fertility of the soil on many Canadian farms has become badly reduced from constant cropping, says G. W. Michael, Associate Chief — Fertilizers, Plant Products Division, Dominion Department of Agriculture, Ottawa. Some soils may have become deficient in one or more of these lesser plant foods for certain crops, but before bulging them either singly or mixtures, the soil should be tested to determine whether any deficiency exists and whether there is a real need of applying them.

Ordinarily, mixed fertilizers contain some of these lesser plant foods without any special claim being made for them by the manufacturer, and except in special cases, the results from such mixed fertilizers have proved their sufficiency in producing satisfactory crops. These lesser plant foods are important and no doubt constitute one of the major fertilizer problems for solution in the future. In the meantime, however, the farmer would be well advised not to waste his money buying them, unless he is sure his soil requires them.

MACHINES INCREASE FARM EFFICIENCY

Canadian agriculture employed 1,113,000 people during 1947, or only about 70,000 less than in 1946, reports the Labor Gazette in a recent issue.

The movement of population from rural areas has been continuous, over recent decades, and gained momentum during the war. It is estimated that 200,000 workers left agriculture in the war years and only about 20,000 returned in the immediate post-war years, says the Gazette.

Greater mechanization has enabled farmers to operate with less help. The improvement in agricultural efficiency made possible the tremendous production increase during the past eight years despite the smaller work force.

Farmers still require extra help at harvest time, however, and the wartime organization of labour movements from surplus areas to areas of scarcity was continued in 1947, through the co-operation of the Dominion Department of Labour, the National Employment Service and the nine Provincial Departments of Agriculture. There were 12 major movements in 1947, involving 20,000 workers.

Net farm income trebled between 1939 and 1947, rising from \$461 millions in 1939 to \$1,377 millions in 1947. The investment of much of this increase in new agricultural machinery and implements will further ease the farm labour situation.

LAND OF BOUNTY

It's only human nature to complain, but maybe we Canadians complain more than we should.

That doesn't mean that everything is perfect in this particular part of Canada, or in any other part. Day after day we read about rising prices, restrictions on some imports that used to come from the United States, shortages of housing, high income taxation.

But if we compare our problems in Canada with those in many other parts of the world, they appear pretty insignificant.

Take the case of people living in the United Kingdom. They put up with almost seven years of wartime restrictions in other lines; the housing shortage is acute, because literally millions of homes were destroyed or damaged between 1939 and 1946; and income tax rates are far above Canadian

levels. Almost as many foods are rationed in the United Kingdom today as were rationed during the war. In some cases, the ration allocation has been reduced. There is less variety in the grocery stores than during the peak period of submarine warfare. You can't even buy a chocolate bar without giving up ration coupons. Clothing is also rationed. And many everyday commodities — the things everyone in Canada can buy when he wants them — just aren't to be had. They are being shipped abroad to earn foreign currency to keep the country out of the red.

The other day we were talking to a Canadian just returned after more than three years in London. He travelled around the United Kingdom and several European countries. He enjoyed his stay abroad; but he's glad to get back.

"Boy, the longer you stay away from Canada, the happier you are to get home!" he said.

It's something we stay-at-home Canadians might think about.

MARMORA RECTOR NAMED RURAL DEAN

The Rt. Rev. John Lyons, Lord Bishop of the Diocese of Ontario, has appointed the Rev. J. M. Brownlie, L. Th., Rector of St. Paul's Church, Marmora, and St. Mark's Church, Bonarlaw, to the office of Rural Dean of Hastings. He succeeds the Rev. W. J. Robinson, former Rector of St. James' Church, Tweed, who is now Rector of the Church of St. Mary Magdalene, at Nanawana.

Newspaper want-ads grew from a rush of appeals for return of goods lost in the Great Fire of London, 1666.

a word about Personal Purchases in the U.S.

● If you are contemplating a trip to the United States, here are two important facts to remember:

● You may not bring back with you any merchandise which is prohibited under the Emergency Exchange Conservation Act. Find out in advance from Canadian Customs officials whether you may bring in any contemplated purchase.

● To conserve all available U.S. dollars for essential purchases, a travel ration of \$150 U.S. per person for the 12 months between Nov. 15, 1947 and Nov. 15, 1948 has been established. Be sure to get the necessary forms and details at your bank, well in advance of your trip.

This caution is given to help avoid possible embarrassment at border points.

PASTOR'S FAREWELL MESSAGE
"What Christ Means To Me."

Mrs. Etta Weaver, Belleville, spent
the week-end with her mother, Mrs.
John Johnson.

Mr. and Mrs. Elwood Johnson and
Marion spent Sunday with Mr. and
Mrs. Milton Blakely, at Campbellford,
and called on Mr. and Mrs. Thomas
Dunham, Seymour West.

Marsh Hill

Mrs. Wm. Davidson, of Toronto,
spent a few days with her cousin, Mrs.
Fred Heasman.

Mr. and Mrs. Gerald Irvine and
Douglas spent Sunday with Mr. and
Mrs. Chas. Ross.

Reeve and Mrs. Fred Campbell had
a trip to North Bay, via Algonquin
Park, this week.

Miss Phyllis Heasman, of Belleville,
was home for a day during the week.

Mr. and Mrs. E. B. Finkle spent Sun-
day with the former's sister, Mrs. Tom
Irven and Mr. Irven, at Front of
Sidney.

Miss Evelyn Bleeker, of Guelph,
spent the week-end with her parents,
Mr. and Mrs. B. Bleeker.

Miss Joyce Hannah and Lois Mitts
received the welcome news last Fri-
day that they had been successful in
gaining their High School Entrance
on their years' work. Congratulations.

Miss Lois Mitts spent the week-end
in Belleville with Mr. and Mrs. Tom
Riley and Mr. and Mrs. Berson Mitts
and Miss Evelyn Olmstead were Sun-
day dinner guests of Mr. and Mrs.
Riley.

Mr. and Mrs. J. L. Good, Stirling,
were dinner guests of Mr. and Mrs.
Berson Mitts and family on Wednes-
day evening.

Madoc Junction

Mr. and Mrs. Bert Reid and family
spent the dinner hour Sunday with
Mr. and Mrs. Hugh McMullen and
Messrs. George and Wm. McMullen.

Miss Gladys Madill and Mr. Chancy
Kerr, and Mr. and Mrs. Chas. Stapley
spent Sunday in Lindsay.

Mr. and Mrs. Harry Kelly, Billy and
Wayne, of Warkworth, spent the tea
hour on Saturday with Mr. and Mrs.
Gordon Nelson.

Congratulations to Gladys and Marg-
aret Madill for having successfully
passed their entrance examinations.

Mr. and Mrs. Wm. Stapley and Jim,
also Mr. Murney Stapley spent Sunday
at Finton.

Misses Mary Chambers and Iris Hol-
land were tea guests Sunday evening
of Miss Joan McCurdy, Ridge Road.

The home of Mr. and Mrs. Nathan
Wannamaker was the scene of a
happy gathering last Thursday even-
ing when neighbours and friends gath-
ered to honour Mr. and Mrs. James
O'Bryan (nee Ella Wannamaker) a
recent bride and groom.

Mr. Milton Reid was chairman for a
short programme which consisted of
community singing, with Miss Hilda
Stapley at the organ; readings were
given by Mrs. Alfred Lake, Mrs.
Harry Clark and Miss Mary Cham-
bers; musical numbers by Miss Rosella
Fitchett and Mrs. Hugh McMullen;
duet by Misses Donna Stapley and
Grace Clarke.

An address was signed by Ada
Stapley and Rosella Fitchett, and
was read by Mrs. Warren Harlow, ex-
pressing good wishes of all present,
and asking them to accept the miscel-
laneous gifts. Both Ella and James
replied and after the gifts were un-
wrapped, all joined in singing, "For
They Are Jolly Good Fellows." Lunch
was served and a social time enjoyed.

Stirling.

Bonarlaw

W. J. Cottrell, Past President of the
Stirling, Rawdon and Marmora Reli-
gious Educational Council paid a visit
to St. Mark's Sunday School Sunday
morning and addressed the Teachers
and pupils, using as his theme the 78th
Psalm, which made the basis of a very
appropriate and interesting address,
and was listened to by young and
old with rapt attention. The Superin-
tendent, Mr. Baker, in thanking him
for his visit and address paid tribute
to his ability as a public speaker.

Miss Mildred McLaren has secured
a position in Campbellford.

Douglas C. Brown has sold his farm
to Milford Gordanier and expects to
take over a business in the southern
part of the County in the near future.

The pupils of our school are busy writing their final examinations this week.

Bethel W.A. Entertains At Tea

On Thursday, June 17th, the members of the W.A. entertained at a very successful tea with well over one hundred in attendance. At two-thirty the president, Mrs. Ray Shortt, opened the devotional period with hymn, "What A Friend We Have In Jesus," followed with the Theme Song and the Lord's Prayer. Mrs. William Heath, presided at the piano. Mrs. Leslie Thompson gave the Scripture Reading, Romans 12th Chapter. Rev. N. Cole led in prayer. The devotional period closed with hymn "O Master Let Me Walk With Thee." At this time the president in her very capable manner welcomed the guests.

Each society present contributed a number on the program. Mount Pleasant, solo by Mrs. Marguerite McMullen, accompanied by Mrs. Kenneth Weaver; Salem, reading by Mrs. Delbert Sine, "The Bridge You'll Never Cross"; Stirling W.A. contributed a duet by Mrs. Cecil Macklin and Mrs. M. J. Black, accompanied by Mrs. H. West; Springbrook, reading by Mrs. Christensen, "The Faithful Few"; Carmel, instrumental by Mrs. Arthur Pyear; Wellmans, reading by Miss D. Johnston, "The Touch of The Master's Hand."

Mrs. Harold Elliott, Past President of the Belleville Presbytery then introduced the guest speaker of the afternoon, Rev. Donald Amos, of Bridge Street United Church, Belleville. He chose as his theme, "When The Lights Go On Again," which proved very inspiring and was enjoyed by everyone. The program closed with the hymn "Come Let Us Sing of a Wonderful Love." Rev. N. Cole pronounced the benediction.

The members of Bethel W.A. then served a delicious lunch to which everyone did justice. Mrs. W. T. Elliott, of Stirling W.A. thanked the President, Mrs. Ray Shortt and her committee for their kind hospitality, to which Mrs. Shortt responded. A collection was taken and a large amount was realized.

Licence Plates Will Be Blue on White

Ontario's color scheme for the 1949 motor vehicle licence plates will be just the reverse of this year's. It was announced Monday. It is to be blue letters and numbers on a white base. Some 800,000 sets, to be made at the Ontario Reformatory in Guelph, have been ordered.

Annual Meeting of Stirling Branch Upper Canada Bible Society

The annual meeting of the Stirling Branch of the Upper Canada Bible Society met in Grace Chapel on Monday evening, June 21st.

Mr. Arnold Wannamaker, President of the Branch presided over the meeting. He urged that if the Gospel message is to be sent to every nation on the earth we must have Bibles written in each of their respective languages. This enormous task is the work of the Upper Canada Bible Society. Therefore, the Bible Society should be supported by every Christian in every Church. It is only as each individual realizes his share that this can be accomplished. As we learn to give the Lord blesses us to give more. The president led the meeting in prayer.

Rev. Egerton Young, district representative of the Provincial Board was then called up to give his message. We should feel our responsibility as Christians. If we were lost in the woods or desert we would need a compass to direct our path. We today are travelling along blindly in our pride and conceit. We desperately need a compass to guide us. Every individual in the world needs a Bible as a compass to guide him. The Bible Society is going to send 40,000 Bibles to the remote parts of the world. Foreign countries are begging for Bibles today.

The Anti-Christian forces from the north of Asia are moving southward and are pushing out our Missionaries in China.

In this period of re-building the ideals which influence the people will determine the character of the people of the future. How important then that the Bible Society should be strengthened, that all peoples may be prepared to face the future.

Mr. Young then showed a moving picture on "The Heart of India," which proved a source of inspiration to all. At the conclusion of the pictures, Mr. Young presided over the election of officers which resulted as follows:

President — Mr. Arnold Wannamaker.

Vice-President — Mr. Houchin, Mr. Macklin, Mr. H. R. Tompkins and the resident Ministers.

Secretary — Mrs. H. Rollins.

Treasurer — Mrs. Nora Wescott.

In resuming his office Mr. Wannamaker asked for the co-operation of all so that Stirling's share of this great work might be accomplished.

FORD MOTOR COMPANY INTRODUCES NEW CAR

The Mercury and Lincoln division of Ford Motor Company of Canada, Limited, announced today that it would shortly introduce a brand new automobile in the low price field, to be known as the "Meteor." It will be exclusive to the Canadian market and will be distributed by the Mercury and Lincoln dealers across the Dominion.

In addition to the two-door Custom sedan shown above, the Meteor line will include the Custom four-door sedan and Club Coupe, as well as a deluxe series consisting of two-door and four-door sedans, Club Coupe and Business Coupe.

Described by the makers as "an incorporation of all our forward thinking from the standpoint of engineering, styling, safety and comfort," the Meteor presents a long, low silhouette, being less than five feet, three inches from road to highest point. Its full-width body lines sweep back from a distinctive front grille and broad hood. Rear fenders are completely eliminated, the body design being such that maximum width is achieved for both front and rear seats as well as providing for a particularly spacious luggage locker at the rear. The seats

are located in the comfort zone between front and rear wheels, the front seat being only slightly less than five feet in width and the rear a full 60 inches across the car.

The all-steel, welded body is bolted to the frame at 22 points to form a solid unit. The frame is a box section type. It has five cross members and is of double-drop design making possible a particularly low centre of gravity and great rigidity.

All round visibility is a stand-out feature, the rear window alone being 88 per cent larger than that of the average automobile of former years. Narrow corner posts and centre pillars add to visibility without loss of body strength.

The Meteor will be available in nine colors and four two-tone combinations, complemented by a fresh new choice of long-wearing broadcloth and mohair interior fabrics. Inside door handles pull up to open, eliminating the hazard of accidental opening while exterior handles are of the pull-out type with rotary latches.

The car has a newly designed, V-type eight cylinder engine of 100 h.p. All engine accessories are "top-mount-

ed for easy servicing.

A symmetrical steering linkage combines with an advanced type of independent front wheel suspension and longitudinal springing at the rear to provide maximum stability. Airplane type hydraulic shock absorbers are located inside the safe action coil springs at the front and similar shock absorbers function at the rear. A feature of the longitudinal rear springs is the fact that they are so constructed as to eliminate the need for lubricating the spring leaves.

The Meteor is equipped with a special fresh air ventilation system. Two ducts carry fresh air from behind the grille, one inlet supplying air to the driver's side and the other to the passenger side. Each inlet is provided with a shut-off valve, actuated by a control knob on the dash, at either side of the steering column.

Yet another feature is the introduction of soft "black lighting" of instruments, reducing eye strain due to glare and reflection at night. The control instruments are grouped directly in front of the driver.

ENGLISH JOURNEY

BY WALTER R. LEGGE

(Walter Legge is Editor of the Granby (Que.) Leader-Mail, a past president conditions as they are in England today, to contrast present conditions with what I found when there with Canadian editors in 1942, and to make them as interesting as possible.

There are so many conflicting reports of what the English are now enduring that this will be an effort to present factual information as I find it.

To begin with, it is difficult but not impossible to get bookings to Europe

today. There still is a serious shortage of ships, but Mrs. Legge and I were fortunate in being able to get accommodation on the Ascania leaving Halifax on April 16th, and returning from Liverpool on June 5th.

Mr. Abbot's dollar saving program has not made travelling any more pleasant. It has stopped the privilege of allowing friends to go on board ship to see you off. Also once on board, passengers are not allowed to come off again before the ship sails.

The boat train arrived at Halifax at 2 p.m. and those passengers, (nearly all of them) who went on board were forced to stay there, although the ship did not sail until 10.30 p.m. that night.

Although passengers must declare on a Form H the amount of money he or she is taking with them, the customs officers insist upon seeing and counting it. This is one of the ways in which government regulations undermine morals by considering everyone as a felon. The passenger's signed statement is not accepted at face value and is apparently only used as an added charge against the passenger, if as the government seems to hope, he has either intentionally or not, made a mistake.

If the examining officers are at all suspicious, the passenger's person and baggage are subjected to a thorough search.

We did not go on board at once, but going up to the Nova Scotia Hotel, had a delightful visit with the members of

the Nova Scotia Press Association, who were gathered in session there. With them also were R. A. Giles and W. McCartney, president and manager of the C.W.N.A.

The "Ascania" although not a very fast ship, has many advantages, not the least of which is that she is a very steady ship. We were told by passengers who had travelled many other ships that the Ascania does not roll as much as other larger and faster ships. Certainly we had a very smooth voyage and very few passengers suffered sea sickness.

The chief officers, Capt. W. M. Stewart O.B.E., H. E. Wardrop, purser, H. Tweed, chief steward, and others are exceedingly pleasant and all can spin exciting yarns of their war experiences. Capt. Stewart, who was on his first trip in command of the "Ascania," having previously been Staff Captain on both of the Queens, was for most of the war in command of a ship sailing up and down the east coast of Africa and although he escaped torpedoing, had his share of excitement and difficulties.

Every member of the ship's complement seems anxious to do everything possible for each one of the passengers.

Ships at present are crowded on every trip and there were about 800 passengers on board. There was a very large number of children, but they were all remarkably good, and there is a well equipped nursery which is popular with the smaller children.

While the first accommodation was filled the public rooms were not overcrowded, and it was always possible to find a comfortable chair, or a table on which to play cards, if desired. The tourist accommodation, we were told, was much more crowded.

The "Ascania" is listed as still under austerity conditions but it is difficult to say just where there is any austerity. Certainly not in the dining room, where meals are as good as in peace-time.

A typical breakfast menu lists 5 different fruits, 7 breakfast cereals, grilled fresh herrings, calves liver, broiled bacon, eggs in any manner desired, cold meats, 6 kinds of bread, waffles, buckwheat cakes, with maple or golden syrup, preserves, marmalade and six different beverages.

During the morning hot broth is served in all the public rooms.

At noon, a luncheon menu is as varied as the breakfast one, and about four p.m. tea is served to everyone in the public rooms.

The dinner menu is the best of all. Here is a sample one taken at random:— Oysters on half shell; Hors d'oeuvres; Consomme or cream soup; Poached filets of Turbot; veal and ham cutlets; Roast sirloin of beef; Haricots vert; carrots vichy; boiled, rissoles or volauvents potatoes; roast chicken; strawberry souffle; wine jelly; vanilla or orange ice cream; canope anchois, coffe or tea.

There is nothing about such menus to suggest austerity.

There is plenty of entertainment provided. Horse racing, bingo, and other amusements are organized each evening, while a ship's orchestra of five pieces plays at regular hours. Deck tennis, shuffle-board and other games are popular, and no one need have a dull moment.

All in all, a voyage on the Ascania is just as enjoyable today as it was before the war.

(To be continued)

PROPOSED SCHEME

It is reported here that the Canadian Government has proposed a scheme to all provinces whereby, if they spend 35c, the federal government will give 75c toward treatment of selected cases of persons getting pensions who are partially blind in order to improve their eyesight. It is hoped to conclude arrangements with all provinces within the next few months.

STIRLING

Hello Homemakers! There is wealth hanging on your fruit trees these days! If you are a town dweller, you will find berries in profusion at your favorite store or market. The aristocrats of flavor: berries of red, black and blue, cherries of sweet and sour varieties are here in abundance. Soon they will be gone, but today you can make a berry pie. Fruit pies are favorite desserts and every homemaker delights in making them. The results are so good, the work is a pleasure. But while the pie is in the making, these questions "buzz": Will the under crust be soggy? Will the top crust brown? Will the juice run all over the oven?

TAKE A TIP

1. To prevent a soggy crust. This depends a great deal on the pastry itself. No one recipe can be made or handled successfully by all cooks. General rules are: The mixture should be on the dry-rich side, which means sprinkling cold water carefully into fat-flour mixture. Never sprinkle the dough with flour — use a lightly floured rolling pin. The dough should be rolled from the centre to the outside of the circle with light, even strokes. Roll out 2-3 of the dough to about 3-8 inch thickness so that it will overlap the edges of the pie plate by about an inch. Fold it in half and pat it into the pan. Prick 4 or 5 times with a fork and trim the edge with scissors. If possible, chill in electric refrigerator 10 minutes while preparing the fruit.
2. To prepare fruit: If necessary, wash fruit in a sieve or collander and drain. Mix sugar with flour or quick-cooking tapioca and a dash of salt. One half teaspoon of lemon juice may be added too. Fruit is apt to pack so this sugar-flour mixture should be tossed lightly with the fruit before putting it into the pastry shell. Roll out top crust with the same precaution as the lower one, but slash a pattern in the centre.
3. To avoid boil overs: Wet the

edge lightly. Fold the extra margin on the lower crust up over the top crust. Press it down with a fork or gently tuck the two together in a standing rim. But work quickly so that the pie gets into the oven before the seal is broken. You may wet a 2-inch wide strip of parchment paper or butter paper and stick it underneath the rim of the plate letting it flap over the edge of the pie to prevent juice from dripping out. Bake in a pre-heated electric oven of 425 or 450 degrees. Reduce the temperature or turn the dial to 350 degrees after 15 minutes baking, otherwise, it may boil over.

4. Browning the crust: Our modern ovens are insulated so well that the moisture does not escape quickly so the top may not look as brown as mothers', but we like pie crust to be light brown and soft. We do not recommend adding a glaze of egg white but sometimes a sprinkle of fruit sugar or a little butter achieves the desired effect.

BASIC PASTRY RECIPE

- 1 1/2 cups flour (pastry)
- 1/2 cup salt
- 1/2 cup shortening
- 4 tbsps. cold water

Sift the flour with salt and work the shortening into it with pastry mixer. (When shortening is mixed evenly the mix looks like coarse oatmeal). Sprinkle in the cold water, tossing flour into dough. Pat lightly into a ball, wrap in wax paper and chill in refrigerator for 1/2 hour. Roll out lightly on a floured board to 1/3 inch thickness in a circular fashion, fold in half and lift to pie plate. Press gently onto pie plate. Cut down around the edge. This makes one nine-inch double crust.

FRESH CHERRY PIE

Plain pastry

- 1-8 tsp. salt
- 2-3 cup sugar
- 4 tbsps. flour
- 3/4 cups pitted red cherries
- 1 tsp. lemon juice
- 1-8 tsp. nutmeg
- 2 drops almond flavoring

Line a 9-inch pie pan with plain pastry. Trim and flute the edge with floured fingers. Mix together the salt, sugar and flour. Sprinkle 1/2 of this mixture on the unbaked pie shell; mix the remainder with the pitted cherries. Fill the pie with the cherries; add the lemon juice, nutmeg and almond flavoring. (If you haven't any almond flavoring in the house, crack a couple of cherry pits and put in the cherry meats). Cut out a top crust to fit the pie and lay it on top of the cherries. Do not fasten it — it will rise and fall with the cooking cherries but no hot juice boils over. Bake in a hot electric oven until golden brown, reducing the heat to 350 degrees after the first 15 minutes for another 25 minutes.

MOTHER'S BLACKBERRY PIE

- 2 1/2 cups blackberries
- 1/2 cups brown sugar
- 1 tsp. cornstarch
- 1 tsp. butter

Line a pie plate with crust and brush with white of egg. Add berries and sprinkle with the sugar and cornstarch mixed together. Dot with butter; cover with upper crust and bake in electric oven at 425 degrees for 10 minutes, then 350 degrees for 30 minutes.

Ann Allan invites you to write to her c/o Stirling News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

YOUR SHRINKING DOLLAR

"The Government is not going to establish an over-all price ceiling policy or an overall control of wages," says Finance Minister Abbott in Parliament in answer to a straight question what the Government intends to do to curb the still rising cost of living, with the Minister stressing the Government "has neither the constitutional power, nor an electoral mandate to do so."

COST OF SESSION

The man-in-the-street across Canada will be interested to hear that the cost

HIGH APPOINTMENT

S. McMAHON

S. McMahon, recently appointed general manager of the Canadian Pacific Express Company with headquarters at Toronto, has filled a wide range of positions at Revelstoke, Penticton, Sicamous, Kelowna, Nelson, Kamloops, Vernon, Fernie, Cranbrook, Victoria, and Toronto. He has been assistant general manager in Toronto since December, of 1945.

of this session of Parliament, not including members' salaries, from Dec. 5th, 1947 to Jan. 25th, 1948, involved \$102,034.54 for the House of Commons and \$16,565.98 or a total of \$118,596.52. This amount includes cost of sessional staff, printing and travelling expenses for Christmas recess, but it does not include salaries for permanent and continuous temporary staff employed the year round.

GOOD BUSINESS

It has been disclosed here that Canada's first International Trade Fair held at Toronto saw 1,500 exhibitors representing most countries of the world take part and many have done good business in face of rumors to the contrary, though it is learned officially that some did not do so well. "That is bound to happen," said a spokesman for the Government, Trade Minister Howe. "I have talked to a good many exhibitors and, buy and large, they are happy about the Fair and intend to return next year. But there are those whose goods are priced out of line and they are not able to sell them. I understand that that is true of a few English firms."

"The real test of the Fair will come next year when we see how many exhibitors of this year will pay the fees for privilege of exhibiting next year. All the information we have now is that the Fair next year will be even more successful."

Without committing himself whether or not the Fair will be an annual affair, Mr. Howe stated Canada is going to hold the Fair next year anyway.

NO MINISTER

It is evident now that the Canadian Government is not considering to name a special Minister for tourist traffic. "I do not think the Government ever considered appointing a Minister for Tourist Traffic," said a spokesman for the Government.

HOUSING PROBLEM FOR M.P.'S

"The hon. gentleman says that when he comes from afar to Ottawa he has trouble in finding a flat or an apartment or a house," declared Public Works Minister, Fournier, in the House of Commons. "That condition exists all over the country, not only for Members of Parliament. There are a lot of other people who complain and perhaps with reason."

PRICES TO BE BOOSTED

The rising cost-of-living in this country may move up again, it is learned here, as a result of anticipated jump in the price to be paid by the Special Products Board of the Agriculture Department to producers, effective July 1st, for eggs. Though the Board buys only for export yet the export price governs the domestic price. In addition, about the same time housewives across Canada may be paying more for beef because not only is there a seasonal shortage under the belief that the embargo on shipping cattle to U.S. would be lifted so that a much higher price may be obtained as a result or the prices now set by the British food contract price for meat.

SAID IN THE CAPITAL

"While inflation may be bad and takes time to control, it should never be forgotten that there is one thing worse than inflation and that is depression," said Premier King here.

"With our present tax burden, we are playing into the hands of those who would like to make this a dictatorial state," Senator John T. Haig told Senate.

"We, your neighbours, are not jealous of your industrial expansion, your power of place and influence in world

affairs," remarked Col. H. M. Bankhead, retiring Commercial Attache of the U.S. Embassy here, having served 27 years in Canada.

"The problem of homes for the working men comes up time and time again, but surely they are entitled to adequate housing," emphasized the distinguished Canadian architect, A. J. Hazelgrove, in an address here urging low rental homes.

"We do not talk about, brag about or appreciate this land which is the finest piece of real estate in the world," commented the Director of the Canadian Travel Bureau, D. Leo Dolan, stressing Canada's value as a nation.

"We could begin with a union catalogue of all the collections of books across Canada and ascertain where they are situated," said the newly elected president of the Canadian Library Association, Miss Elizabeth Dafoe, discussing the setting up on a national library for all Canada.

WEEKLY WIND-UP

If the postal rates were reduced by one cent in Canada the loss of revenue would be from \$11,000,000 to \$14,000,000 annually it is reported here, though it is known that postal rate cuts are favored by a great many Canadians now.

Divorce is more to be feared than other current evils which are more publicized in Canada at the moment

and a demand has been made in the House of Commons that the Government should strive through education to discourage divorces.

Civil servants in this capital are really angry over a personnel questionnaire which some of them are being requested to fill out in triplicate forms, asking for information about the present employment of their relatives and all sorts of details which appear entirely unrelated to their jobs.

A newly installed cooling system for the House of Commons provides rather comfortable temperatures even when the thermometer outside reads high figures, emphasizing that the House could sit readily in hot weather now if necessary.

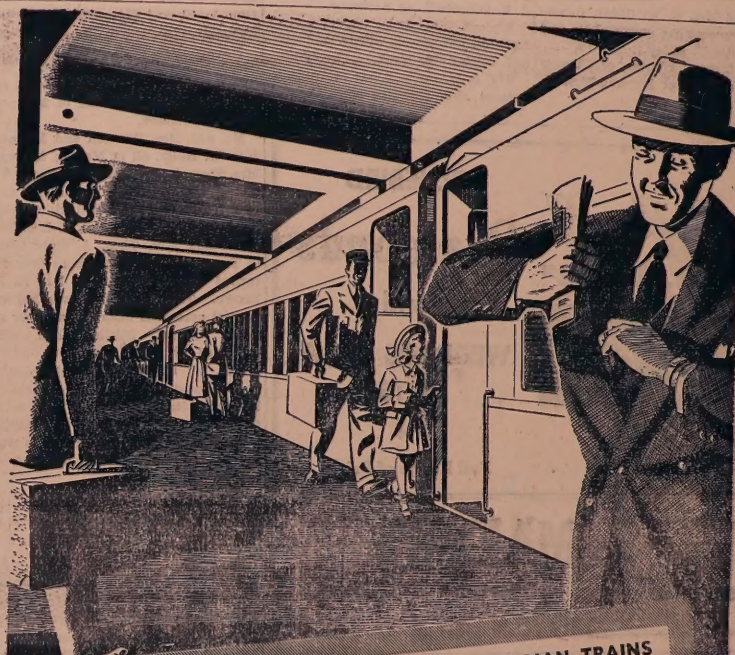

Working nights and overtime pay, the staff of the Canadian Pensions Commission here will enable war pensioners to get quickly some 200,000 cheques with a total value of \$12,000,000 to \$15,000,000 involved in the 25% increase granted in veterans' pensions.

Sharp criticism of the Patent and Copyright Office here is whispered and the operations of this branch are far from satisfactory, though this has been the situation for a long time without anything being done about it.

Many British firms are anxious to set up plants in Canada, it is reported here, but the main obstacle is that the British Government would not allow them to take capital out of their coun-

try for this purpose unless there was a return of their money within a limited time.

Educational films as well as books will become essential parts of libraries in the near future in this country, judging from a conference in this capital of many librarians across Canada.

FROM THE "BLUE BOOK" OF FAMOUS CANADIAN TRAINS

THE Inter-City LIMITED

The "Blue Book" — your Canadian National Time Table — guide to Everywhere in Canada.

Day in, day out, for more than twenty years, The Inter-City Limited has been providing regular, dependable service on its 'through' main line route . . . between the great industrial cities of Montreal, Toronto*, Hamilton, London, Windsor, Detroit, Chicago. Over the years, the flow of travel between these busy and important centres . . . travel for business . . . vacation and pleasure travel . . . has moved in growing volume on this popular International train. It's the pleasant way to 'go places', because a wide range of sleeping accommodations, comfortable modern coaches, lounge cars and dining car service provide all the facilities to make your journey enjoyable. And it's the smooth, fast way to go . . . a perfect roadbed . . . easy curves, long "straight-aways" . . . double track all the way between Montreal and Chicago. Next time travel on the famous Inter-City Limited. You'll ride well, sleep well, arrive refreshed.

* Pool service Montreal — Toronto only.

Local Happenings of Interest About Town

Miss Marion Gravers, of Toronto, spent the week-end at her home here.

Mrs. Wm. Desjardins spent the week-end with her parents in Port Hope.

Mr. and Mrs. R. W. Gittus, Gananoque, were week-end guests of Mr. and Mrs. Walter T. Elliott.

Miss Margaret O'Brien, of Chester-

ville, is a guest of Mr. and Mrs. E. Gorman.

Mr. and Mrs. X. P. Mayhew and family spent Sunday with relatives in Whitby.

J. R. O'Donnell, of New York, was a guest of his parents, Mr. and Mrs. J. E. O'Donnell, on Saturday.

Mr. and Mrs. S. D. Goodridge, of Napanee, are guests of Mr. and Mrs. C. I. Hatton this week.

Mrs. A. N. Dodwell has returned to Oshawa after spending some time at

the home of her daughter, Mrs. Arthur Rodgers and Mr. Rodgers.

Mr. James H. O'Donnell, of Peterborough, spent the week-end with his brother, Mr. J. E. O'Donnell, and Mrs. O'Donnell.

Mrs. C. F. Linn returned home on Friday after spending three weeks with Mr. and Mrs. J. B. Hough, at Onemee.

Mr. and Mrs. Arthur Gordanier and Mr. and Mrs. Louis Rodgers attended the funeral of the late Mrs. Henry Farrell, in Trenton, on Saturday.

Mr. and Mrs. Charlie Vance and Mr. and Mrs. W. W. Thompson were recent guests of Mr. and Mrs. Arthur Rodgers and family.

Mrs. Robt. Gray and Mr. John Thompson, both of Peterborough, were week-end visitors of Rev. and Mrs. W. H. V. Walker.

Mr. and Mrs. Harry McCutcheon and Nancy, of Saginaw, Mich., are visiting with Mrs. Archie McGee and other relatives.

Mr. and Mrs. Lorne Coulter, Weston, were week-end guests of Mr. and Mrs. Clarence Chard. Mr. Coulter is a former station agent here.

Miss I. Nicholson, Milan, Quebec, Secretary-Treasurer of the McFarlane Woodenware Co., Belleville, was a week-end guest of Mr. and Mrs. C. T. Munton and Arline.

Mr. and Mrs. H. R. Tompkins spent the week-end in Toronto, and were guests at the Rowe-Thompkins wedding in Rogers Memorial Church on Saturday.

Mr. and Mrs. Wm. Nottall, of Peterborough, Mrs. Helen Brown and Mr. Thornton Brown, of Belleville, were recent guests at the home of Mr. and Mrs. C. T. Munton.

Mr. and Mrs. Bronson and Mr. and Mrs. W. Hulin, all of Madoc; Mr. and Mrs. Herb Radner, of Crookston; Mr. and Mrs. Geo. Mason, Frankford, and Mrs. Irene Moyne, of Belleville, spent Sunday with Mr. and Mrs. P. Bronson.

Mr. and Mrs. Thos. A. Kerr were in Toronto on Monday where they attended the funeral of the late A. S. Brown. The late Mr. Brown has on several occasions been the speaker at Grace Chapel, Stirling, and was esteemed by all.

Rev. W. H. V. Walker attended a special meeting of Presbytery held in Belleville last Tuesday to deal with the resignation of Rev. J. A. MacMillan, of Foxboro. The resignation was accepted to take effect the end of August.

Entered Into Rest

MRS. HENRY FARRELL

Stirling and district friends learned with regret of the death of Mrs. Henry Farrell, a her home in Trenton, on Wednesday, June 16th, after being in failing health for the past three years.

Born in Sidney Township the late Mrs. Farrell was in her 54th year, and was a daughter of the late Mr. and Mrs. John B. Weaver. For the past seven years she made her home in Trenton and prior to that time she lived on the 1st Concession of Rawdon Township, four miles west of Stirling. She was an active member of Grace United Church in Trenton, and prior to moving to Trenton she was a member of Carmel United Church and was a past president of the Woman's Auxiliary. Fraternally she was a past Noble Grand of Laurel Rebekah Lodge No. 211, of Stirling, and in Trenton she was associated with Quinte Queen Rebekah Lodge No. 135. She was also a Past Deputy President of District No. 30.

Surviving her are her husband; one daughter, Mrs. Louise Pitman, of Toronto; one son, Robert Farrell, Trenton; one sister, Mrs. Louise Anderson, Sidney Township, near Stirling. She was predeceased by six brothers and four sisters.

The funeral was held on Saturday afternoon from her late residence, Trenton, to Grace United Church, where service was conducted by the Rev. G. A. Puttenham, assisted by the Rev. Everett Smith, Belleville. Members of Laurel Rebekah Lodge, No. 211, Stirling, attended in a body and performed the last rites of the Order at the graveside, with Noble Grand Edna Fox, Vice Grand Marion Heath and Hazel Mumby, officiating.

Interment took place at Stirling Cemetery. The bearers were Orson Sharp, E. Carlisle, Don Vandervoort, Wesley Farrell, Ormond Anderson and Elmer Weaver, all nephews of the deceased.

Hastings County Junior Farmer Field Day

Ball teams, comprised of only active Junior Farmer members for both boys and girls, will be allowed at the Annual Hastings County Junior Farmer Field Day at Stirling on Friday, July 23rd, commencing at 10 a.m.

At a meeting of the Hastings County Junior Farmer executive in the Department of Agriculture Office, the

PHONE 544 STIRLING

Stirling, on Wednesday, June 16th, it was unanimously decided that the ball teams this year, both boys and girls, must not only be Junior Farmer members but must have attended a number of meetings recently before they are eligible to play. The reasons for this are two-fold, the first being that according to the rules for the Quinte District Field Day, which is to be held at the Ontario School for the Deaf, Belleville, on July 30th, the ruling there definitely states that no one will be allowed to play ball unless they have been in attendance at the recent Junior Farmer meetings; the second reason is that those who are in charge feel that it is not fair to active members that they should sit on the sidelines while someone who has not been at a Junior Farmer meeting represents them. There is a possibility that the brand of ball may not be quite as high but everyone feels that an enjoyable day will be had by all.

The same rules will apply to those taking part in the sports events, namely: for the girls, 75 yard dash, broad jump, high jump, and throwing the ball; for the boys: 220 yard dash, broad jump, high jump and shot put.

It was decided by the clubs represented that membership cards should be issued by the County Association and that in case of dispute over membership the member be asked to present his membership card.

The evening's program, after the field day will consist of a dance which in all probabilities will be held at the Fair Grounds.

Native of Wellmans Celebrates Golden Anniversary

(continued from page one)

en's organizations and Mr. Mack has been called upon to serve also as chairman of Presbytery, and to represent High River at Dominion and provincial church gatherings. He maintains his active interest in Rotary and other organizations and he may even be playing ball for Rotarians this summer with the enthusiasm that he gives to league bowling. He was a charter member of Rotary and probably tops all membership for regularity of attendance.

Though Mr. and Mrs. Mack have withdrawn from some of the activities which marked their younger years, they still loyally maintain an amazing number of interests and connections. Their home is always a happy and hospitable centre, and the general well-being that prevailed on the occasion of their golden wedding anniversary promises to continue for many years to come.

Members of their family are their sons Ted, of Claresholm, Alta., and Harry, of Trail, B.C. They have lost two sons William and Earl, and one daughter, Leah.

DON'T BE CAUGHT WITHOUT THE THRESHING MACHINE
